Null Subjects in Slavic and Finno-Ugric Cambridge University Press
True to Life is a five level course designed specifically for adult learners.

180 English Grammatical Mistakes Cambridge University Press

Even though null subjects have been extensively studied in the past four decades, there is a growing interest in partial null subject languages (e.g. Finnish) and a subtler classification of null subject phenomena overall. This volume aims at contributing to this trend, focusing on Slavic and Finno-Ugric groups, with some extension to Baltic and Samoyedic languages. Interestingly, these groups offer an impressive array of macro- and microvariation. Moreover, given an increasing interest towards the internal structure of the pronominal elements and the role of various types of topics in the left periphery of the sentence structure, the enterprise taken up in this book is to investigate lexical and null, referential and generic subjects in order to understand and compare their feature composition, licensing conditions, and structural properties. Rather than trying to squeeze the studied languages into a predefined set of parameters, this volume highlights some properties that may lead to a refinement of the existing generalizations. It brings together contributors from both generative and typological traditions and will be of interest to any researcher willing to investigate argument-drop in a wider crosslinguistic perspective.

English Grammar in Use Supplementary Exercises Book with Answers Cambridge University Press

Intermediate : Teacher's Book Oxford University Press

Nils Bastedo, Harvard class of 1995 (with honors) and former English Instructor at Bumrungrad International Hospital, the world's largest international hospital (Bangkok, Thailand) has written a book to facilitate teaching and learning of the English tenses. Understanding and using the tenses correctly is essential not only for anyone who wishes to sound professional, but also to avoid simple misunderstandings in normal conversational English. Grammar should be an aid in practical application, not an end in itself, used for academic tests only. This book makes learning the English tenses and distinguishing them from each other easy. The simple 3-step teaching method outlined in the book has already helped several English teachers and hundreds of adult students at Bumrungrad International.
