If you’re reading this letter, that means I’m dead. The one bright spot in her life is watching baseball with her best friend, Hannah Dreyfus, and sneaking glances at Hannah’s handsome older brother, Max. But as the summer unfolds, more and more of Hitler’s hateful ideas cross the sea and “Swastika Clubs” and

“No Jews Allowed” signs spring up around Toronto, a city already simmering with mass unemployment, protests, and unrest. When tensions between the Irish and Jewish communities erupt in a riot one smouldering day in August, Molly and Max are caught in the middle, with devastating consequences for both their families. 1939 Six years later, the Depression has eased and Molly is a reporter at her local paper. But a new war is on the horizon, putting everyone she cares about most in peril. As letters trickle in from overseas, Molly is forced to confront what happened all those years ago, but is it too late to make things right? From the desperate streets of Toronto to the embattled shores of Hong Kong, Letters Across the Sea is a poignant novel about the enduring power of love to cross dangerous divides even in the darkest of times—from the #1 bestselling author of The Forgotten Home Child.

A Best Book of 2021 by NPR and The Washington Post Part graphic novel, part memoir, *Wake* is an imaginative tour de force that tells the “powerful” (The New York Times Book Review) story of women-led slave revolts and chronicles scholar Rebecca Hall’s efforts to uncover the truth about these women warriors who, until now, have been left out of the historical record. Women warriors planned and led revolts on slave ships during the Middle Passage. They fought their enslavers throughout the Americas. And then they were erased from history. *Wake* tells the “riveting” (Angela Y. Davis) story of Dr. Rebecca Hall, a historian, granddaughter of slaves, and a woman haunted by the legacy of slavery. The accepted history of slave revolts has always told her that enslaved women took a back seat. But Rebecca decides to look deeper, and her journey takes her through old court records, slave ship captain’s logs, crumbling correspondence, and even the forensic evidence from the bones of enslaved women from the “negro burying ground” uncovered in Manhattan. She finds women warriors everywhere. Using a “remarkable blend of passion and fact, action and reflection” (NPR), Rebecca constructs the likely pasts of Adono and Alele, women rebels who fought for freedom during the Middle Passage, as well as the stories of women who led slave revolts in Colonial New York. We also follow Rebecca’s own story as the legacy of slavery shapes her life, both during her time as a successful attorney and later as a historian seeking the past that haunts her. Illustrated beautifully in black and white, *Wake* will take its place alongside classics of the graphic novel genre, like Marjane Satrapi’s *Persepolis* and Art Spiegelman’s *Maus*. This story of a personal and national legacy is a powerful reminder that while the past is gone, we still live in its wake.

In Mexican American communities in the central United States, the modern tradition of playing fastpitch softball has been passed from generation to generation. This ethnic sporting practice is kept alive through annual tournaments, the longest-running of which were founded in the 1940s, when softball was a ubiquitous form of recreation, and the so-called "Mexican American generation" born to immigrant parents was coming of age. Carrying on with fastpitch into the second or third generation of players even as wider interest in the sport has waned, these historically Mexican American tournaments now function as reunions that allow people to maintain ties to a shared past, and to remember the decades of segregation when Mexican Americans' citizenship was unfairly questioned. In this multi-sited ethnography, Ben Chappell conveys the importance of fastpitch in the ordinary yearly life of Mexican American communities from Kansas City to Houston. Traveling to tournaments, he interviews players and fans, strikes up conversations in the bleachers, takes in the atmosphere in the heat of competition, and combs through local and personal archives. Recognizing fastpitch as a practice of cultural citizenship, Chappell situates the sport within a history marked by migration, marginalization, solidarity, and struggle, through which Mexican Americans have navigated complex negotiations of cultural, national, and local identities.

Longlisted for the National Book Award This blood-chilling debut set in New Mexico’s Navajo Nation is equal parts gripping crime thriller, supernatural horror, and poignant portrayal of coming of age on the reservation. "A haunting thriller, written with exquisite suspense . . . This is a story that won't let you go long after you finish, and you won't want it to end even as you can't stop reading to find out how it does." —Tommy Orange, author of *There There* Rita Todacheene is a forensic photographer working for the Albuquerque police force. Her excellent photography skills have cracked many cases—she is almost supernaturally good at capturing details. In fact, Rita has been hiding a secret: she sees the ghosts of crime victims who point her toward the clues that other investigators overlook. As a lone portal back to the living for traumatized spirits, Rita is terrorized by nagging ghosts who won't let her sleep and who sabotage her personal life. Her taboo and psychologically harrowing ability was what drove her away from the Navajo reservation, where she was raised by her grandmother. It has isolated her from friends and gotten her in trouble with the law. And now it might be what gets her killed. When Rita is sent to photograph the scene of a supposed suicide on a highway overpass, the furious, discombobulated ghost of the victim—who insists she was murdered—latches onto Rita, forcing her on a quest for revenge against her killers, and Rita finds herself in the crosshairs of one of Albuquerque’s most dangerous cartels. Written in sparkling, gruesome prose, *Shutter* is an explosive debut from one of crime fiction's most powerful new voices.
