Check out the

supplemental website!  
[www.DrakeDirect.com/OptimalDM/](http://www.DrakeDirect.com/OptimalDM/) "Destined to be the definitive guide to database marketing applications, analytical strategies and test design." - Brian Kurtz, Executive Vice President, Boardroom Inc., 2000 DMA List Leader of the Year and DMA Circulation Hall of Fame Inductee "This book is well written with interesting examples and case studies that both illustrate complex techniques and tie the chapters together. The level of detail and treatment of statistical tools and methods provides both understanding and enough detail to begin to use them immediately to target marketing efforts efficiently and

effectively. It is perfect for a course in database marketing or as a handy reference for those in the industry." - C. Samuel Craig, New York University, Stern School of Business "This book should be studied by all who aspire to have a career in direct marketing. It provides a thorough overview of all essential aspects of using customer databases to improve direct marketing results. The material is presented in a style that renders even the technical subjects understandable to the novice direct marketer" Kari Regan, Vice President, Database Marketing Services, The Reader's Digest Association "Finally, practical information on database marketing

that tackles this complex subject but makes it clear enough for the novice to understand. This book serves as more than a primer for any senior manager who needs to know the whole story. As one who has spent over 20 years of his career involved in publishing and database marketing, I have a real appreciation for how difficult it is to explain the finer points of this discipline, while keeping it understandable. This book does that admirably. Well done!" - Patrick E. Kenny, Executive Vice President, Qiosk.com "This book is especially effective in describing the breadth and impact of the database marketing field. I highly recommend this

book to anyone who has anything to do with database marketing! -- works in or with this dynamic area." - Naomi Bernstein, Vice President, BMG Direct "Ron Drozdenko and Perry Drake have written a guide to database marketing that is thorough and that covers the subject in considerable depth. It presents both the concepts underlying database marketing efforts and the all-important quantitative reasoning behind it. The material is accessible to students and practitioners alike and will be an important contribution to improved understanding of this important marketing discipline. " Mary Lou Roberts, Boston University and author of Direct Marketing

Management "I think it is a terrific database marketing book, it's got it all in clear and logical steps. The benefit to the marketing student and professional is that complex database concepts are carefully developed and thoroughly explained. This book is a must for all marketing managers in understanding database issues to successfully manage and structure marketing programs and achieve maximum results." - Dante Cirille, DMEF Board Member and Retired President, Grolier Direct Marketing "An excellent book on the principles of Direct Marketing and utilization of the customer database to maximize profits. It is

one of the best direct marketing books I have seen in years in that it is broad with specific examples. I am going to require new hires to read this (book) to get a better understanding of the techniques used in Database Marketing." - Peter Mueller, Assistant Vice President of Analysis, Scholastic, Grolier Division "This is an amazingly useful book for direct marketers on how to organize and analyze database information. It's full of practical examples that make the technical material easy to understand and apply by yourself. I strongly recommend this book to direct and interactive marketers who want to be able to perform professional database analyses themselves, or be

better equipped to review the work of analysts." - Pierre A. Passavant, Professor of Direct Marketing, Mercy College and Past Director, Center for Direct Marketing, New York University "The most useful database marketing reference guide published today. The authors do an excellent job of laying out all the steps required to plan and implement an effective database marketing strategy in a clear and concise manner. A must have for academics, marketing managers and business executives." - Dave Heneberry, Director, Direct Marketing Certificate programs, Western Connecticut State University and Past Chair, Direct Marketing Association "This book

is essential for all direct marketers. It serves as a great introduction to the technical and statistical side of database marketing. It provides the reader with enough information on database marketing and statistics to effectively apply the techniques discussed or manage others in the environment" - Richard Hochhauser, President, Harte-Hanks Direct Marketing Ronald G. Drozdenko, Ph.D., is Professor and Chair of the Marketing Department, Ansell School of Business, Western Connecticut State University. He is also the founding Director of the Center for Business Research at the Ansell School. He has more than 25 years of teaching

