With an uncanny relevance to today's world and inspired by the life of its author, Karl's Story, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl .A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to middle elementary

grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk . Karl's Story begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin .Their journey, their

story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well . Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved,

but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all. *How the Digital Age Stupefies Young Americans and Jeopardizes Our Future(Or, Don 't Trust Anyone Under 30)* Createspace Independent Publishing Platform The Associated Press calls

them "The Entitlement Generation," and they are storming into schools, colleges, and businesses all over the country. They are a generation with sky-high expectations and a need for constant praise and fulfillment.

Psychologist and social commentator Twenge documents the self-focus of what she calls "Generation Me"--People born in the 1970s, 1980s, and 1990s--and explores why her generation is tolerant, confident, open-minded, and ambitious but also cynical,

depressed, lonely, and anxious. Using findings from the largest intergenerational study ever conducted, Twenge reveals how profoundly different today's young adults are, and makes controversial predictions about what the future holds for them and society as a whole. But Dr. Twenge doesn't just talk statistics--she highlights real-life people and stories and vividly brings to life the hopes and dreams, disappointments and challenges of Generation

Me.--From publisher description.

Sixteen year old Regan Stone has her life all mapped out. Every choice, from her dual credit classes to the out-of-state university she's selected is deliberate. She even has a no-romance stipulation to avoid dangerous distractions. What Regan didn't anticipate was the sudden change in her best friend, Lane, leaving only glimpses of the boy she

grew up with. The bombshell Lane drops on her weeks before he leaves for college compels Reagan to come to terms with her own feelings. This summer may change everything.

Is This Poetry? Generation Me - Revised and Updated Why Today's Young Americans Are More Confident, Assertive, Entitled--and More Miserable Than Ever Before

Justin had made a mistake. A big, life-changing mistake. He already failed June once.

He wasn't there when she needed him, and because of him, their lives will never be the same. June is everything to Justin, and he must be everything to her. He must protect June at all costs. Justin is prepared spend the rest of his life keeping her from getting hurt again. But it seems they are always falling behind, barely keeping one step ahead of the nightmares. There is always one more hazard, just around the corner. -A heartbreaking and intense story of the journey of two

children to find themselves and happiness. -Is it possible to rise above your circumstances when you already have two strikes against you? That is the question facing June and Justin, children thrust into circumstances that would defeat many adults. Can they ever hope to live happy, normal lives?

 This shocking, surprisingly entertaining romp into the intellectual nether regions of today's underthirty set reveals the disturbing and, ultimately,

incontrovertible truth: cyberculture is turning us into a society of know-nothings. The Dumbest Generation is a dire report on the intellectual life of young adults and a timely warning of its impact on American democracy and culture. For decades, concern has been brewing about the dumbed-down popular culture available to young people and the impact it has on their futures. But at the dawn of the digital age, many thought they saw an answer: the internet, email, blogs, and

interactive and hyper-realistic video games promised to yield a generation of sharper, more aware, and intellectually sophisticated children. The terms "information superhighway" and "knowledge economy" entered the lexicon, and we assumed that teens would use their knowledge and understanding of technology to set themselves apart as the vanguards of this new digital era. That was the promise. But the

enlightenment didn't happen. The technology that was supposed to make young adults more aware, diversify their tastes, and improve their verbal skills has had the opposite effect. According to recent reports from the National Endowment for the Arts, most young people in the United States do not read literature, visit museums, or vote. They cannot explain basic scientific methods, recount basic American history, name their local political representatives, or locate

Iraq or Israel on a map. The Dumbest Generation: How the Digital Age Stupefies Young Americans and Jeopardizes Our Future is a startling examination of the intellectual life of young adults and a timely warning of its impact on American culture and democracy. Over the last few decades, how we view adolescence itself has changed, growing from a pitstop on the road to adulthood to its own space in society, wholly separate from adult life. This change in adolescent

culture has gone hand in hand with an insidious infantilization of our culture at large; as adolescents continue to disengage from the adult world, they have built their own, acquiring more spending money, steering classrooms and culture towards their own needs and interests, and now using the technology once promoted as the greatest hope for their futures to indulge in diversions, from MySpace to multiplayer video games, 24/7. Can a nation continue to enjoy political and economic

predominance if its citizens refuse to grow up? Drawing upon exhaustive research, personal anecdotes, and historical and social analysis, *The Dumbest Generation* presents a portrait of the young American mind at this critical juncture, and lays out a compelling vision of how we might address its deficiencies. *The Dumbest Generation* pulls no punches as it reveals the true cost of the digital age—and our last chance to fix it.

