young aspiring artist called Lydia who has, like him, come out of an unhappy marriage. Just as the lonely strangers' friendship begins to blossom into something deeper Usman has to return to Karachi, leaving Lydia behind. Two years later, Lydia impulsively abandons her life in London and boards a ship to Karachi, where the two are married. But as the years flit by Usman feels distanced

from his life and realises that he hasn't noticed the buds of the gulmohar tree unfurl. A beautiful account of a marriage that is in turns wry and unashamedly romantic. 'We are lucky to have Hussein among us, telling us stories as few can.' Amit Chaudhuri 'A lovely, strange, and very moving novel.' Ruth Padel 'At its heart it is a story of love, into which Hussein weaves all his remarkable

skills of storytelling.' Kamila Shamsie 'In his splendid, dreamy Another Gulmohar Tree, Hussein gives us an indelible sense of two worlds - Karachi and London - in miniature and the strong parable of a love story that endures over a lifetime.' Joseph Olshan

The neem tree, one of the most promising of all plants, may eventually benefit every person on the planet. Probably no other plant yields as many varied products or has as many exploitable by-products. Indeed, as foreseen by some scientists, this tree may usher in a new era in pest control; provide millions with inexpensive

medicines; cut the rate of population growth; and perhaps even reduce erosion, deforestation, and the excessive temperature of an overheated globe. On the other hand, although the enthusiasm may be justified, it is largely founded on exploratory investigations and empirical and anecdotal evidence. The purpose of this book is to marshal the various facts about this little-known

species, to help illuminate its future promise, and to speed realization of its potential.

Holmes makes a series of deductions concerning the owner of a tattered old hat recovered along with the goose and thus sets out on the trail of the audacious thief who stole the precious stone five days previously. **A Tree for Solving Global Problems** Orient Blackswan Skypath English Series Textbook
