*Extended Statehood in the Caribbean* Bold Type Books

The idea for this volume arose out of a need for a treatment of the interplay between language and ethnonationalism within both formal and nonformal

educational settings. In no way intended to be exhaustive in scope, the contents give the reader a critical overview of issues related to language, cultural identity formation, and ethnonationalism. The chapters within this work deal with the effects of different language groups with differing amounts of power within society coming into contact with one another, and provide insight into how language is both utilized by and affected by processes such

as colonialism, post-colonialism, acculturation, and ethnonationalism. Language is central to culture—indeed houses cultural understandings and allows generational transfer of key aspects of a group's heritage.

*El colonialismo, la explotacion y la traicion a Puerto Rico* Cambridge University Press This personal, creative, critical work from a leading scholar of psychology is rooted in three novel concepts and aims to share

critical pedagogy in the spirit of nascent potential found in the context of a colonial Puerto Rico. First comes the idea of 'pedagogy in (e)motion', or the emotional matrix of the teaching and learning process. Secondly, the author explores the notion of 'street pedagogy' as a genuine and powerful professional tool. And thirdly, the book underscores what Zambrana-Ortiz calls 'the interconnection of the arts/science within the political and biographical act of teaching'. The purpose is to inform education teaching practice with the radical framework that, like the neurosciences, believes emotions to be a vital precursor to the planning of action, the process of decision-making and the broadening of our cognitive parameters. The chapters focus on different and yet complementary dimensions of a college teaching initiative boasting a unique interplay between a transgressive narrative, reinvented methodology and authentic samples of students' contributions to the project. Traditionally, emotional and visceral experiences have been downplayed and rejected as fundamental components of knowledge. This book makes the case for their

reinstatement, and proposes that the pleasure and commitment of teaching itself can be seen as resistance given the challenging social and political context, the bureaucracy of the Puerto Rican higher education system, and the cynicism of the self-confessed cognoscenti who think that little political progress can come from within the university system. Such resistance has proved for the author a source of inspiration and has contributed to her creation and reconceptualization of approaches to critical and useful pedagogy. To my students who inspire many stories and provoke many emotions and challenge my capacities... To Aura, Ignacio and Jaime for their unconditional love and their everyday lessons... Acknowledgments Many friends, mentors and colleagues from the University of Puerto Rico and United States were very important pieces to my creative work. Thanks to Donaldo Macedo who encouraged the initial proposal and to Joe Kincheloe for accepting it and bringing guidance in the right moment. Colleagues like Roamé Torres and Angeles Molina, from their directive positions, were extremely supportive while Sandra

Macksoud, José Solís, Pedro Subirats, and Ada Prabhavat gave me guidance and constant insights in editing and translation, as well as crucial material for my narrative. Juan Vadi enhanced my graphic elements with his talent; while college mentors, current colleagues, teachers, and former graduate and undergraduate students allowed me to write their stories and reflections bringing fresh accents and life to the book. Thanks for ever!

*Post 9/11 and the State of Permanent Legal Emergency* Rowman & Littlefield  
Las carpetas tanto de la Policía del gobierno colonial de Puerto Rico como los documentos entregados por el FBI de los Estados Unidos revelan la incapacidad del régimen para detectar la actividad realmente subversiva en la que estuvimos envueltos. Solo pudieron acceder a los actos políticos públicos, legales y abiertos, en los que este autor participó a lo largo de medio siglo de lucha ininterrumpida, como militante y luego dirigente del Movimiento Pro Independencia (MPI) y luego fundador del Partido Socialista Puertorriqueño (PSP). Si algún evento ilegal detectó e informó ese aparato

represivo, contenidos en los documentos secretos que hoy hacemos públicos en estos seis volúmenes, se trató de actos de desafío diseñados cuidadosamente por la dirección de esas organizaciones.

#### *Centro News* Routledge

This definitive reader brings together seminal articles on development in Latin America. Tracing the concepts and major debates surrounding the issue, the text focuses on development theory through three contrasting historical perspectives: imperialism, underdevelopment and dependency, and globalization. By offering a rich array of essays from Latin American Perspectives, the book allows students to sample all the important trends in the field. A new general introduction and conclusion, along with part introductions, contextualize each selection. One of the leading figures in development studies, Ronald Chilcote shows in this text why work on imperialism dating to the turn of the twentieth century informs the controversies on dependency and underdevelopment during the 1960s and 1970s as well as the globalization debates of the past decade. If students are to understand development in Latin America,

they must not only be familiar with historical examples and recognize that various theoretical perspectives affect our interpretation of events, they must be willing to keep an open mind. Thus, rather than setting out established premises, this reader offers different points of view, raising provocative questions about Latin America that remain largely unanswered even today. Students will come away from this rewarding collection ready to pursue new understanding through critical inquiry and thinking.

