Millions of people seek ways to relax, promote healing, or connect with their soul. Reiki (pronounced ray-key) is a simple but profound healing system that was originally developed in Japan. Reiki means "spiritual energy" or "universal life-force energy." The Reiki system is universal because it can be used by people of any background or religion. Reiki For Dummies explains how you can harness this energy for yourself. Reiki For Dummies is a plain-English Reiki guidebook. Discover what Reiki is, where it came from, and how to: Find and get the most from a Reiki treatment Use Reiki to boost your physical and emotional health Locate a Reiki class and become a Reiki practitioner Reiki For Dummies is amply illustrated and full of useful information on: Reiki symbols (plus nontraditional symbols) Reiki hand positions (for giving Reiki to yourself or others) Reiki for pets and animals Reiki for children and adults Reiki and surgery or medicines Reiki at birth or end-of-life Reiki in the house, in the car, or at work When you're ready to go further, Reiki For Dummies covers: Western and Japanese Reiki techniques; crystals, long distance Reiki, and setting up a successful Reiki practice. Reiki For Dummies is for you whether you are just finding out about Reiki or you are a seasoned professional who is looking for a clearly written, up-to-date, inclusive, and comprehensive source of Reiki information. Nina Paul, PhD (New York, NY), is a Reiki Master who uses Reiki to help herself and others. She has a doctorate in immunology and epidemiology and she believes in a holistic approach to health and wellness. Nina is also the author of the compassionate guide: *Living with Hepatitis C For Dummies* (0-7645-7620-8).

Sound advice for parents whose kids have trouble concentrating

According to the National Institutes of Health, an estimated five to ten percent of children suffer from Attention Deficit Disorder (ADD) or Attention Deficit Hyperactivity Disorder (ADHD). This book provides answers for parents of children who may have either condition, as well as for adult sufferers. Written in a friendly, easy-to-understand style, it helps people recognize and understand ADD and ADHD symptoms and offers an authoritative, balanced overview of both drug and non-drug therapies.

Tactics, Tools, and Strategies for Business Success

Tackle training and development the fun and easy way so you can share your specialized knowledge with others Millions of Americans train others as part of their jobs. Whether you're an employee training your co-workers on a new process or skill, a volunteer asked to train new volunteers, a chef training your staff, or a paramedic giving CPR training, it's just as important to know how to teach others as it is to know what you're talking about. It doesn't matter how much you know about your subject if you can't share it with others. And that's where *Training For Dummies* comes in—it offers all the nuts and bolts of training for anyone who has to educate others on any subject and in any field—and it's written in plain English. Covering all the modern, interactive instructional methods and dynamic training approaches available, this hands-on guide will help you inspire trainees and keep them engaged throughout the training program. You'll discover: How to master the jargon of training The keys to using audio and visual aids effectively How to prepare for the training certification process Helpful ways to evaluate your results and improve your tactics Tips, techniques, and tidbits for enhancing your training sessions Methods that improve trainee participation Alternatives to the traditional lecture method Tactics for gauging and managing group dynamics Strategies for addressing problems in the classroom Hints for understanding and adapting to different learning styles Resources and other extra material you can immediately use The book has a part dedicated to the training profession, so if you're interested in becoming a professional trainer, you'll learn how to upgrade your skills and knowledge and what the trainer certification process entails. You'll also gain a perspective on other aspects of the field of training. Additionally, *Training For Dummies* shows you ways to inject humor into your training sessions, ideas for saving time in the training room, and icebreakers that actually break the ice. Get your own copy to start flexing your training muscle today.

Whether you're launching a new business or working to strengthen or expand an established one, a business plan is your road map to success Would you take off on a road trip to a new destination without a map or good directions? Probably not. Yet sometimes business owners go full speed ahead without objectives, a mission, or even a destination in mind, much less a map showing them how to get there. That's why so many businesses have difficulty making it – and unfortunately, several don't – in today's competitive marketplace. *Business Plans For Dummies* helps you start a new business with clear goals and a path forward to reach those goals. If you already have a business, this no-nonsense and comprehensive guide can help you realistically determine where your business is and where you want to take it. You'll learn to: Create a detailed business plan Put that plan into action (instead of in a drawer) Use the plan to secure financing Prepare for opportunities Avoid common pitfalls In short, *Business Plans For Dummies* helps you create a map to help you take your business where you want it to go. You'll discover how to: Identify and approach potential financial backers, including venture capital firms, angels, bankers, and others Clarify and crystallize your company's mission, vision, and values Analyze your industry and your competition Identify your customers, including their needs, habits, purchase triggers, and decision-making processes Objectively analyze your company's strengths and weaknesses Analyze your financial situation to create realistic forecasts and budgets Recognize trends and anticipate changes, both in the overall economy and in your industry Plan for growth, based on new markets, your product's life cycle, or the creation of new products Structure your organization Nurture leadership Complete with diverse

techniques and approaches plus a sample business plan, *Business Plans For Dummies* gives you detailed how-to for designing a dynamic business plan that will help you navigate the inevitable curves and detours in today's marketplace and keep you on course. If you're a business owner or entrepreneur – or you want to be one – this friendly and accessible guide is a must-have resource.