experience. The courses he teaches include Strategic Marketing Databases, Interactive/Direct Marketing Management, Product Management, Marketing Research, and Consumer Behavior. He is collaborating with the Direct Marketing Education foundation to develop a model curriculum for universities pursuing the area of interactive or direct marketing. Working with an advisory board of industry experts, he co-developed the Marketing Database course in model curriculum. Dr. Drozdenko has co-directed more than 100 proprietary research projects since 1978 for the marketing and research and

development of several corporations, including major multinationals. These projects were in the areas of strategic planning, marketing research, product development, direct marketing, and marketing database analysis. He also has published several articles and book chapters. He holds a Ph.D. in Experimental Psychology from the University of Missouri and is a member of the American Marketing Association, the Society for Consumer Psychology, and the Academy of Marketing Sciences. He is also the co-inventor on three U.S. patents. Perry D. Drake has been involved in the direct marketing industry for nearly 15 years. He is currently the Vice President of Drake

Direct, a database marketing consulting firm specializing in response modeling, customer file segmentation, lifetime value analysis, customer profiling, database consulting, and market research. Prior to this, Perry worked for approximately 11 years in a variety of quantitative roles at The Reader's Digest Association, most recently as the Director of Marketing Services. In addition to consulting, Perry has taught at New York University in the Direct Marketing Master's Degree program since Fall, 1998, currently teaching "Statistics for Direct Marketers" and "Database Modeling." Perry was the recipient of the NYU Center for Direct and Interactive

Marketing's "1998-1999" Outstanding Master's Faculty Award. Perry also lectures on testing and marketing financials for Western Connecticut State University's Interactive Direct Marketing Certificate Program. Along with Ron, he is collaborating with the Direct Marketing Education Foundation to develop a model curriculum for universities pursuing the area of interactive or direct marketing. Perry earned a Masters of Science in Applied Statistics from the University of Iowa and a Bachelor of Science in Economics from the University of Missouri. The book evolved from an outlined developed by an advisory board of industry experts that was established by the

Direct Marketing Educational Foundation. Contemporary direct marketing and e-commerce could not exist without marketing databases. Databases allow marketers to reach customers and cultivate relationships more effectively and efficiently. While databases provide a means to establish and enhance relationships, they can also be used incorrectly, inefficiently, and unethically. This book looks beyond the temptation of the quick sale to consider the long-term impact of database marketing techniques on the organization, customers, prospective customers, and society in general. Ron Drozdenko and Perry

Drake help the reader gain a thorough understanding of how to properly establish and use databases in order to build strong relationships with customers. There is not another book on the market today that reveals the level of detail regarding database marketing applications - the how's, why's and when's. Features/Benefits: Draws on numerous examples from real businesses Includes applications to all direct marketing media including the Internet Describes in step-by-step detail how databases are developed, maintained, and mined Considers both business and social issues of marketing databases Contains a sample

database allowing the reader to apply the mining techniques Offers access to comprehensive package of academic support materials *Business to Business Marketing Management* IGI Global Marketing Management, 9/e, by Peter and Donnelly, is praised in the market for its organization, format, clarity, brevity and flexibility. The goal of this text is to enhance students' knowledge of marketing management and to advance their skills in utilizing this knowledge to develop and maintain successful marketing strategies. The six stage learning approach is the focus of the seven unique sections of the book. Each section has as its

objective either knowledge enhancement or skill development, or both. The framework and structure of the book is integrated throughout the sections of the new edition. The basic structure of the text continues to evolve and expand with numerous updates and revisions throughout. The Art and Science of Marketing John Wiley & Sons Nonprofit Marketing: Marketing Management for Charitable and Nongovernmental Organizations is a conceptually strong text that gives students marketing strategies for nonprofit, charitable, and nongovernmental organizations, while providing them with a broad treatment of

marketing basics. Written in an easy-to-follow style, marketing concepts are clearly presented and supported with real-world examples.

### **A Preface to Marketing**

**Management** Oxford University Press, USA  
Marketing Management, 11e, is a text and casebook written by Peter and Donnelly. It is praised in the market for its organization, format, clarity, brevity and flexibility. The goal of this text is to enhance students knowledge of marketing management and to advance their skills in developing successful marketing strategies. The six stage learning approach is the focus of the text. Each section has as its objective either

knowledge enhancement or skill development, or both. The framework and structure of the book is integrated throughout the sections of the new edition. The basic structure of the text continues to evolve and expand with numerous updates and revisions throughout.

