Dowling et al is a rare instance of a textbook that has developed alongside the field - helping to shape what it is today - and remains the market leading IHRM textbook worldwide. The international author team have ensured this edition is even more international than its predecessors, whilst also remaining close to curriculum developments. New edition changes include a streamlined chapter structure and a new chapter on the cultural context of IHRM. The focus on expatriates has been balanced with a stronger global management emphasis throughout. The content also reflects the current economic climate, including greater coverage of turbulence for IHRM and issues of employee separation. There is also expanded coverage of business ethics, outsourcing, emerging markets and small medium enterprises. In addition the new edition includes a wealth of case study material and class discussion material. A fully tailored CourseMate and Instructor's website will also be available to adopters. MARKET: Dowling et al is a core textbook for "International HRM" modules (IHRM) as taught at intermediate and postgraduate levels on all HRM programmes and the majority of broad-based business programmes. It is also used on some "International Management" modules. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

People Management and Development Cengage Learning

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

Personnel Issues and Needs in Education Routledge

In an era that has brought new and unexpected challenges for virtually every company, one would be hard-pressed to find any responsible manager who is not thinking about what the future will bring. In the wake of these challenges, strategic planning has moved from being the reserve of large corporations to becoming an essential need for even small and medium-sized enterprises. But what good is even the most convincing strategic concept if the company's people are unwilling or unable to put it into practice? The key is to develop people, and to develop them not only for the work of today, but also for the challenges that the future holds. Strategic HR development has become a decisive force for the success of any business. This book, edited by Matthias T. Meifert, shows us which basic considerations we need to remember and what strategic HR development means in practice. Its interesting and vivid approach takes the reader on a tour of the eight stages of HR development, introduces the critical factors, and highlights many practical recommendations for strategic HR development practice in business.

Book & CD. This fourth edition makes it clear that all who are interested in the sustainability of South Africa -- and Africa -- must put human resource management (HRM) at the very core of the management of organisations generally. The content is aligned to outcomes that are geared towards analytical and critical thinking about the theory and practice of HRM in South Africa. The African context is addressed, and ample information about HRM aspects 'elsewhere in Africa' is provided. This edition breaks away even further from the traditional structure of so many standard HRM

textbooks. It challenges a broadening of the 'agenda' and scope of HRM work: HRM is not only about managing employees, but also about managing the work and the people who do the work of and in organisations. This may involve alternative ways of getting the work of organisations done superiorly. This book will help you to apply HRM effectively to achieve its ultimate aim, namely to add value to people, to organisations and to society. This comprehensive book is organised around themes such as: Developing an appreciation for the context of HRM in South Africa; Strategising, designing and planning as preparatory HRM work; Sourcing work talent; Facing the countrys people empowerment challenge; Meeting the reward and care challenge; Handling labour and employee relations challenges; Championing change and transformation; Managing HRM-related information, including HRM and sustainability reporting. Based on most recent theoretical developments, the emphasis is on the practical applications. Samples of relevant documents are included, and an accompanying CD contains a wealth of relevant resources as well as a continuing, integrating case study that serves as a basis for these applications, and individual and group activities. As a package, South African Human Resource Management will be extremely valuable to both current and aspirant managers, and human resource practitioners.

Now celebrating its 20th year, Ray Stone's Human Resource Management is the longest running and most successful Australian textbook ever produced in the field of HRM. The sixth edition has been thoroughly revised to reflect contemporary issues and practices in HRM, including the impact of the Workplace Relations Amendment (Work Choices) Act 2005. Topical issues such as work/life balance, the aging population, skills shortages in various industries and diversity in the workplace are all thoroughly explored in terms of their effect on organisations, employees and the human resource manager. Popular features of past editions have been retained and updated, such as letters to the editor, newsbreaks, case studies, interviews with human resource practitioners, and the wealth of end of chapter activities. Key themes of the text continue to be an emphasis on HRM practice in the Asia-Pacific region, as well as the importance of strategy and managing diversity. Human Resource Management 6th edition is the most comprehensive resource for HR students, lecturers, and professionals. About the Author Raymond J. Stone, BA, BCom, DipSocStud (Melb), MA (Ottawa), PhD (Hong Kong), CMAHRI, FIHRM (Hong Kong), Registered Psychologist has more than 30 years experience in international human resource management and has held senior positions in Australia, Hong Kong, Japan and Korea.
