20th anniversary edition
of the beloved book that

changed millions of
lives—with a new
afterword by the author
Maybe it was a
grandparent, or a teacher,
or a colleague. Someone

older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the

bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time

together, through which Mitch shares Morrie's lasting gift with the world. **Shatter Me Novellas #3 and #4 Bind-Up Edition**

This Woven Kingdom

Harper Collins
A distinguished religious leader's stirring case for reconstructing a shared framework of virtues and values. With liberal democracy embattled, public discourse grown

toxic, family life breaking down, and drug abuse and depression on the rise, many fear what the future holds. In *Morality*, respected faith leader and public intellectual Jonathan Sacks traces today's crisis to our loss of a strong, shared moral code and our elevation of self-interest over the common good. We have outsourced morality to the market and the state, but neither is capable of showing us how to live. Sacks leads readers from ancient Greece to the Enlightenment to the

present day to show that there is no liberty without morality and no freedom without responsibility, arguing that we all must play our part in rebuilding a common moral foundation. A major work of moral philosophy, *Morality* is an inspiring vision of a world in which we can all find our place and face the future without fear.

An Emotion of Great Delight HarperCollins Mafi invites readers on a dark and lush new adventure about a girl who is fated to wash the

bodies of the dead in this companion to her "New York Times" bestseller "Furthermore."

HOW HAD MRS. OLINSKI CHOSEN her sixth-grade Academic Bowl team? She had a number of answers. But were any of them true? How had she really chosen Noah and Nadia and Ethan and Julian? And why did they make such a good team? It was a surprise to a lot of people when Mrs. Olinski's team won the sixth-grade Academic Bowl contest at

Epiphany Middle School. It was an even bigger surprise when they beat the seventh grade and the eighth grade, too. And when they went on to even greater victories, everyone began to ask: How did it happen? It happened at least partly because Noah had been the best man (quite by accident) at the wedding of Ethan's grandmother and Nadia's grandfather. It happened because Nadia discovered that she could not let a lot of baby turtles die. It happened when Ethan could not let

Julian face disaster alone. And it happened because Julian valued something important in himself and saw in the other three something he also valued. Mrs. Olinski, returning to teaching after having been injured in an automobile accident, found that her Academic Bowl team became her answer to finding confidence and success. What she did not know, at least at first, was that her team knew more than she did the answer to why they had been chosen. This is a tale about a

team, a class, a school, a series of contests and, set in the midst of this, four jewel-like short stories -- one for each of the team members -- that ask questions and demonstrate surprising answers.

Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling

author of the Shatter Me series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she

endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard

up for so long that she's not sure she'll ever be able to let it down.

From former Republican Congressman and CIA Officer Will Hurd, a bold political playbook for America rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. It's getting harder to get big things done in America. The gears of our democracy have been

mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In *American Reboot*, Hurd, called “the future of the GOP” by Politico, provides a clear-eyed path forward for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems facing a country in crisis: the Republican Party’s failure to present a

principled vision for the future; the lack of honest leadership in Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places

as an CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House’s only Black Republican, representing a 71 percent Latino swing district in Texas that runs along 820 miles of US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd draws on his remarkable experience to

present an inspiring guide for America. He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America's technological

future. We all know we can do better. It's time to hit "ctrl alt del" and start the American Reboot. *Imagine Me* Wipf and Stock Publishers