The Impatient Woman's

Guide to Getting Pregnant
Simon and Schuster
WARNING: Mature Readers Only - This Book Contains Taboo Adult Content. Kate is a bright young lady who is happy to keep her home clean for her husband and for her boyfriend; the next door neighbor.

Fortunately both men know about each other and are happy to share this gorgeous young lady. Kate can be a diva, she may be thirty one but she generally acts like a little girl; something that both Peter and Tom have

noticed and capitalized on. The relationships have continued amicably for some time. However, no matter how hard she tries, Kate never gets the cleaning right. The punishments are instant. Although they range in nature they are all designed to provide satisfaction to her. Considering the amount of times she is punished both men start to suspect that she is enjoying them far too much. Peter and Tom are both interested in developing the relationships with their

little girl. But the two men appear to have very different ideas regarding which direction they would like to move in... Ready for an adventure? Many young adults are faced with the 'Paradox of Choice' about the best route to take for their future. The struggle is real and can even produce frustration, anxiety, and depression.
#TwentiesBeatDown This workbook is perfect for someone in those college or post-college years (early to late 20s) who are still trying to figure out what to do with their lives. It's also ideal for those

later in their careers who feel off track or without purpose. And even the mature teen who is genuinely considering his or her future will find benefit in this workbook as well. Designed to complement work with a coach or mentor, the process aims to help young adults get "unstuck," and figure out their identity, purpose and calling. The workbook is process-based and broken up into three phases: Taking Personal Inventory Self-Discovery Integration or Application of what was

learned Concepts are introduced through illustrated graphics and questions to help people look at their life from different perspectives. The author also presents his own model to help one discover their "Identity DNA" which provides solid anchor points to help make lasting life decisions. Other topics include: Personal Growth and Development Gifts, Values, Vision Identity Capital Integrity Relationships and Networking
iGen Simon and Schuster

This award winning book tells a mother's story of raising her son Michael, who was born missing a submicroscopic piece of chromosome 22. That tiny missing fragment of DNA affected every aspect of his life physically, mentally, and spiritually. Michael's mother describes her adventures and misadventures with the medical system, educational system, and legal system during his growing up years. While Michael and his mother were both yearning for normal through their

struggles, they were also learning acceptance of life as it is with all its glory and imperfections.
Answering Why Sally Henson
Lucky child - what a wondrous world you live in! This is the theme of *Little Blue Planet* - a book meant to be read aloud to very young children. As you and the child explore the pages of this book, you will encounter the natural wonders of our world: forests, jungles, volcanoes, swamps, coral reefs and many more. Each of these wonders is

captured in a two-page spread, with a scenic watercolor on the left and an imaginative view featuring a child on the right. This book is a first travelogue for the tiny set. It is primarily a picture book, but has just enough text to provide context and encourage the child to imagine what it would be like to visit this place. This book makes for a beautiful and quick read.
Greenleaf Book Group
Just for a moment imagine yourself the spouse or even the parent of

someone in prison. What images come to your mind? In her story, the author challenges us to think outside of our own mindsets. Through the writer's eyes you will see glimpses of what it is really like from the outside looking in. It is her hope that as you read you will not only recognize things that have "imprisoned" you but that you will be set free from those things. Isaiah 61:1 The Spirit of the Lord is upon me because the Lord hath anointed me to preach good tidings unto

the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound... -----

In the battle between mazes and kids, who will win? Your child might, if he/she has the patience and right strategy to get out of all these mazes. Answering mazes is a fun learning experience that will help improve your

child's ability to think of strategies quite fast. Start your child's training with one book of mazes at a time.

