\*\*\*\* an extraordinary spiritual gift, which I wish to pass on to those who are awakening. -- From the Preface *Experience Divine Power to Heal You, Animals, and Nature, and to Transform All Life* BenBella Books, Inc.

Designed to help sensitive souls intentionally align with the callings of their higher self, *Soul Communication* is a guide to becoming the creator of one's unique path of abundance. Shaped by a story of the cyclic nature of death and rebirth through an astrological metaphor, the journey includes twelve powerful exercises of intentional soul work, used for transcending darkness to light and fear to love, in all areas of life. Western medicine call it 'mental illness'. Shamanic traditions call it 'spiritual emergence'. I call it 'rebirth'. Rebirth does not have to be painful, but rather, enables you to release old patterns that no longer serve your highest good, so that you can receive the new. Rebirth does not have to create suffering, but rather, empowers you to heal and free yourself from limiting belief systems. Rebirth does not have to be resisted, but rather, awakens you to the beauty and liberation of limitless possibility. Rebirthing the soul is a natural process of evolution and is often mistaken as a problem, but *Soul Communication* transcends this stigma, reflecting the exact reason why humanity must surrender to rebirth. When you align with the language of your soul, you become the creator of your own life.

Trained as both a medical doctor and a practitioner of traditional Chinese medicine, Dr Sha takes integrative medicine to a whole new and exciting level that goes beyond mind over matter, emphasizing soul over matter. *The Secret Language of Spirit* is the culmination of award-winning author and psychic medium William Stillman's wisdom and insights in a fascinating exploration of the sometimes blatant, sometimes hidden spiritual symbolism in our everyday lives. With accessible language, easy-to-understand explanations, and fascinating anecdotes, Stillman introduces to the open-minded layperson an alternate lens through which to view daily interactions with Spirit. Topics unique to this compelling new work

include: A thorough explanation of Heaven's inner workings. Recognizing Spirit-speak—the silent but ever-present signs and signals that surround us. Decoding symbolic patterns found in nature, dreams, our names, and the manifestation of “threes.” Associative links in memory that correlate spiritually to music and scents. Stillman's most powerful observations may be found in the chapter that correlates spiritual sensitivity with persons with autism, mental illness, and dementia—individuals whose “gibberish” is often dismissed as pathology but may actually provide glimpses into another realm. The Secret Language of Spirit concludes with an empowering chapter that addresses the concepts of abundance and achieving authenticity with Love's Foot Rule—12 fundamental tenets. Stillman also introduces the principles of passion, pursuit, and prosperity, and how to manifest them in concert with Spirit.

An examination of our consciousness's ability to pass between dimensions, both in life and after death, and how to communicate with spirits • Reveals that all beings exist simultaneously in the material dimension and in the soul hyperdimension and that our consciousness transcends death • Provides evidence that the deceased keep in contact with their loved ones and are able to visit them as apparitions, give them advice, and protect them • Offers rigorous scientific analysis of paranormal occurrences, including evidence of life after death, house spirits, near-death and out-of-body experiences, and communication with the souls of the deceased In this exploration of consciousness, after-death communication, and the validity of near-death and out-of-body experiences, Chris H. Hardy, Ph.D., a former researcher at

Princeton's Psychophysical Research Laboratories, reveals that all beings exist simultaneously in the material dimension and in the soul hyperdimension. During life, we can access the soul hyperdimension through heightened states of consciousness and dreams. After death, we cease to physically exist, but our consciousness continues on in the hyperdimension as a living soul, a complete personality able to perceive and even affect the material world. Through rigorous scientific analysis of psi experiences and surveys, the author shows that the deceased keep contact with the living by visiting them as apparitions, protecting them from harm, and even interceding to solve family problems or resolve their own unfinished business. She details her own psi and spiritual experiences, such as interactions with a house spirit, clairvoyance in lucid dreams, and her decades of communication with the souls of the deceased, including her own parents and scientific geniuses, and provides empirical evidence to support their reality. Moreover, Hardy offers tested methods for gaining access to the soul dimension and explores what can be accomplished there, including communicating with those who exist beyond our own matter world. Sharing her breakthrough understanding of the soul dimension as a hyperdimension pervading the universe, where our consciousness lives on after physical death, Hardy shows that we are all transdimensional beings and that the living souls of the spirit dimension welcome our interaction.
