Kmenta - Wikipedia Lorie Tarshis was a Canadian economist who taught mostly at Stanford University. He is credited with writing the first introductory textbook that brought Keynesian thinking into American university classrooms, the 1947 *Elements of Economics*. The work swiftly lost popularity after it was charged with excessive sympathy to communism by McCarthyist activists. Instead, the 1948 *Economics* by Paul Samuelson brought the Keynesian revolution to the United States. Lorie Tarshis - Wikipedia