Boomers, Millennials, and the Looming Generational Showdown

Little, Brown
This is the story of an Irish family from Cork Ireland. It documents how they survived in the 50's and 60's and will take you on a roller coaster ride of every emotion, sometimes all on the same page. Here you will read of an inspiring mother, always encouraging her six

children to laugh at life, and believe in tomorrow. She did this inspiring while battling a domineering old grandmother, and an alcoholic husband, as her children drank tea from their jam jars, and read by a candle. Its a book filled with humor, drama, and dreams that come true, culminating in the author meeting his American dream. It's said the book is like, Irish Stew for the Soul. You will feel uplifted when you finish reading a book that seems to be everyone's story.

thought grownups had it easy so did these ladies. Follow their journeys while getting lost in the grownup world.

Pursue Your Purpose Not Your Dreams

Mariner Books Virginia Woolf introduced us to the “Angel in the House”, now prepare to meet... The Bitch In the House. This e-book includes an exclusive excerpt from The Bitch is Back: Older, Wiser, and Getting Happier, a second collection of essays from nine of the contributors featured in The Bitch in

the House and from sixteen captivating new voices. Women today have more choices than at any time in history, yet many smart, ambitious, contemporary women are finding themselves angry, dissatisfied, stressed out. Why are they dissatisfied? And what do they really want? These questions form the premise of this passionate, provocative, funny, searingly honest collection of original essays in which twenty-six women writers—ranging in age from twenty-four to sixty-five, single and

childless or married with children or four times divorced—invite readers into their lives, minds, and bedrooms to talk about the choices they’ve made, what’s working, and what’s not. With wit and humor, in prose as poetic and powerful as it is blunt and dead-on, these intriguing women offer details of their lives that they’ve never publicly revealed before, candidly sounding off on: • The difficult decisions and compromises of living with lovers, marrying, staying single and having

children • The perpetual tug of war between love and work, family and career • The struggle to simultaneously care for ailing parents and a young family • The myth of co-parenting • Dealing with helpless mates and needy toddlers • The constrictions of traditional women’s roles as well as the cliches of feminism • Anger at laid-back live-in lovers content to live off a hardworking woman’s checkbook • Anger at being criticized for one’s weight • Anger directed at their mothers, right and

wrong • And—well—more anger... “This book was born out of anger,” begins Cathi Hanauer, but the end result is an intimate sharing of experience that will move, amuse, and enlighten. The Bitch in the House is a perfect companion for your students as they plot a course through the many voices of modern feminism. This is the sound of the collective voice of successful women today—in all their anger, grace, and glory. From *The Bitch In the House*: “I believed myself

to be a feminist, and I vowed never to fall into the same trap of domestic boredom and servitude that I saw my mother as being fully entrenched in; never to settle for a life that was, as I saw it, lacking independence, authority, and respect.” —E.S. Maduro, page 5
 “Here are a few things people have said about me at the office: ‘You’re unflappable.’ ‘Are you ever in a bad mood?’ Here are things people—okay, the members of my family—have said about me at home: “Mommy is

always grumpy.’ ‘Why are you so tense?’ ‘You’re too mean to live in this house and I want you to go back to work for the rest of your life!’” —Kristin van Ogtrop, page 161
 “I didn’t want to be a bad mother I wanted to be my mother-safe, protective, rational, calm-without giving up all my anger, because my anger fueled me.” —Elissa Schappell, page 195
A Gritty Contemporary YA/Teen Novel Penguin
 Kelvin and his Dad were taking a walk, looking at the trees and flowers in

the park. When Kelvin asked his Dad ¿How do trees grow?¿ To which his dad replied, ¿Do you really want to know?¿ In this story, children will learn about the process of photosynthesis and why it is important to life on Earth. Look out for this and other titles in The Young Scientist Series of books which ¿Teaches Young Minds through Science and Rhymes¿.
