Financial Accounting - II, 4e Prentice Hall

'Financial Accounting-II' has been designed in accordance with the CBCS syllabus of 2017-18 as prescribed by University of Calcutta for the third semester students of B.Com Honours and General courses. In addition to Calcutta University B.Com students, the book will be equally effective for other allied universities of Eastern India- The University of Burdwan, West Bengal State Universities and other universities that have adopted CBCS in accordance to UGC norms. It presents the core concepts of partnership accounts and special purpose accounts (Department, Branch, Hire Purchase, Investment Accounting, etc.) in a lucid and easy-to-understand manner. The book has been revised in light of the implications of the latest Accounting Standards and guidelines issued by ICAI.

Modern Cost and Management Accounting
Tata McGraw-Hill Education

Simon J. James examines how Gissing's work

reveals an unhappy accommodation with money's underwriting of human existence and culture, and how daily life in all its forms - moral, intellectual, familial and erotic - is transcended or made irrelevant by its commodification.

Text, Problems and Cases, 8e McGraw-Hill Education

Cost and Management Accounting-I' is designed in accordance with the latest CBCS syllabus as prescribed by the University of Calcutta and other major universities of Eastern India. It is primarily intended for Semester II of B.Com curriculum, besides being equally useful for the students of professional courses. The book presents the core concepts of accounting in a lucid and easy-to-understand language. It provides a right blend of theory and application to lay a solid foundation for the advanced aspects of Cost and Management Accounting, not only for higher studies but also for corporate requirements. Emphasis on the explanation of Cost Accounting Standards and guidelines with comprehensive examples. Special focus on topics related to Employee Cost and

Incentive Systems (Labour Costs), Accounting for Materials and Accounting for Overheads. Chapter-wise segregation of questions from last 10 years' (2008-17) question papers of the University of Calcutta—for general and honours courses.

Get where you need to be with CORNERSTONES OF FINANCIAL ACCOUNTING. Cornerstones delivers a truly unique learning system that is integrated through the entire introductory managerial accounting journey — ensuring students will leave the course with the knowledge they need to be future business leaders. Students are guided through: Building A Strong Foundation: Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique Cornerstones approach gets them through the fundamentals FASTER so that they can transition to analyzing and applying concepts. Understanding Relationships: Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how

the numbers affect each other. CORNERSTONES aids students in this step as an important part in training them to be good decision makers. Making Decisions: Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn.

Instructors love it because it gets students to master the foundations more quickly and allows more time to learn and apply the analysis and decision making of accounting. Get There with Cornerstones! Available with InfoTrac Student Collections <http://gocengage.com/info trac>. Text and Cases McGraw-Hill Education

Accounting: Text & Cases, by Anthony, Hawkins, and Merchant covers both financial and managerial

accounting as well as broader managerial issues. Chapters 1 -14 cover financial accounting, while Chapters 15-21 cover management accounting, and Chapters 22-28 focus on broader issues of control and corporate strategy. The approximately 120 cases that make up most of the end of chapter material are a combination of classic Harvard style cases and extended problems, with 10 completely new cases added to the 13th edition.

Accounting: Text and Cases is a product of lifelong dedication to the discipline of accounting, and users of the book benefit from a breadth of experience that is sure to enrich your course and your students.

Financial Accounting Pearson Education India

In this book we have discussed all relevant Accounting Standards in details with proper examples. In the 'Branch Accounting' chapter, the treatment of foreign exchange loss/gain has been incorporated as per latest Accounting Standard. In this edition, we have incorporated various suggestions provided by the students and the subject experts

from all over the country. After teaching financial accounting to various professional, undergraduate and postgraduate classes for the past three decades, we are convinced that there is a need for a book with balanced text and problems. Multiple-choice questions have been included at the end of each chapter to help students test conceptual clarity. In addition, scores of unsolved problems have been provided, with guide to answers.
