MCLEAN KLINE

An Exploration of Dying in America Univ of California Press
Uninsured in America goes to the heart of why more than forty million Americans are falling through the cracks in the health care system, and what it means for society as a whole when so many people suffer the consequences of inadequate medical care. Based on interviews with 120 uninsured men and women and dozens of medical providers, policymakers, and advocates from around the nation, this book takes a fresh look at one of the most important social issues facing the United States today. A new afterword updates the stories of many of the people who are so memorably presented here.

Life, Death and Biscuits UNC Press Books

A timely chronicle of what is now an ordinary day in America, where gun violence regularly takes the lives of children and teens, and leaves shattered families in its wake. Winner of the 2017 J. Anthony Lukas Prize Shortlisted for the 2017 Hurston/Wright Foundation Award Finalist for the 2017 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the 2017 Andrew Carnegie Medal for Excellence in Non Fiction On an average day in America, seven children and teens will be shot dead. In *Another Day in the Death of America*, award-winning journalist Gary Younge tells the stories of the lives lost during one such day. It could have been any day, but he chose November 23,

2013. Black, white, and Latino, aged nine to nineteen, they fell at sleepovers, on street corners, in stairwells, and on their own doorsteps. From the rural Midwest to the barrios of Texas, the narrative crisscrosses the country over a period of twenty-four hours to reveal the full human stories behind the gun-violence statistics and the brief mentions in local papers of lives lost. This powerful and moving work puts a human face—a child's face—on the "collateral damage" of gun deaths across the country. This is not a book about gun control, but about what happens in a country where it does not exist. What emerges in these pages is a searing and urgent portrait of youth, family, and firearms in America today.

[The Last Seven Pages](#) Basic Books (AZ)

Terrie and Doug Oxtal gave their lives to a dream. After over 35 years of marriage the result of their devotion to four children and each other, life was perfect until the day they left the hospital with only their youngest son Andrew's jacket. The unspeakable grief that took over their lives is captured in letters written to Andrew where the love spills on to every page. The journey is there, the love is there, the sense of loss is there between the lines of shock and pain, with a true understanding of compassion. The Oxtal family knows Andrew has gone home, and they live with him in their hearts, until they meet again. For those who have suffered the loss of a child, this mother's letters will take you to a place so familiar they won't make you feel alone. For those who have not lost a child, this book will take you to a place where love is all that matters.

How Testing and Choice are Undermining Education W. W. Norton & Company

The award-winning creators of NPR's *Ghetto Life 101* and *Remorse* combine their talents to focus on the Ida B. Wells housing project and their personal struggles to survive unrelenting tragedy. Reprint.

Life Will Be the Death of Me Createspace Independent Publishing Platform

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers

in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

The Death and Life of Great American Cities Penguin

An intimate, heart wrenching portrait of one small hospital that reveals the magnitude of America's health care crises. By following the struggle for survival of one small-town hospital, and the patients who walk, or are carried, through its doors, *The Hospital* takes readers into the world of the American medical industry in a way no book has done before. Americans are dying sooner, and living in poorer health. Alexander argues that no plan will solve America's health crisis until the deeper causes of that crisis are addressed. Bryan, Ohio's hospital, is losing money, making it vulnerable to big health systems seeking domination and Phil Ennen, CEO, has been fighting to preserve its independence. Meanwhile, Bryan, a town of 8,500 people in Ohio's northwest corner, is still trying to recover from the Great Recession. As local leaders struggle to address the town's problems, and the hospital fights for its life amid a rapidly consolidating medical and hospital industry, a 39-year-old diabetic literally fights for his limbs, and a 55-year-old contractor lies dying in the emergency room. With these and other stories, Alexander strips away the wonkiness of policy to reveal Americans' struggle for health against a powerful system that's stacked against them, but yet so fragile it blows apart when the

pandemic hits.

The Life and Death of Peter Sellers Createspace Independent Pub

Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

The Short Life and Curious Death of Free Speech in America Duke University Press

A New York Times Bestseller A Wall Street Journal Bestseller A New York Times Notable Book of 2020 A New York Times Book Review Editors' Choice Shortlisted for the Financial Times and McKinsey Business Book of the Year A New Statesman Book to Read From economist Anne Case and Nobel Prize winner Angus Deaton, a groundbreaking account of how the flaws in capitalism are fatal for America's working class Deaths of despair from suicide, drug overdose, and alcoholism are rising dramatically in the United States, claiming hundreds of thousands of American lives. Anne Case and Angus Deaton explain the overwhelming surge in these deaths and shed light on the social and economic forces that are making life harder for the working class. As the college educated become healthier and wealthier, adults without a degree are literally dying from pain and despair. Case and Deaton tie the crisis to the weakening position of labor, the growing power of corporations, and a rapacious health-care sector that redistributes working-class wages into the pockets of the wealthy. This critically important book paints a troubling portrait of the American dream in decline, and provides solutions that can rein in capitalism's excesses and make it work for everyone.