#### NPRC Reports NYU Press

The News Media in Puerto Rico offers a synopsis as well as a critical analysis of the Island's news media system, with emphasis on the political and economic factors that most influence how the media operate. The authors also document the impact of Hurricane Maria on the media structures and the changing media landscape given the political, economic and colonial strictures. Building on interviews with news media professionals, the book further presents detailed insights about journalism and journalism education in these times of crises. The final chapters include theoretical frameworks and

methodological guidelines for the analysis of other colonial, post-colonial and neo-colonial media systems, with research recommendations valuable for future studies of the Island's media as well as for cross-national comparisons. This book will be an essential read for students and scholars interested in learning not only about the Puerto Rican and Latin American mass media, but also the media systems of other colonial/neo-colonial countries.

#### **Las carpetas** Routledge

Essays on human rights in Puerto Rico during the twentieth century. Puerto Rico, one of the last and most populated colonial territories in the world, occupies a relatively unique position. Its lengthy interaction with the United States has resulted in the long-term acquisition of expanded legal rights and relative political stability. At the same time, that interaction has simultaneously seen political intolerance and the denial of basic rights, particularly toward those who have challenged colonialism. In Puerto Rico under Colonial Rule, academics and intellectuals from the fields of political science, history, sociology, and law examine three themes: evidence of state-

sponsored political persecution in the twentieth century, contemporary issues, and the case of Vieques. Ramón Bosque-Pérez is a Researcher at the Center for Puerto Rican Studies at Hunter College, The City University of New York. José Javier Colón Morera is Professor of Political Science at the University of Puerto Rico at Río Piedras. Bosque-Pérez and Colón Morera have also coedited *Las Carpetas: Persecución política y derechos civiles en Puerto Rico*.

**Diasporic Ruptures** U of Nebraska Press  
El Comité Organizador del 56º Congreso Internacional de Americanistas (ICA) publica las actas del encuentro celebrado en la Universidad de Salamanca el 15 al 20 de julio de 2018. Bajo el lema «Universalidad y particularismo en las Américas», reflexionó sobre la dialéctica entre la universalidad y los particularismos en la producción de conocimiento, un diálogo en el que la necesidad de conocer los particularismos de los fenómenos sociales, políticos, artísticos y culturales obliga a formular nuevas hipótesis que enriquecen y replantean las grandes teorías generales de las ciencias y las humanidades. El carácter interdisciplinario

e inclusivo que ha caracterizado al ICA desde su inicio en 1875, como un congreso de estudios de área en sentido completo, hace aún más significativa esa dinámica de producción de conocimiento. Con un planteamiento interdisciplinario e inclusivo, ICA reúne a investigadores que estudian el continente americano, desde Alaska hasta Tierra de Fuego, incluyendo el territorio del Caribe, a partir del análisis de su política, economía, cultural, lenguas, historia y prehistoria. Así, el Comité Organizador les invitó participar en el análisis y la reflexión sobre las especificidades de las Américas y el Caribe con el objetivo de enriquecer las grandes teorías generales.

**los grupos y la lucha ideológica : 1959-2000** Independently Published  
“Prepárese para ser enfurecido. Una lectura obligada y reveladora.” —Robert Domínguez, *New York Daily News* En 1950, después de cincuenta años de ocupación militar y gobierno colonial, el Partido Nacionalista de Puerto Rico montó una fallida revolución armada contra Estados Unidos. La violencia arrasó con la isla: comandos nacionalistas fueron enviados a Washington a ajusticiar al presidente

Harry Truman, se desataron tiroteos en ocho municipios, se incendiaron cuarteles policíacos y oficinas de correo. Para sofocar esta insurrección, el Ejército de Estados Unidos desplegó miles de tropas y ametralló dos pueblos desde el aire, marcando la primera vez en su historia que el gobierno estadounidense atacó de esta forma a sus propios ciudadanos. Por medio de narraciones orales, entrevistas personales, relatos de testigos oculares, testimonios del Congreso de Estados Unidos y archivos recientemente liberados al público por el FBI, *Guerra Contra Todos los Puertorriqueños* nos relata la historia de una revolución olvidada y su contexto en la historia grande de Puerto Rico, desde la invasión estadounidense de 1898 hasta la lucha actual por la plena autodeterminación de los puertorriqueños.