### **Marketing**

**Management** SAGE  
Preface to Marketing Management, 15e, by Peter and Donnelly, is praised in the market for its clear and concise presentation of the basic principles of marketing in such a way that the core concepts and ideas are covered in sufficient depth to ensure understanding. By offering an engaging, clear, and conceptually sound text, this book has been able to

maintain its position as a leading marketing management text. The fifteenth edition serves as an overview for critical issues in marketing management. Its brief, inexpensive, paperback format makes it a perfect fit for instructors who assign cases, readings, simulations or offer modules on marketing management for MBA students. The text also works in courses that implement a cross-functional curriculum where the students are required to purchase several texts.

Marketing Management Pearson 'Global Marketing Management' provides comprehensive coverage of the issues which define marketing in the world today, equipping students

with some of the most current knowledge and practical skills to help them make key management decisions in the dynamic and challenging global trade environment.

Cases on Consumer-Centric Marketing Management Wiley Global Education Designing strategies for global competition; Global marketing programs; Organizing and controlling global marketing operations; Special issues in global marketing.

Advanced Marketing Management SAGE This book is appropriate as a core textbook for Marketing Management in Post Graduate programmes including MBA. The text provides right from the basics in Marketing to Analysis and Application of

Strategic Tools in Marketing Management. CORE FEATURES Structure : Six parts with 20 chapters Objective: Make the readers to understand marketing theory & concepts and prepare them as tomorrow's marketing managers, academicians etc., Style: Simple and lucid style to understand theory and concepts with live corporate examples. Focus: As core text book to post graduate students- MBA, M Com, M A, M Tech etc. Delighting Features (Value Addition) V Each part underlies a specific objective. v Each chapter starts with a marketing profile of leading corporate house with web address. This enables

the reader to understand what is a corporate house, what are their businesses, what are their marketing and operating philosophies, v Summary of each chapter makes the reader to grasp the chapter contents with easy effort. v Each chapter has questions for discussion, preparing the students well for examination. v Each chapter ends with practical exercises for critical analysis and thinking which makes the reader to think critically. v Case Studies lead the reader to improve his/her analytical skills and practical knowledge.

**Handbook of Services Marketing and Management**  
John Wiley & Sons  
The Second Edition of

this bestselling B2B marketing textbook offers the same accessible clarity of insight, combined with updated and engaging examples. Each chapter contains a detailed case study to further engage the reader with the topics examined. - Featuring updated case studies and a range of new examples. - Incorporating additional coverage of B2B branding and the B2B strategic marketing process, and issues of sustainability. - Extended coverage of Key Account Management - Online lecturer support including PowerPoint slides and key web links Drawing on their substantial experience of business-to-business marketing as practitioners,

researchers and educators, the authors make this exciting and challenging area accessible to advanced undergraduate and to postgraduate students of marketing, management and business studies. Praise for the Second Edition: 'I found that the first edition of Brennan, Canning and McDowell's text was excellent for raising students' awareness and understanding of the most important concepts and phenomena associated with B2B marketing. The second edition should prove even more successful by using several new case studies and short 'snapshots' to illustrate possible solutions to common B2B marketing dilemmas, such as the design and

delivery of business products and services, the selection of promotional tools and alternative routes to market. The new edition also deals clearly with complex issues such as inter-firm relationships and networks, e-B2B, logistics, supply chain management and B2B branding' - Michael Saren, Professor of Marketing, University of Leicester 'This textbook makes a unique contribution to business-to-business teaching: not only does it provide up-to-date cases and issues for discussion that reach to the heart of business-to-business marketing; it also brings in the latest academic debates and makes them both relevant and accessible to the readers. A

fantastic addition to any library or course' - Dr Judy Zolkiewski, Senior Lecturer in Business-to-Business Marketing, Manchester Business School 'The advantage of the approach taken by Brennan and his colleagues is that this book manages to convey both the typical North American view of B2B marketing as the optimisation of a set of marketing mix variables, and the more emergent European view of B2B Marketing as being focused on the management of relationships between companies. This updated second edition sees the addition of a number of 'snapshots' in each chapter that bring the subject alive through the description of current examples, as

