Seven kids. Two worlds. After walking into a town of which there is no escape, all seven of them must work together to survive. Amongst the anger, love, fear, and hate, can they keep each other alive? Or will their differences slowly kill them until not a soul is left? This is the beginning of their story, possibly the end of their journey or it could be the start of a new place entirely. In the midst of the world we see everyday, there is a world entirely different and so much darker. A world where Lucifercians and Gabralians collide.

In *What Excellent Community Colleges Do*, Joshua S. Wyner draws on the insights and evidence gained in administering the inaugural Aspen Prize for Community College Excellence. This book identifies four domains of excellence—degree completion, equity, student learning, and labor market success—and describes in rich detail the policies and practices that have allowed some community colleges to succeed in these domains. By starting with a holistic definition of excellence, measuring success against that definition, and then identifying practices and policies that align with high levels of student success, the author seeks to contribute to the growing body of knowledge about

improving student success in community colleges.