**Neoliberalism Since The French Antillean Uprisings of 2009** ABC-CLIO  
The powerful, untold story of the 1950 revolution in Puerto Rico and the long history of U.S. intervention on the island, that the *New York Times* says "could not be more timely." In 1950, after over fifty years of military occupation and colonial rule, the Nationalist Party of Puerto Rico

staged an unsuccessful armed insurrection against the United States. Violence swept through the island: assassins were sent to kill President Harry Truman, gunfights roared in eight towns, police stations and post offices were burned down. In order to suppress this uprising, the US Army deployed thousands of troops and bombarded two towns, marking the first time in history that the US government bombed its own citizens. Nelson A. Denis tells this powerful story through the controversial life of Pedro Albizu Campos, who served as the president of the Nationalist Party. A lawyer, chemical engineer, and the first Puerto Rican to graduate from Harvard Law School, Albizu Campos was imprisoned for twenty-five years and died under mysterious circumstances. By tracing his life and death, Denis shows how the journey of Albizu Campos is part of a larger story of Puerto Rico and US colonialism. Through oral histories, personal interviews, eyewitness accounts, congressional testimony, and recently declassified FBI files, *War Against All Puerto Ricans* tells the story of a forgotten revolution and its context in Puerto Rico's history, from the

US invasion in 1898 to the modern-day struggle for self-determination. Denis provides an unflinching account of the gunfights, prison riots, political intrigue, FBI and CIA covert activity, and mass hysteria that accompanied this tumultuous period in Puerto Rican history.

*Language of the Land* Springer Science & Business Media

The first sustained critical examination of the work of Dominican-American writer Junot Díaz, this interdisciplinary collection considers how Díaz's writing illuminates the world of Latino cultural expression and trans-American and diasporic literary history. Interested in conceptualizing Díaz's decolonial imagination and his radically re-envisioned world, the contributors show how his aesthetic and activist practice reflect a significant shift in American letters toward a hemispheric and planetary culture. They examine the intersections of race, Afro-Latinidad, gender, sexuality, disability, poverty, and power in Díaz's work. Essays in the volume explore issues of narration, language, and humor in *The Brief Wondrous Life of Oscar Wao*, the racialized constructions of gender and sexuality in *Drown* and *This Is*

*How You Lose Her*, and the role of the zombie in the short story "Monstro." Collectively, they situate Díaz's writing in relation to American and Latin American literary practices and reveal the author's activist investments. The volume concludes with Paula Moya's interview with Díaz. Contributors: Glenda R. Carpio, Arlene Dávila, Lyn Di Iorio, Junot Díaz, Monica Hanna, Jennifer Harford Vargas, Ylce Irizarry, Claudia Milian, Julie Avril Minich, Paula M. L. Moya, Sarah Quesada, José David Saldívar, Ramón Saldívar, Silvio Torres-Saillant, Deborah R. Vargas

**Puerto Rico under Colonial Rule** BRILL

In this book, the islands' connections with American and European metropolitan centers are considered lifelines, which must be strengthened. The constitutional arrangement is defined as extended statehood, a form of government that is meant to supplement the island government. Circumstances have changed and require a format of analysis that goes beyond the old landscape of 'colonies' and 'independent states.' The objective of this book is to promote a new look at extended statehood in the Caribbean while raising a number of questions relating to the

operation of the different extended statehood systems across the region.

The Struggle of Non-Sovereign Caribbean Territories Bold Type Books

An examination of the legal relationship between U.S. and Puerto Rico.

**The 'war on Terror' as Terror** Indiana University Press

Latinas in the United States: A Historical Encyclopedia records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez-Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, comadres, and landowners, as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after EuroAmerican colonization and conquest; the early-19th-century migration of Puerto Ricans and

Cubans; 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics; and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, *Latinas in the United States* offers a mosaic of historical experiences, detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action, while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty.

"Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them." -- curledup.com

*The Political and Cultural Conflict Between the United States and Puerto Rico* Las carpetas persecución política y derechos civiles en Puerto Rico : ensayos y documentos Puerto Rico under Colonial Rule Political Persecution and the Quest for Human Rights

*The Struggle of Non-Sovereign Caribbean Territories* is an essay collection made up of two sections; in the first, a group of anglophone and francophone scholars

examines the roots, effects and implications of the major social upheaval that shook Guadeloupe, Martinique, French Guiana, and Réunion in February and March of 2009. They clearly demonstrate the critical role played by community activism, art and media to combat politico-economic policies that generate (un)employment, labor exploitation, and unattended health risks, all made secondary to the supremacy of profit. In the second section, additional scholars provide in-depth analyses of the ways in which an insistence on capital accumulation and centralization instantiated broad hierarchies of market-driven profit, capital accumulation, and economic exploitation upon a range of populations and territories in the wider non-sovereign and nominally sovereign Caribbean from Haiti to the Dutch Antilles to Puerto Rico, reinforcing the racialized patterns of socioeconomic exclusion and privatization long imposed by France on its former colonial territories.

