Ideas of separation and divorce—the geographical divides of borders, the separation of the dead and the living, the movement from childhood to adulthood, and the end of relationships—drive this poetry collection from one of Great Britain's rising young talents. The collection revolves around the poems "Y Gaer" and "The Hillfort," the titles themselves suggesting the linguistic divide in Wales, from poems concerned with childhood, a Welsh landscape, and family to an outward-looking vision that is both geographic and historic.

Historic Structures University of Texas

Press

In this first book-length study of Czech structuralism and semiotics in English, F. W. Galan explores one of the most important intellectual currents of the twentieth century, filling the gap between what has been written of the Russian formalism of the twenties and the French structuralism of the sixties and seventies. He records the evolution within the Prague Linguistic Circle of those theories which concern literature's change in time and the place of literature in society. In doing so, he reveals how the work of the Prague Linguistic Circle in the years 1928 to 1946 vindicate structuralism against its critics' charges that the structuralist approach—in linguistics, literary theory, film studies, and related fields—is inherently unhistorical. Overcoming this apparent methodological impasse was the main challenge confronted by the scholars of the Prague School—Roman Jakobson and Jan Mukarovsky, in

particular.

Indigenous Literature of Oceania: A Survey of Criticism and Interpretation Springer

Adrian Kelly shows that familiarity with the oral background of Homeric poetry is vital for a proper appreciation of Homeric narrative. He presents the kind of information a modern reader requires to become as fluent in traditional epic poetry as an original ancient audience.

Avant-Garde activism and Cold War Culture Routledge

Poetic Community examines the relationship between poetry and community formation in the decades after the Second World War. In four detailed case studies (of Black Mountain College in North Carolina, the Caribbean Artists Movement in London, the Women's Liberation Movement at sites throughout the US, and the Toronto Research Group in Canada) the book documents and compares a diverse group of social models, small press networks, and cultural coalitions informing literary practice during the Cold War era. Drawing on a wealth of unpublished archival materials, Stephen Voyle offers new and insightful comparative analysis of poets such as John Cage, Charles Olson, Adrienne Rich, Kamau Brathwaite, and bpNichol. In contrast with prevailing critical tendencies that read mid-century poetry in terms of expressive modes of individualism, Poetic Community demonstrates that the most important literary innovations of the post-war period were the results of intensive collaboration and social action opposing the Cold War's ideological enclosures.

Re-visioning the American Canon Simon and Schuster

William Evans, the award-winning poet and cofounder of the popular culture

website Black Nerd Problems, offers an emotionally vulnerable poetry collection exploring the themes of inheritances, dreams, and injuries that are passed down from one generation to the next and delving into the lived experience of a black man in the American suburbs today. In *We Inherit What the Fires Left*, award-winning poet William Evans embarks on a powerful new collection that explores the lived experience of race in the American suburbs and what dreams and injuries are passed from generation to generation. Fall under the spell of Evans's boldly intimate, wise, and emotionally candid voice in these urgent, electrifying poems. This eloquent collection explores not only what these inheritances are composed of, but what price the bearer must pay for such legacies, and the costly tolls exacted on both body and spirit. Evans writes searingly from the perspective of the marginalized, delivering an unflinching examination of what it is like to be a black man raising a daughter in predominantly white spaces, and the struggle to build a home and a future while carrying the weight of the past. However, in beautiful and quiet scenes of domesticity with his daughter or in thoughtful reflection within himself, Evans offers words of hope to readers, proving that resilience can ultimately bloom even in the face of prejudice. Readers of Ta-Nehisi Coates and Hanif Abdurraqib will find a brilliant, fresh new talent to add to their lists in William Evans.

Encyclopedia of the New York School Poets University of Pittsburgh Press

This Reader's Guide charts the reception history of Ted Hughes' poetry from his first to last published collection, culminating in posthumous tributes and

assessments of his lifetime achievement. Sandie Byrne explores the criticism relating to key issues such as nature, myth, the Laureateship, and Hughes' relationship with Sylvia Plath.

Nothing Ordinary Here Alice James Books

In the most comprehensive and up-to-date overview of the poetry published in Britain between the Restoration and the end of the eighteenth century, forty-four authorities from six countries survey the poetry of the age in all its richness and diversity—serious and satirical, public and private, by men and women, nobles and peasants, whether published in deluxe editions or sung on the streets. The contributors discuss poems in social contexts, poetic identities, poetic subjects, poetic form, poetic genres, poetic devices, and criticism. Even experts in eighteenth-century poetry will see familiar poems from new angles, and all readers will encounter poems they've never read before. The book is not a chronologically organized literary history, nor an encyclopaedia, nor a collection of thematically related essays; rather it is an attempt to provide a systematic overview of these poetic works, and to restore it to a position of centrality in modern criticism.