Uninsured in America, Updated Vintage

Assesses the impact of the enormous carnage of the Civil War on every aspect of American life from a material, political, intellectual, cultural, social, and spiritual perspective.

The Death and Life of an Environmental Tradition Simon and Schuster

Upon receiving his execution date, one of the thousands of men living on death row in the United States had an epiphany: "All there ever is, is this moment. You, me, all of us, right here, right now, this minute, that's love." *Right Here, Right Now* collects the powerful, first-person stories of dozens of men on death rows across the country. From childhood experiences living with poverty, hunger, and violence to mental illness and police misconduct to coming to terms with their executions, these men outline their struggle to maintain their connection to society and sustain the humanity that incarceration and its daily insults attempt to extinguish. By offering their hopes, dreams, aspirations, fears, failures, and wounds, the men challenge us to reconsider whether our current justice system offers actual justice or simply perpetuates the social injustices that obscure our shared humanity.

The Death and Life of Main Street HarperCollins UK

Named one of *Newsweek's* "25 Must-Read Fall Fiction and Nonfiction Books to Escape the Chaos of 2020" The critically acclaimed journalist and bestselling author of *The Rage of a Privileged Class* explores one of the most essential rights in America—free speech—and reveals how it is crumbling under the combined weight of polarization, technology, money and systematized lying in this concise yet powerful and timely book. Free speech has long been one of American's most revered freedoms. Yet now, more than ever, free speech is reshaping America's social and political landscape even as it is coming under attack. Bestselling author and critically acclaimed journalist Ellis Cose wades into the debate to reveal how this Constitutional right has been coopted by the wealthy and politically corrupt. It is no coincidence that historically huge disparities in income have occurred at times when moneyed interests increasingly control political dialogue. Over the past four years, Donald Trump's accusations of "fake news," the free use of negative language against minority groups, "cancel culture," and blatant xenophobia have caused Americans to question how far First Amendment protections can—and should—go. Cose offers an eye-opening

wholly original examination of the state of free speech in America today, litigating ideas that touch on every American's life. Social media meant to bring us closer, has become a widespread disseminator of false information keeping people of differing opinions and political parties at odds. The nation—and world—watches in shock as white nationalism rises, race and gender-based violence spreads, and voter suppression widens. The problem, Cose makes clear, is that ordinary individuals have virtually no voice at all. He looks at the danger of hyper-partisanship and how the discriminatory structures that determine representation in the Senate and the electoral college threaten the very concept of democracy. He argues that the safeguards built into the Constitution to protect free speech and democracy have instead become instruments of suppression by an unfairly empowered political minority. But we can take our rights back, he reminds us. Analyzing the experiences of other countries, weaving landmark court cases together with a critical look at contemporary applications, and invoking the lessons of history, including the Great Migration, Cose sheds much-needed light on this cornerstone of American culture and offers a clarion call for activism and change.

. . . *And You Too!* Michael Grant

#1 NEW YORK TIMES BESTSELLER • The funny, sad, super-honest, all-true story of Chelsea Handler's year of self-discovery—featuring a nerdily brilliant psychiatrist, a shaman, four Chow Chows, some well-placed security cameras, various family members (living and departed), friends, assistants, and a lot of edibles A SKIMM READS PICK • “This will be one of your favorite books of all time.”—Amy Schumer In a haze of vape smoke on a rare windy night in L.A. in the fall of 2016, Chelsea Handler daydreams about what life will be like with a woman in the White House. And then Donald Trump happens. In a torpor of despair, she decides that she's had enough of the privileged bubble she's lived in—a bubble within a bubble—and that it's time to make some changes, both in her personal life and in the world at large. At home, she embarks on a year of self-sufficiency—learning how to work the remote, how to pick up dog shit, where to find the toaster. She meets her match in an earnest, brainy psychiatrist and enters into therapy, prepared to do the heavy lifting required to look within and make sense of a childhood marked by love and loss and to figure out why people

are afraid of her. She becomes politically active—finding her voice as an advocate for change, having difficult conversations, and energizing her base. In the process, she develops a healthy fixation on Special Counsel Robert Mueller and, through unflinching self-reflection and psychological excavation, unearths some glittering truths that light up the road ahead. Thrillingly honest, insightful, and deeply, darkly funny, Chelsea Handler's memoir keeps readers laughing, even as it inspires us to look within and ask ourselves what really matters in our own lives. Praise for *Life Will Be the Death of Me* “You thought you knew Chelsea Handler—and she thought she knew herself—but in her new book, she discovers that true progress lies in the direction we haven't been.”—Gloria Steinem “I always wondered what it would be like to watch Chelsea Handler in session with her therapist. Now I know.”—Ellen DeGeneres “I love this book not just because it made me laugh or because I learned that I feel the same way about certain people in politics as Chelsea does. I love this book because I feel like I finally really got to know Chelsea Handler after all these years. Thank you for sharing, Chelsea!”—Tiffany Haddish