**Puerto Rico Past and Present: An Encyclopedia, 2nd Edition** Rutgers University Press

Offering a comprehensive overview of

Puerto Rico's history and evolution since the installation of U.S. rule, Cesar Ayala and Rafael Bernabe connect the island's economic, political, cultural, and social past. Puerto Rico in the American Century explores Puerto Ricans in the diaspora as well as the island residents, who experience an unusual and daily conundrum: they consider themselves a distinct people but are part of the American political system; they have U.S. citizenship but are not represented in the U.S. Congress; and they live on land that is neither independent nor part of the United States. Highlighting both well-known and forgotten figures from Puerto Rican history, Ayala and Bernabe discuss a wide range of topics, including literary and cultural debates and social and labor struggles that previous histories have neglected. Although the island's political economy remains dependent on the United States, the authors also discuss Puerto Rico's situation in light of world economies. Ayala and Bernabe argue that the inability of Puerto Rico to shake its colonial legacy reveals the limits of free-market capitalism, a break from which would require a renewal of the long

tradition of labor and social activism in Puerto Rico in connection with similar currents in the United States.

### **Revolución y Terror en la Colonia**

**Americana** Univ of North Carolina Press

A crucial, clear-eyed accounting of Puerto Rico's 122 years as a colony of the US. Since its acquisition by the US in 1898, Puerto Rico has served as a testing ground for the most aggressive and exploitative US economic, political, and social policies. The devastation that ensued finally grew impossible to ignore in 2017, in the wake of Hurricane María, as the physical destruction compounded the infrastructure collapse and trauma inflicted by the debt crisis. In *Fantasy Island*, Ed Morales traces how, over the years, Puerto Rico has served as a colonial satellite, a Cold War Caribbean showcase, a dumping ground for US manufactured goods, and a corporate tax shelter. He also shows how it has become a blank canvas for mercenary experiments in disaster capitalism on the frontlines of climate change, hamstrung by internal political corruption and the US federal government's prioritization of outside financial interests. Taking readers from

San Juan to New York City and back to his family's home in the Luquillo Mountains, Morales shows us the machinations of financial and political interests in both the US and Puerto Rico, and the resistance efforts of Puerto Rican artists and activists. Through it all, he emphasizes that the only way to stop Puerto Rico from being bled is to let Puerto Ricans take control of their own destiny, going beyond the statehood-commonwealth-independence debate to complete decolonization.

#### Medio siglo de persecución política

#### Volumen 4 Rutgers University Press

Recently revised to include the latest current events, this classic reference presents the historical, social, political, and cultural aspects of Puerto Rico. Puerto Rico, an island rich with culture and national pride, continues to inspire debate

over its designation as a commonwealth of the United States. This updated edition of a popular encyclopedia captures important historical, social, political, and cultural developments of the oldest colony in the world, up to and including the region's current status in relation to the United States. The fascinating work is full of facts, figures, and narratives of the struggles, achievements, and creations of the Puerto Rican people. Essays highlight the area's economy, geography, religion, education, language, radio, television, social media, and films. A focus on the contributions of key historical figures showcase the stories of Ramon Power y Giralte, the first envoy to the Spanish Courts; and Juan Mari Brás, founder of the Puerto Rican Socialist Party, among others. The second edition features recent developments in the commonwealth, including the election of its first female governor, the introduction of the first sales tax, and the financial crisis that shut down schools. • Offers insight into more than 500 years of Puerto Rican history • Introduces the concept of "Nuyoricans," a term for those who have helped to define and create alternative definitions of Puerto Rico • Contains

biographical entries on historical figures and political leaders • Includes a selection of photographs to visually engage the reader

*Paradoxes of Quasi Colonialism, Local Autonomy, and Extended Statehood in the USA, French, Dutch, and British Caribbean*  
Bold Type Books

Residents of Vieques, a small island just off the east coast of Puerto Rico, live wedged between an ammunition depot and live bombing range for the U.S. Navy. Since the 1940s when the navy

expropriated over two-thirds of the island, residents have struggled to make a life amid the thundering of bombs and rumbling of weaponry fire. Like the army's base in Okinawa, Japan, the facility has drawn vociferous protests from residents who challenged U.S. security interests overseas. In 1999, when a local civilian employee of the base was killed by a stray bomb, Vieques again erupted in protests that have mobilized tens of thousands individuals and transformed this tiny Caribbean Island into the setting for an

international cause célèbre. Katherine T. McCaffrey gives a complete analysis of the troubled relationship between the U.S. Navy and island residents. She explores such topics as the history of U.S. naval involvement in Vieques; a grassroots mobilization led by fishermen that began in the 1970s; how the navy promised to improve the lives of the island residents and failed; and the present-day emergence of a revitalized political activism that has effectively challenged

naval hegemony. The case of Vieques brings to the fore a major concern within U.S. foreign policy that extends well beyond Puerto Rico: military bases overseas act as lightning rods for anti-American sentiment, thus threatening this country's image and interests abroad. By analyzing this particular, conflicted relationship, the book also explores important lessons about colonialism and postcolonialism and the relationship of the United States to the countries in which it maintains military bases.
