If history is what legitimizes Christian traditions, then Celtic Christian Spirituality has much to contribute to today's world. Reclaiming this ancient wisdom provides possibilities to enrich and challenge our lives regardless of time and place differences. Can you imagine a law being developed to protect the innocents in times of warfare, and signed by all the nations' leaders? Is it possible to live without jails, choosing instead to have transforming justice leading to reconciliation and healthy community life? Is wrongdoing an evil to be punished or a weakness which could be healed? Do Celtic saints have anything to offer us that might enrich our lives if we reclaim this ancient heritage? Was Pelagius a fearsome heretic or a great Celtic theologian? Is the hospitality being showed around the world today to strangers in shocking grief situations with offerings of flowers and prayers a continuation or retrieval of the Celtic understanding of hospitality? Is it conceivable that the diversity offered through reclaiming our ancient heritage has simply been long forgotten - or has it been deliberately cast aside? This book discusses the ways the ancient Celts provided a beacon of light celebrating the sacredness of all creation and of their ordinary everyday living during the so-called European 'Dark Ages', bequeathing a heritage which we can reconstruct today. Reclaiming our Ancient Heritage investigates all these themes - and much more.

The following year, the fury of the sun turns back Time for everyone in the world. On PF (Power Failure) Day, a huge electromagnetic surge from the sun destroys the power grids and civilization as we know it. Living in the middle of downtown Kansas City makes survival nearly impossible. Starvation, dehydration, disease, freezing temperatures, and out-of-control fires imperil the desperate population. After facing unimaginable losses, Ben finds hope for the future when he meets Sara, who has endured her own share of agonizing loss. But when a murderous gang threatens to take away everything Ben has left, they flee to a wilderness area of a large city park where they learn to live off the land for survival.

This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

The book - "Just for Today - the Life and Times of Jean-Marie Seroney" by Godfrey Sang concerns a Kenyan politician, Jean-Marie Seroney, who played a significant role in the movement for Independence in Kenya, and in politics during the first Kenyatta and Moi eras. Seroney died in 1982, and is

almost forgotten - or at least ignored - in present Kenya. He is not alone: a question still begging, despite the introduction of Mashujaa Day, is who are genuinely the great people of Kenya's last 50-odd years. To remember them is not to hero-worship them: all heroes have flaws. The point is simply to recognise objectively those who have contributed to Kenya's distinctive political, social and other traditions. It was that ignorance that led Godfrey Sang to turn his hand to this history. He had heard of this great figure, Seroney, from a very elderly neighbour. To find out more, he researched the life and times of Seroney. Mr Sang has placed him in an important historical context, as a great Nandi hero and as a member of that generation that argued for Independence and negotiated hard over its future Constitution. He explains the ups and downs of a volatile, unlucky and sometimes unwise politician. Through the whole story comes Seroney's attachment to scholarship, the law, the Rule of Law, due process and constitutionality. He was an uncomfortable pebble in the shoes of all Kenya's political leaders, a reminder of the promises they seemed to prefer to forget as they walked to power. He was a living demonstration of the lengths to which the powerful would go to suppress dissidents. In all this, the question the perceptive reader will want to decide is whether Seroney was a great local boy from Tinderet, to be celebrated as such; or whether he transcended his regional and ethnic origins and became a national figure, whose achievements and failures can be assessed and valued by all Kenyans."