well as some more expansive end-of-chapter case studies. It is truly a most welcome addition to the bookshelves of those students and faculty interested in this facet of marketing' - Peter Naudé, Professor of Marketing, Manchester Business School 'The strength of this text lies in the interconnection of academic theory with real world examples. Special attention has been given to the role that relationships play within the Business-to-business environment, linking these to key concepts such as segmentation, targeting and marketing communications, which importantly encompasses the role personal selling as relationshipmmunicatio

ns building and not just order taking. With good coverage of international cultural differences this is a valuable resource for both students of marketing and sales' - Andrew Whalley, Lecturer in Business-to-Business Marketing, Royal Holloway University of London 'The text provides an authoritative, up-to-date review of organisational strategy development and 'firmographic' market segmentation. It provides a comprehensive literature review and empiric examples through a range of relevant case studies. The approach to strategy formulation, ethics and corporate social responsibility are especially strong' - Stuart Challinor,

Lecturer in Marketing, Newcastle University  
 'This revised second edition offers an excellent contemporary view of Business-to-Business Marketing. Refreshingly, the text is packed with an eclectic mix of largely European case studies that make for extremely interesting reading. It is a 'must read' for any undergraduate or postgraduate Marketing student' - Dr Jonathan Wilson, Senior Lecturer, Ashcroft International Business School, Anglia Ruskin University, Cambridge

MARKETING  
MANAGEMENT Excel  
 Books India

In recent years even governments around the world are beginning to understand that

knowledge is a critical contributor to stimulating the rapid growth of entire economies. It is argued that in a modern economy, knowledge is the most important resource within the companies based within any country. The advent of the Internet and automated e-business systems has provided an important catalyst for firms wishing to exploit the benefits of using knowledge to support their electronic trading activities. The vast majority of texts on knowledge management tend to focus on the information technology aspects of managing the concept. Although management of technology is critical, there is an equally important need for the

provision of materials describing how knowledge can be utilized in the execution of functional management tasks. In view of this situation, the goal of this text is to show readers how to comprehend that knowledge can be utilized to underpin and enhance the marketing management function within organizations. The concept is presented by drawing upon various published sources and by the use of case materials to illustrate knowledge management in practice. Coverage includes; an introduction to the concept of knowledge management; the evolving pathway of marketing; how e-business is radically altering the execution

of the marketing task; how firms can map external knowledge sources; the competencies that determine performance, alternative marketing positions; planning techniques; how knowledge informs product innovation; the effective execution of promotions; alternative options for exploiting knowledge to optimize pricing and distribution decisions; the role that knowledge management plays in service marketing strategies; and, the recognized problems associated with accelerating the use of knowledge within the marketing process.

*Global Marketing Management* Vibrant Publishers

The fields of marketing and communication

have become increasingly important for modern public administrations in recent years but the focus on these subjects has been geared mainly towards the generation of outputs, leaving somewhat behind the analysis and deeper reflections on the impact they make and their limitations. This book provides a thorough overview of the major concepts in marketing and communication which is done by utilizing an exclusive and decisive public-sector approach, with an unambiguous international outlook. The possibilities and limits of the application of marketing and communication, from strategic aspects to the more concrete questions of

instruments and implementation, are discussed and if the realities of the public sector are the key to any understanding of marketing and communication, the international scene is the only possible ground to do this in. Aided by a multitude of pedagogical features, *Marketing Management and Communications in the Public Sector* is a key read for all students, practitioners and scholars working or studying in this field. *Strategic Market Management* SAGE PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new

approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide – Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide:

- Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);
- Provides an entire section devoted to tailoring the development approach

and processes;

- Includes an expanded list of models, methods, and artifacts;
- Focuses on not just delivering project outputs but also enabling outcomes; and
- Integrates with PMI Standards+™ for information and standards application content based on project type, development approach, and industry sector.

