WATTS JANIAH

The Epistle of Paul the Apostle to The Romans Canongate Books
Fully revised and expanded, this new

work is the first major revision of the liturgical calendar of the Episcopal Church in more than 40 years! It is the official revision of Lesser Feasts and Fasts and authorized by the 2009 General Convention. All commemorations in Lesser Feasts and

Fasts have been retained, and many new ones added. Three scripture readings (instead of current two) are provided for all minor holy days. Additional new material includes a votive mass of the Blessed Virgin Mary, many more ecumenical commemorations, plus a proper for space exploration. For years the oft revised volume, Lesser Feasts and Fasts (LFF), has served parishes and individuals mark part of the holiness of each day by providing Scripture readings, a collect, a Eucharistic preface, and a narrative about those remembered on the church's calendar that day whose lives have witnessed to the grace of God. Holy Women, Holy Men (HWHM) is a major effort to revise, but also to expand and enrich LFF. Where LFF provided two readings (gospel and

other New Testament) plus a psalm, HWHM adds an Old Testament citation. Where LFF was limited to few non-Anglicans in the post-reformation period (and few non-Episcopalians after 1789), HWHM dramatically broadens appreciation for other Christians and their traditions. Over-emphasis on clergy is redressed by additional laity, males by females, and "in-church" activities by contributions well beyond the workings of institutional agendas. These almost daily commemorations occupy over 600 of the book's 785 pages, by far the lion's share of its content. Remaining sections address: principles of revision and guides for future revision; liturgical propers for seasons (Advent/Christmas, Lent, and Easter); and new propers for a miscellany of propers usable with

individuals (or events) not officially listed in the formal calendar. Two cycles of propers for daily Eucharist are also included, one covering a six week period, the other a two year cycle.

This book brings to life the story of the construction of some of the most outstanding early Renaissance buildings in Venice. Through a series of individual case studies, Richard J. Goy explores how and why great buildings came to be built. He addresses the practical issues of constructing such buildings as the Torre dell'Orologio in Piazza San Marco, the Arsenale Gate, and the churches of Santa Maria della Carita and San Zaccaria, focusing particular attention on the process of patronage. The book is the first to trace the complete process of

creating important buildings, from the earliest conception in the minds of the patrons--the Venetian state or other institutional patrons--through the choice of architect, the employment of craftsmen, and the selection of materials. In an interesting analysis of the participants' roles, Goy highlights the emerging importance of the superintending master, the protomaestro.

Robert's Rules of Order Newly Revised, commonly referred to as Robert's Rules of Order, RONR, or simply Robert's Rules, is the most widely used manual of parliamentary procedure in the United

States. It governs the meetings of a diverse range of organizations-including church groups, county commissions, homeowners associations, nonprofit associations, professional societies, school boards, and trade unions-that have adopted it as their parliamentary authority. The manual was first published in 1876 by .US Army officer Henry Martyn Robert, who adapted the rules and practice of Congress to the needs of non-legislative societies. Ten subsequent editions have been published, including major revisions in 1915 and 1970. The copyright to Robert's Rules of Order Newly Revised is owned by the Robert's Rules Association, which selects by contract an authorship team to continue the task of revising and updating the book. The 11th and current

edition was published in 2011. In 2005, the Robert's Rules Association published an official concise guide, titled Robert's Rules of Order Newly Revised In Brief. A second edition of the brief book was published in 2011.

At the Heart of Christmas is the Church of England's campaign for Advent and

Christmas 2021. Inspired by readings from the Gospels of Luke and John read at so many Christmas services, this booklet is an invitation to everyone to explore the good news of God's saving love as revealed in the birth of Jesus. It is also a challenge to each of us to ponder in our hearts, as Mary did, what the extraordinary events of the first Christmas might mean for us now and in the years ahead. Starting on Christmas Eve and continuing daily until the Epiphany (6 January), twelve contributors share something that lies close to the heart of Christmas for them, bringing the theme to life through a mixture of personal story, Bible reading, reflection and questions to ponder. "More than ever, there is a need for people--young and old; single and married; with children and without--to hear clearly the biblical foundation upon which our relationships are to be established. Those who are engaged in turbulent relationships, seeking a mate, and wrestling with gender issues need to find biblical guidelines for understanding their roles"--P. [4] of cover.

At the Heart of Christmas Single

Copy Dictionary of Patron Saints' Names It has, improbably, been called uncommonly lucid, even riveting by The New York Times, and it was a finalist for the 2004 National Book Awards

nonfiction honor. It is a literally chilling read, especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States-which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean-it details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of

the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts-it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7-it is nevertheless an essential record of one of the most transformational events of modern times.

Have you ever closed your Bible and thought, What did I just read? Or maybe you have tried to read through the Bible in a year, but quit when it felt confusing or impersonal. The Bible Recap is here to help. Tara-Leigh Cobble, host of the popular Bible Recap podcast, walks readers through a one-year chronological Bible reading plan and explains each day's passage in an easy-to-understand way. Emphasizing how God's character can be seen throughout Scripture, the recaps are simple and short yet deep enough to help you understand the hard parts and press into knowing God better. As Cobble says, The primary role of Scripture is to show me who God is, and if I behold God, my life

will naturally conform around what I learn about him. The Bible Recap will not only help you understand the entire narrative of the Bible, it will fortify your faith.

Für die Beschreibung vereinheitlichender Zentrierungsbemühungen im religiös-kirchlichen, staatlichen und gesellschaftlichen Leben während des Übergangs vom Spätmittelalter zur Frühen Neuzeit hat sich das Konzept der «normativen Zentrierung» weit über die reformationsgeschichtliche Forschung hinaus als außerordentlich fruchtbar erwiesen. Die in diesem Sammelband vereinten Tagungsbeiträge behandeln das Thema in theoretischer Exposition sowie in Studien zu den

Erscheinungsformen der Normierung im religiösen Leben, auf dem Gebiet der Kommunikationsmedien sowie im Umfeld des Hofes und der Stadt. The religious, social and political life of the late-medieval and early modern period was marked in increasing measure by a general cultural tendency to converge upon central norms. This concept of normative centering does much more than merely accommodate the traditional historiography of the period which included the Reformation; it touches, rather, on a variety of topics, including lay piety, urban culture, book production, court life, and foreign policies. The essays collected in this volume explore both the theoretical and practical ramifications of this innovative concept.

The events of the year 1798 and what followed immediately afterward are of great interest to students of history and prophecy. In this collection of primary and secondary documents compiled shortly thereafter, Brother Heiks has filled out the events surrounding the captivity of Pope Pius VI and the setting up of the Roman Republic through the eyes of those who participated in those events at the time. One can follow this course of events in intimate detail through the witness of those who favored such a change and those who did not. All of this makes the importance of those events much more clear and Brother Heiks is to be congratulated for bringing together these remarkable sources that provide so much detail in

their witness. William H. Shea, MD, Ph.D.