Luis Cernuda-a Study of the Poetry

Taylor & Francis

Each poem is a practice in feeling rapture, deeply observing the world, and then seeing otherwise.

Why Vergil? Cambridge University Press

In *Re-reading Poets*, Paul Kameen offers a deep reflection on the importance of poets and poetry to the reader. Through his historical, philosophical, scholarly, and personal commentary on select poems, Kameen reveals how these works have helped him form a personal connection to each individual poet. He

relates their profound impact not only on his own life spent reading, teaching, and writing poetry, but also their potential to influence the lives of readers at every level. In an examination of works by William Wordsworth, Samuel Taylor Coleridge, Walt Whitman, and others, Kameen seeks to sense each author's way of seeing, so that author and reader may meet in a middle ground outside of their own entities where life and art merge in deeply intimate ways. Kameen counters ideologies such as New Criticism and poststructuralism that marginalize the author, and instead focuses on the author as a vital presence in the interpretive process. He analyzes how readers look to the past via "tradition," conceptualizing history in ways that pre-process texts and make it difficult to connect directly to authors. In this vein, Kameen employs examples from T. S. Eliot, Martin Heidegger, and Mikhail Bakhtin. Kameen examines how people become poets and how that relates to the process of actually writing poems. He tells of his own evolution as a poet and argues for poetry as a means to an end beyond the poetic, rather than an end in itself. In *Re-reading Poets*, Kameen's goal is not to create a new dictum for teaching poetry, but rather to extend poetry's appeal to an audience far beyond academic walls.

A History of Manipulation through

Translation Princeton University Press

Poetry's relevancy as a tool for social and political change continues to be overlooked in a global context. Looking to writers as diverse as Derek Walcott, Paul Muldoon, and Daljit Nagra, Hena shows that poets throughout the world have reinvigorated older poetic traditions to address political realities and the sweeping pressures of modernity.

Poems Tamesis

An A-to-Z reference to writers of the New York School, including John Ashbery, who is often considered America's greatest living poet. Examines significant movements in literary history and its development through the years.

The Universal review; or, Chronicle of the literature of all nations Routledge

Oceania has a rich and growing literary tradition. The imaginative literature that emerged in the 1960s often reflected the forms and structures of European literature, though the ideas expressed were typically anticolonial. After three decades, the literature of Oceania has become much more complex, in terms of style as well as content; and authors write in a multiplicity of styles and voices. While the written literature of Oceania is continuously gaining more critical attention, questions about the imposition of European literary standards and values as a further extension of colonialism in the Pacific have become a central issue. This book is a detailed survey of the expanding amount of critical and interpretive material written about the imaginative literature of authors from Oceania. It focuses on commentary and scholarship concerned with the poetry, fiction, and drama written in English by indigenous peoples of the Pacific Islands, New Zealand, and Australia. The criticisms have appeared in academic books and journals since the mid-1960s. They have developed to the point at which critical issues, related to decolonization and the expression of ideas without having to first satisfy foreign expectations, often determine the direction of such discussions. Entries are grouped in topical chapters, and each entry includes an extensive annotation. An introductory essay summarizes the evolution of

Pacific literature.

Literary Form and Social Critique in Walcott, Muldoon, de Kok, and Nagra John Wiley & Sons

Written in a fine and lucid prose style, T. S. Eliot and American Poetry presents a critical study of Eliot's major poems as it examines what America means to its poets. Eliot's contribution to a poetic dialogue on this subject with Ralph Waldo Emerson, Edgar Allan Poe, Walt Whitman, Hart Crane, Robert Lowell, John Ashbery, and other literary figures plays a significant role in this groundbreaking study. Investigating Eliot's literary inheritance through his familial traditions, represented particularly by his mother, Charlotte Eliot, and in terms of the American Renaissance, Lee Oser addresses all phases of Eliot's career as a poet. Following an introduction that reevaluates the importance of Poe and Whitman for Eliot and modernism, the discussion proceeds from Eliot's reaction against the progressive ethos of late Puritan culture, to the appearance in his writing of numerous figures of exile and disinheritance as an expression of lost American patrimony, to his flight from the realm of history, and his eventual return to the spiritual and cultural traditions of New England. A final chapter weighs Eliot's impact on Robert Lowell, John Ashbery, and Elizabeth Bishop. Through its dialectical view of American literary and intellectual history, T. S. Eliot and American Poetry constructs a practical methodology for comparing Eliot with other American poets. Juxtaposing Eliot's poems, lectures, and essays (including generous excerpts from Eliot's uncollected prose) with landmark texts by Emerson, Poe, Whitman, and many others, Oser engages in a deeper analysis of Eliot's