Key Concepts in Marketing McGraw-Hill Education

"No doubt about it, marketing is really changing. Marketing today is: Very strategic-customer-centricity is now a core organizational value. Practiced virtually, digitally, and socially to a greater degree than ever before imagined.

Enabled and informed by analytics and new technologies.

Accountable to top management through diligent attention to metrics and measurement.

Oriented toward service as driver of product. "Owned" by everybody in the firm to one degree or another"--

### Hacking Marketing

Aipmm

Culture pervades consumption and marketing activity in ways that potentially benefit marketing managers. This book provides a comprehensive account of cultural knowledge and skills useful in strategic marketing management. In making these cultural concepts and frameworks accessible

and in discussing how to use them, this edited textbook goes beyond the identification of historical, socio-cultural and political factors impinging upon consumer cultures and their effects on market outcomes. This fully updated and restructured new edition provides two new introductory chapters on culture and marketing practice and improved pedagogy, to give a deeper understanding of how culture pervades consumption and marketing phenomena; the way market meanings are made, circulated, and negotiated; and the environmental, ethical, experiential, social and symbolic implications of consumption and marketing. The authors

highlight the benefits that managers can reap from applying interpretive cultural approaches across the realm of strategic marketing activities including: market segmentation, product and brand positioning, market research, pricing, product development, advertising, and retail distribution. Global contributions are grounded in the authors' primary research with a range of companies including Cadbury's Flake, Dior, Dove, General Motors, HOM, Hummer, Kjaer Group, Le Bon Coin, Mama Shelter, Mecca Cola, Prada, SignBank, and the Twilight community. This edited volume, which compiles the work of 58 scholars from 14 countries, delivers a

truly innovative, multinationally focused marketing management textbook. *Marketing Management: A Cultural Perspective* is a timely and relevant learning resource for marketing students, lecturers, and managers across the world.

Marketing Management

Routledge

This book provides knowledge and skill-building training exercises in managing marketing decisions in business-to-business (B2B) contexts.

*Nonprofit Marketing*

McGraw-Hill/Irwin

Marketing as a practice is facing unprecedented challenges: a changing media landscape, an increasingly complex customer journey,

innovative technologies, start-ups which disrupt traditional channels and a new generation of tech-savvy clients. How should students and practitioners adapt to this shifting landscape and address the skills gap that many of today's marketers face? Advanced Marketing Management prepares students for this new world of marketing. Since traditional marketing approaches fail to provide convincing solutions to modern business realities, a new approach is urgently needed if marketers are to regain trust within their organizations. Using contemporary examples, business case studies and supporting pedagogy,

Advanced Marketing Management will provide a critical exploration into the more advanced aspects of marketing management, including the gap that exists between formal marketing literature and real-world practice, discussion of multidisciplinary tools, and the crucial evolution of the '4Ps'. Summarizing a large body of literature and academic research on new developments, this book is the go-to guide for students, lecturers and practitioners, wanting to succeed as modern marketers. Online resources include lecture slides and further questions for group discussion.

**Services Marketing and Management**  
Emerald Group

Publishing  
NEW IN PAPERBACK  
'The Handbook of  
Marketing is different...  
that Barton Weitz and  
Robin Wensley are its  
editors should suggest  
something out of the  
ordinary. A glance at  
the contributors (e.g.,  
Wilkie, Webster, Day,  
Shocker, Keller,  
Hauser, Winer,  
Stewart, Parasuraman,  
Zeithaml) puts the  
matter to rest. The  
Handbook is an  
extraordinary effort.  
The blurb on the dust  
jacket is an  
understatement-the  
"Handbook will be  
invaluable to advanced  
undergraduates,  
graduate students,  
academics, and  
thoughtful practitioners  
in marketing"-the book  
is far more than  
that..... in short, the  
Handbook is probably  
invaluable to all

academic researchers'  
- Journal of Marketing  
'Handbook of  
Marketing is a rich  
compilation of  
thorough reviews in  
the field of marketing  
management. The  
editors have selected  
premier marketing  
scholars and have  
given them the  
opportunity to examine  
their area of expertise  
in a format much less  
confining than those  
provided by the major  
journals in the field.  
The authors have  
taken this opportunity  
and have done an  
outstanding job not  
only of reviewing and  
structuring the  
extensive body of  
thought in many major  
areas of marketing  
management but also  
of providing valuable  
suggestions for further  
research. They have  
brought together major