Life, Death, and Dollars in a Small American Town Penguin

Interviews describe ghetto life

Life Stories from America's Death Row Hal Leonard Corporation “Few of us really appreciate the full power of math--the extent to which its influence is not only in every office and every home, but also in every courtroom and hospital ward. In this ... book, Kit Yates explores the true stories of life-changing events in which the application--or misapplication--of mathematics has played a critical role: patients crippled by faulty genes and entrepreneurs bankrupted by faulty algorithms; innocent victims of miscarriages of justice; and the unwitting victims of software glitches"--Publisher marketing.

The Collapse of Our Traditional Ethics Macmillan

John Dillinger is an adrenaline-fueled narrative that reignites America's fascination with the suave and deadly desperado who became the FBI's first Public Enemy, whose story—until now—has been riddled with rumors and fiction. Dillinger and his bank-robbing gang cut a criminal swath never to be equaled, thrilling a nation in the throes of the Great Depression. When caught, Dillinger staged one of the most harrowing prison escapes imaginable—only to finally be betrayed by the infamous "Lady in

Red." John Dillinger brings to light bank robberies never before reported; detailed plans for major crimes that Dillinger nearly implemented; the revelation that the Lady in Red was actually a police plant; and the startling motives behind John Dillinger's execution by rogue FBI agents. With access to the thousands of sources collected in the world's foremost Dillinger archives—including dozens of photographs—New York Times bestselling author Matera describes every robbery, shoot-out, and prison escape as though he had choreographed them himself.

Healing Into Life and Death Vintage

This is a tome of poetry over 350 pages in length, that covers all aspects of life that the bleeding heart of a poet can long to appreciate. Desperation breeds good poetry, and lovesickness breeds desperation, so the lovelorn heart often speaks plainly, and tells stories of the paths we tread.

Simon and Schuster

Following the death of her father, journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States. When Ann Neumann's father was diagnosed with non-Hodgkin's lymphoma, she left her job and moved back to her hometown of Lancaster, Pennsylvania. She became his full-time caregiver—cooking, cleaning, and administering medications. When her father died, she was undone by the experience, by grief and the visceral quality of dying. Neumann struggled to put her life back in order and found herself haunted by a question: Was her father's death a good death? The way we talk about dying and the way we actually die are two very different things, she discovered, and many of us are shielded from what death actually looks like. To gain a better understanding, Neumann became a hospice volunteer and set out to discover what a good death is today. She attended conferences, academic lectures, and grief sessions in church basements. She went to Montana to talk with the attorney who successfully argued for the legalization of aid in dying, and to Scranton, Pennsylvania, to listen to “pro-life” groups who believe the removal of feeding tubes from some patients is tantamount to murder. Above all, she listened to the stories of those who were close to death. What Neumann found is that death in contemporary America is much more complicated than we think. Medical technologies and increased life expectancies have changed the very definition of medical death. And although death

is our common fate, it is also a divisive issue that we all experience differently. What constitutes a good death is unique to each of us, depending on our age, race, economic status, culture, and beliefs. What's more, differing concepts of choice, autonomy, and consent make death a contested landscape, governed by social, medical, legal, and religious systems. In these pages, Neumann brings us intimate portraits of the nurses, patients, bishops, bioethicists, and activists who are shaping the way we die. *The Good Death* presents a fearless examination of how we approach death, and how those of us close to dying loved ones live in death's wake.

In the Time of Famine Avon Books

When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the

following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise.

Arcadian America Free Press

For more than a century, the term "Main Street" has conjured up nostalgic images of American small-town life. Representations exist all around us, from fiction and film to the architecture of shopping malls and Disneyland. All the while, the nation has become increasingly diverse, exposing tensions within this ideal. In *The Death and Life of Main Street*, Miles Orvell wrestles with

the mythic allure of the small town in all its forms, illustrating how Americans continue to reinscribe these images on real places in order to forge consensus about inclusion and civic identity, especially in times of crisis. Orvell underscores the fact that Main Street was never what it seemed; it has always been much more complex than it appears, as he shows in his discussions of figures like Sinclair Lewis, Willa Cather, Frank Capra, Thornton Wilder, Margaret Bourke-White, and Walker Evans. He argues that translating the overly tidy cultural metaphor into real spaces--as has been done in recent decades, especially in the new urbanist planned communities of Elizabeth Plater-Zyberk and Andres Duany--actually diminishes the communitarian ideals at the center of this nostalgic construct. Orvell investigates the way these tensions play out in a variety of cultural realms and explores the rise of literary and artistic traditions that deliberately challenge the tropes and assumptions of small-town ideology and life.