Americanness than has hitherto been possible. In addressing Eliot's treatment of America as symbol and topos, the work presents a multifaceted chronicle of Eliot's development that enriches formalist and historicist approaches alike. T. S. Eliot and American Poetry makes numerous original contributions to the field of literary history. No previous work has so richly pursued Eliot's literary and familial inheritance, as well as his legacy to American poetry; the result is a highly nuanced perspective on contemporary debates about poetry, criticism, and culture.

An Introduction University of Toronto Press

Prose Poetry in Theory and Practice vigorously engages with the Why? and the How? of prose poetry, a form that is currently enjoying a surge in popularity. With contributions by both practitioners and academics, this volume seeks to explore how its distinctive properties guide both writer and reader, and to address why this form is so well suited to the early twenty-first century. With discussion of both classic and less well-known writers, the essays both illuminate prose poetry's distinctive features and explore how this "outsider" form can offer a unique way of viewing and describing the uncertainties and instabilities which shape our identities and our relationships with our surroundings in the early twenty-first century. Combining insights on the theory and practice of prose poetry, Prose Poetry in Theory and Practice offers a timely and valuable contribution to the development of the form, and its appreciation amongst practitioners and scholars alike. Largely approached from a practitioner perspective, this collection provides vivid snapshots of contemporary debates within the prose

poetry field while actively contributing to the poetics and craft of the form.

Multicultural Poetics Springer

An engaging and authoritative introduction to an increasingly important and popular literary genre Prose Poetry is the first book of its kind—an engaging and authoritative introduction to the history, development, and features of English-language prose poetry, an increasingly important and popular literary form that is still too little understood and appreciated. Poets and scholars Paul Hetherington and Cassandra Atherton introduce prose poetry's key characteristics, chart its evolution from the nineteenth century to the present, and discuss many historical and contemporary prose poems that both demonstrate their great diversity around the Anglophone world and show why they represent some of today's most inventive writing. A prose poem looks like prose but reads like poetry: it lacks the line breaks of other poetic forms but employs poetic techniques, such as internal rhyme, repetition, and compression. Prose Poetry explains how this form opens new spaces for writers to create riveting works that reshape the resources of prose while redefining the poetic. Discussing prose poetry's precursors, including William Wordsworth and Walt Whitman, and prose poets such as Charles Simic, Russell Edson, Lydia Davis, and Claudia Rankine, the book pays equal attention to male and female prose poets, documenting women's essential but frequently unacknowledged contributions to the genre. Revealing how prose poetry tests boundaries and challenges conventions to open up new imaginative vistas, this is an essential book for all readers, students, teachers, and writers of prose poetry.

"A poet to watch."—O Magazine "I tell the truth, but I try to be kind about it."—Camille Rankine in *12 Questions Named "a poet to watch"* by O Magazine, Camille Rankine's debut collection is a series of provocations and explorations. Rankine's short, lyric poems are sharp, agonized, and exquisite, exploring themes of doubt and identity. The collection's sense of continuity and coherence comes through recurring poem types, including "still lifes," "instructions," and "symptoms." From "Symptoms of Aftermath": ...When I am saved, a slim nurse leans out of the white light. I need to hear your voice, sweetheart. I see my escape. I walk into the water. The sky is blue like the ocean, which is blue like the sky. Camille Rankine is the author of the chapbook *Slow Dance with Trip Wire*, selected by Cornelius Eady for the Poetry Society of America's Chapbook Fellowship. The recipient of a 2010 "Discovery" / Boston Review Poetry Prize and a MacDowell fellowship, her poetry appears in Boston Review, Denver Quarterly, Tin House, and other publications. Currently, she is assistant director of the MFA program in creative writing at Manhattanville College and lives in Harlem.

This Companion covers American literary history from European colonization to the early republic. It provides a succinct introduction to the major themes and concepts in the field of early American literature, including new world migration, indigenous encounters, religious and secular histories, and the emergence of American literary genres. This book guides readers through important conceptual and theoretical issues, while also grounding these issues in close readings of key literary texts from early America.

Among Friends Springer

This book introduces lexomics, the use of computer-aided statistical analysis of vocabulary, to measure influence and integrate research from cognitive psychology and evolutionary biology with traditional, philological approaches to literature. Connecting the theory of tradition with the phenomenon of influence, Drout moves beyond current theories.
