HINTON HARDY

Bitterly Divided Cambridge University Press

'From the first shot fired at Fort Sumter on April 12, 1861, to the last shot fired at Appomattox, food played a crucial role in the Civil War. In *Starving the South*, culinary historian Andrew Smith takes a fascinating gastronomical look at the war and its aftermath. At the time, the North mobilized its agricultural resources, fed its civilians and military, and still had massive amounts of food to export to Europe. The South did not; while people starved, the morale of their soldiers waned and desertions from the Army of the Confederacy increased....' (Book Jacket)

The Divided Family in Civil War America BoD - Books on Demand

The Civil War has long been described as a war pitting "brother against brother." The divided family is an enduring metaphor for the divided nation, but it also accurately reflects the reality of America's bloodiest war. Connecting the metaphor to the real experiences of families whose households were split by conflicting opinions about the war, Amy Murrell Taylor provides a social and cultural history of the divided family in Civil War America. In hundreds of border state households, brothers--and sisters--really did fight one another, while fathers and sons argued over secession and husbands and wives struggled with opposing national loyalties. Even enslaved men and women found themselves divided over how to respond to the war. Taylor studies letters, diaries, newspapers, and government documents to understand how families coped with the unprecedented intrusion of war into their private lives. Family divisions inflamed the national crisis while simultaneously embodying it on a small scale--something noticed by writers of popular fiction and political rhetoric, who drew explicit connections between the ordeal of divided families and that of the nation. Weaving together an analysis of this popular imagery with the experiences of real families, Taylor demonstrates how the effects of the Civil War went far beyond the battlefield to penetrate many facets of everyday life.

Robert E. Lee and the Fall of the Confederacy, 1863-1865 Liveright Publishing

In this reexamination of the last two years of Lee's storied military career, Ethan S. Rafuse offers a clear, informative, and insightful account of Lee's ultimately unsuccessful struggle to defend the Confederacy against a relentless and determined foe. This book provides a comprehensive, yet concise and entertaining narrative of the battles and campaigns that highlighted this phase of the war and analyzes the battles and Lee's generalship in the context of the steady deterioration of the Confederacy's prospects for victory.

The Union Divided History Press Library Editions

The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as "a new birth of freedom" that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Soldiering for Freedom W. W. Norton & Company

In conjunction with a ten-year exhibit at the Chicago Historical Society, beginning January 1990.

The Civil War in the Trans-Mississippi Theater, 1861-1865 Univ of North Carolina Press

Reprint of the original, first published in 1859. The publishing house Anapitosi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

1863 Tempus Publishing, Limited

The Vicksburg Campaign, November 1862-July 1863 continues the series of campaign brochures commemorating our national sacrifices during the American Civil War. Author Christopher R. Gabel examines the operations for the control of Vicksburg, Mississippi. President Abraham Lincoln called Vicksburg "the key," and indeed it was as control of the Mississippi River depended entirely on the taking of this Confederate stronghold.

Vicksburg, 1863 Createspace Independent Publishing Platform

The little-known history of anti-secession Southerners: "Absolutely essential Civil War reading."

—Booklist, starred review *Bitterly Divided* reveals that the South was in fact fighting two civil wars—the external one that we know so much about, and an internal one about which there is scant literature and virtually no public awareness. In this fascinating look at a hidden side of the South's history, David Williams shows the powerful and little-understood impact of the thousands of draft resisters, Southern Unionists, fugitive slaves, and other Southerners who opposed the Confederate cause. "This fast-paced book will be a revelation even to professional historians. . . . His astonishing story details the deep, often murderous divisions in Southern society. Southerners took up arms against each other, engaged in massacres, guerrilla warfare, vigilante justice and lynchings, and deserted in droves from the Confederate army. . . . Some counties and regions even seceded from the secessionists. . . . With this book, the history of the Civil War will never be the same again."

—Publishers Weekly, starred review "Most Southerners looked on the conflict with the North as 'a rich man's war and a poor man's fight,' especially because owners of 20 or more slaves and all planters and public officials were exempt from military service. . . . The Confederacy lost, it seems, because it was precisely the kind of house divided against itself that Lincoln famously said could not stand." —Booklist, starred review

The Chancellorsville Campaign Vintage

Within two months of Confederate General Robert E. Lee's surrender at Appomattox Court House on 9 April 1865, the Confederacy had collapsed, and its armed forces had ceased to exist. In the spring of 1865, the U.S. Army faced the unprecedented task of occupying eleven conquered Southern states and administering "Reconstruction"—the process by which the former rebellious states would be restored to the Union. But a rapid demobilization of the Army placed the remaining occupation troops at a disadvantage almost from the start. This brochure traces the Army's law enforcement, stability, and peacekeeping roles in the South from May 1865 to the end of Reconstruction in 1877, marking a unique period in American history. During that time, the Southern states remained under

military occupation, and for several years, they were also ruled by military government. Veteran Army commanders such as Philip H. Sheridan, John M. Schofield, Daniel E. Sickles, Edward R. S. Canby, and Winfield S. Hancock may have found the work of Reconstruction less dangerous than fighting the Civil War had been, but they also found it no less challenging.

With Malice Toward None JHU Press

Includes over 30 maps and Illustrations The Staff Ride Handbook for the Vicksburg Campaign, December 1862-July 1863, provides a systematic approach to the analysis of this key Civil War campaign. Part I describes the organization of the Union and Confederate Armies, detailing their weapons, tactics, and logistical, engineer, communications, and medical support. It also includes a description of the U.S. Navy elements that featured so prominently in the campaign. Part II consists of a campaign overview that establishes the context for the individual actions to be studied in the field. Part III consists of a suggested itinerary of sites to visit in order to obtain a concrete view of the campaign in its several phases. For each site, or "stand," there is a set of travel directions, a discussion of the action that occurred there, and vignettes by participants in the campaign that further explain the action and which also allow the student to sense the human "face of battle." Part IV provides practical information on conducting a Staff Ride in the Vicksburg area, including sources of assistance and logistical considerations. Appendix A outlines the order of battle for the significant actions in the campaign. Appendix B provides biographical sketches of key participants. Appendix C provides an overview of Medal of Honor conferral in the campaign. An annotated bibliography suggests sources for preliminary study.

