ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life “As someone all too familiar with ‘hurry sickness,’ I desperately needed this book.”—Scott Harrison, New York Times best-selling author of *Thirst* “Who am I becoming?” That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren’t pretty. So he turned to a trusted mentor for guidance and heard these words: “Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life.” It wasn’t the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you’ll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

Most people consider life a battle, but it is not a battle, it is a game. It is a game, however, which cannot be played successfully without the knowledge of spiritual law, and the Old and the New

Testaments give the rules of the game with wonderful clearness. Jesus the Christ taught that it was a great game of Giving and Receiving. If we give hate, we will receive hate; if we give love, we will receive love; if we give criticism, we will receive criticism; if we lie we will be lied to; if we cheat we will be cheated. We are taught also, that the imaging faculty plays a leading part in the game of life. Keep thy heart (or imagination) with all diligence, for out of it are the issues of life." (Prov. 4:23.)

Many people today find that their prayers don't "work." And like a broken cell phone, DVD player, or TV remote, they throw prayer out as unnecessary "clutter" in their busy lives. Anne Graham Lotz has found that while prayer does work, sometimes the "pray-ers" don't. So she has turned to the prophet Daniel for help. The Daniel Prayer is born deep within your soul, erupts through your heart, and pours out on your lips, words created by and infused with the Spirit of God quivering with spiritual electricity. It's really not an everyday type of prayer. It's a prayer birthed under pressure. Heartache. Grief. Desperation. It can be triggered by a sudden revelation of hope. An answer to prayer, a promise freshly received, a miracle that lies just over the horizon. Join Anne in a thrilling discovery of prayer that really works. This book will help you pray effectively for your nation, for your families, and for yourself.

Simple and Powerful Truth to Help Jump Start Your Day Elisha Goodman

Nearly everything we do in life is the result of our habits. The good ones bring peace, joy and power into our lives, and the bad ones steal our peace and joy and prevent our success. In this book, Joyce Meyer explains how to develop good habits -- the things you really want to do -- and break the bad ones, putting an end to frustration, discouragement and stress that drains your energy. The most important habit comes first: the God habit. Next comes a willingness to work for the results you want. Joyce reminds us that, "if we don't pay the price for freedom, we will end up paying the price for bondage". Next comes the power of our words. Our words and the thoughts that propel them have tremendous power over our actions, and repeated actions are the basis of our habits. There are eleven more habits that Joyce discusses in depth, including the habits of happiness, faith, excellence, responsibility, generosity, discipline, decisiveness and confidence. "Choose one area and

begin," she urges. "Don't feel overwhelmed by all the changes that are needed. One thing at a time, one day at a time is the best plan. Celebrate every day of success, and when you make mistakes, shake off the disappointment and keep going forward." You can transform your life, one habit at a time.

Mind, Body, and Soul Elisha Goodman

Have you ever wanted to know what a person really thinks of you? Have you ever wondered why politicians, speakers and performers get everything they want? Are you tired of being made fun of by the first person who passes by because you are unable to read their intentions? If you ask yourself these questions, the answer is: *The Art of Analyze People with Dark Psychology*. This manual provides a cutting-edge distillation of the techniques developed over the centuries by politicians, advertisers, criminals and other masters of their own universe. When applied, they can help you analyse anyone. This will allow you to connect with any personality type you want, forging friendships and social bonds that will last a lifetime! With this collection 3 Books in 1 you will learn:

- ◆ **Dark Psychology** - can be seen as the study of the human condition, in relation to the psychological nature of the many different types of people who prey on others. The concept of prey does not always mean that an individual is harmed, but a branch of dark psychology is entirely devoted to this.
- ◆ **How to Analyze People** - The non-verbal component constitutes over 65% of overall communication. It is an indispensable skill in any situation or social class. As you have probably already experienced in life the risk of misinterpreting the body language of others, or of sending incorrect and incongruent messages, is very high and can cause a lot of misunderstanding. Unlike other books, this manual offers a practical and profound knowledge of non-verbal communication with a modern approach, free from the mania of wanting to 'scam' others and interpret everything simplistically.
- ◆ **Psychological warfare** - has existed since the beginning of time. Ancient documents such as *The Art of War* by Sun Tzu or historical people such as Alexander the Great, Genghis Khan and Niccolò Machiavelli are examples of people who understood the timelessness of military and psychological strategies. With the progress of time, up to the present day, the art of war has become increasingly subtle and difficult to identify. Like it or not, there will always be people out there who will try to hurt you or try to use you for their own pleasure or benefit. Reading people quickly, deciphering body language, detecting lies and understanding human nature is the best gift you can give yourself in order to improve any area of your life.