contributions from the field of marketing and from other related disciplines. I strongly encourage marketing scholars to consider Handbook of Marketing. The text will certainly appeal to those with interests in marketing management; it may also be useful to those who are more focused on methodological issues but interested in topics that need additional, rigorous investigation.... In summary, Weitz and Wensley should be congratulated for the excellent work in developing Handbook of Marketing. The book fills a major void in the marketing literature on marketing management and will serve the discipline for many years to come' - Journal of Marketing

Research 'This text achieves the rare goal of covering marketing clearly and deeply, with no unnecessary examples or pretty pictures. For the enquiring mind, it is a wonderful link between a basic knowledge of marketing concepts and a grasp of where research in marketing is taking us' - Ken Simmonds, Emeritus Professor of Marketing and International Business, London Business School The Handbook of Marketing presents a major retrospective and prospective overview of the field of marketing, and provides a landmark reference at a time when many of the traditional boundaries and domains within the marketing discipline have been subject to

change. - A high calibre collection compiled by an international and extremely distinguished advisory board of marketing academics - With contributions from leading scholars in the field, each covering the latest research issues in particular areas of expertise - Each chapter provides the necessary background for study and research of specific empirical and theoretical topics in marketing. The Handbook of Marketing will be invaluable to advanced undergraduates, graduate students and academics in marketing. A Preface to Marketing Management  
 Project Management Institute  
 This is a basic text in International Marketing, a major knowledge area for students of management studies. This book attempts to make learning of the nuances of the subject easy and enjoyable for students. International trade, economic free trade zones,

embargoes on exports, and tariff and non-tariff barriers that the companies face overseas form a major part of the book. In addition, the role of international organizations under the guidance of the United Nations has been given its due importance.

#### Marketing

Management SAGE

Setting the Standard for Product

Management and

Marketing Many of the

leading voices in the

product management

profession collaborated

closely with working

product managers to

develop The Guide to

the Product

Management and

Marketing Body of

Knowledge (the

ProdBOK(r) Guide).

This effort was

enhanced by project

management, user experience, and business analyst thought leaders who further defined and optimized several essential working relationships that improve product manager effectiveness. As a result of this groundbreaking collaboration within the product management community and across the adjoining professions, the ProdBOK Guide provides the most comprehensive view of product management and marketing as they apply to a wide range of goods and services. The resulting standard provides product managers with essential knowledge to improve the practice of product management and deliver organizational results.

This edition of the ProdBOK Guide:  
Introduces a product management lifecycle for goods and services  
Encompasses and defines traditional product development processes such as waterfall, as well as newer approaches that fall under the Agile umbrella  
Illustrates the various inputs and outputs that product managers should consider at each phase of the product management lifecycle  
Highlights how to optimize the working relationship between product management professionals and our counterparts in the project, program, portfolio management, user experience, and business analyst communities  
Describes essential tools that product managers

should be aware of and utilize as they work to create value for their Organizations The ProdBOK Guide represents an industry-wide effort to establish a standard for the practice of product management. The book was sponsored by the Association of International Product Marketing and Management (AIPMM). Founded in 1998, AIPMM aims to help professionals like you attain a higher level of knowledge and enhance the results you bring to your organizations every day. About the Authors Greg Geracie is a recognized product management thought leader and the president of Actuation Consulting, a global provider of product management training,

consulting, and advisory services to some of the world's most well-known organizations. Greg is the author of the global best seller Take Charge Product Management and led the development of the ProdBOK Guide as editor-in-chief. He is also an adjunct professor at DePaul University in Chicago, Illinois. Steven D. Eppinger is professor of management science and innovation at the Massachusetts Institute of Technology (MIT) Sloan School of Management. Professor Eppinger teaches MIT's executive programs in product development and complex project management. He has co-authored a leading textbook, Product Design and Development (5th

edition, 2012, McGraw-Hill), which is used by hundreds of universities around the world