The Cause of All Nations Bantam

Printed in color. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

A World on Fire Harper Collins

NEW YORK TIMES BESTSELLER 10 BEST BOOKS • THE NEW YORK TIMES BOOK REVIEW • 2011 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • The New Yorker • Chicago Tribune • The Economist • Nancy Pearl, NPR • Bloomberg.com • Library Journal • Publishers Weekly

In this brilliant narrative, Amanda Foreman tells the fascinating story of the American Civil War—and the major role played by Britain and its citizens in that epic struggle. Between 1861 and 1865, thousands of British citizens volunteered for service on both sides of the Civil War. From the first cannon blasts on Fort Sumter to Lee's surrender at Appomattox, they served as officers and infantrymen, sailors and nurses, blockade runners and spies. Through personal letters, diaries, and journals, Foreman introduces characters both humble and grand, while crafting a panoramic yet intimate view of the war on the front lines, in the prison camps, and in the great cities of both the Union and the Confederacy. In the drawing rooms of London and the offices of Washington, on muddy fields and aboard packed ships, Foreman reveals the decisions made, the beliefs held and contested, and the personal triumphs and sacrifices that ultimately led to the reunification of America. "Engrossing . . . a sprawling drama."—The Washington Post "Eye-opening . . . immensely ambitious and immensely accomplished."—The New Yorker WINNER OF THE FLETCHER PRATT AWARD FOR CIVIL WAR HISTORY

The Divided Union W. W. Norton & Company

The definitive life of Abraham Lincoln, *With Malice Toward None* is historian Stephen B. Oates's acclaimed and enthralling portrait of America's greatest leader. Oates masterfully charts, with the pacing of a novel, Lincoln's rise from bitter poverty in America's midwestern frontier to become a self-made success in business, law, and regional politics. The second half of the book examines his legendary leadership on the national stage as president during one of the country's most tumultuous and bloody periods, the Civil War years, which concluded tragically with Lincoln's assassination. In this award-winning biography, Lincoln steps forward out of the shadow of myth as a recognizable, fully drawn American whose remarkable life continues to inspire and inform us today.

Encyclopedia of American History Oxford University Press

This study assesses the extent to which African decolonization resulted from deliberate imperial policy, from the pressures of African nationalism, or from an international situation transformed by superpower rivalries. It analyzes what powers were transferred and to whom they were given. Pan-Africanism is seen not only in its own right but as indicating the transformation of expectations when the new rulers, who had endorsed its geopolitical logic before taking power, settled into the routines of government.

The Union Divided Pickle Partners Publishing

The *Divided Union* is an account of five of the most dramatic and tragic years in the history of the United States of America. The fledgling superpower pitted families and neighbours against each other in a war concerned with the most fundamental of human motivations: freedom, identity and nation. While great leaders like Abraham Lincoln and Ulysses S. Grant found their moment, millions of ordinary Americans suffered terribly, and more were killed than during the First and Second World Wars combined. The victory of the North determined the indivisibility of the Union and ensured its development as a nation, yet deep scars remained, and the ideals outlined by Lincoln in the Gettysburg Address failed to become a blueprint for the modern USA. This is an accessible and compelling account both of the conflict itself and of its wider implications.

The Divided Union Harvard University Press

In 1863, Union soldiers from Illinois threatened to march from the battlefield to their state capital. Springfield had not been seized by the Rebels—but the state government was in danger of being captured by the Democrats. In *The Union Divided*, Pulitzer Prize-winning historian Mark E. Neely, Jr., vividly recounts the surprising story of political conflict in the North during the Civil War. Examining party conflict as viewed through the lens of the developing war, the excesses of party patronage, the impact of wartime elections, the highly partisan press, and the role of the loyal opposition, Neely deftly dismantles the argument long established in Civil War scholarship that the survival of the party system in the North contributed to its victory. The many positive effects attributed to the party system were in fact the result of the fundamental operation of the Constitution, in particular a four-year president who was commander in chief. In several ways, the party system actually undermined the Northern war effort; Americans uneasy about normal party operations in the abnormal circumstances of civil war saw near-treason in the loyal opposition. Engagingly written and brilliantly argued, *The Union Divided* is an insightful and original contribution to Civil War studies and

American political history.

The Army and Reconstruction, 1865-1877 History Press

Demonstrates the crucial role that the Constitution played in the coming of the Civil War.

The Vicksburg Campaign Basic Books

Using only the portions relating to the Civil War years and omitting those about the Reconstruction era, the author has revised the original work in the light of contemporary scholarship.

Jews and the Civil War Random House Trade Paperbacks

"An erotic scandal chronicle so popular it became a byword... Expertly tailored for contemporary readers. It combines scurrilous attacks on the social and political celebrities of the day, disguised

just enough to exercise titillating speculation, with luscious erotic tales." —Belles Lettres This story concerns the return of to earth of the goddess of Justice, Astrea, to gather information about private and public behavior on the island of Atalantis. Manley drew on her experience as well as on an obsessive observation of her milieu to produce this fast paced narrative of political and erotic intrigue.

Starving the South Viking

Based upon years of teaching, the authors have produced an accessible, compelling and concise account of the five short years from 1861 to 1865 when the fledgling United States tore itself apart in a savage and unforgettable civil conflict.'
