Adrienne Geffel: A Fiction
Arcade

A charming circular story where the tiniest animal just might be the most powerful. When the Elephant walks, he scares the Bear. When the Bear runs away, he scares the Crocodile. When the Crocodile swims for his life, he scares the Wild Hog . . . and so on, down to the Mouse. And who could be scared of the

little Mouse? The last spread answers this question in a way that will delight small children-and the endearing animals, rhythmic text, and hilarious illustrations will make this book a favorite. Food is More Than Just Something to Eat Sourcebooks, Inc.

Anne Carson's new work that reconsiders the stories of two iconic women—Marilyn Monroe and Helen of Troy—from their point of view Winner of the Governor General Award in Poetry Norma Jeane Baker of Troy is a meditation on the destabilizing and destructive power of beauty, drawing together Helen of Troy and Marilyn Monroe, twin avatars of female fascination separated by millennia but united in mythopoeic

force. Norma Jeane Baker was staged in the spring of 2019 at The Shed's Griffin Theater in New York, starring actor Ben Whishaw and soprano Renée Fleming and directed by Katie Mitchell. *The Night at the Museum* Watson-Guptill

Robert Frank turned to filmmaking at the end of the 1950s. Although he has made 27 films, the work is largely a wellkept secret. Frank approaches each film project as a new experience, challenging the medium and its possibilities at every turn. He has amalgamated documentary, fiction, and autobiography, cutting across genres. This book offers a visually unique approach to Frank's films: only new stills taken from videotapes have been used and they add up to a visual essay on Frank's cinema that establishes an engaging dialogue with his photographic work. Each film is introduced with detailed analysis, discussing the history and the aesthetics of Frank's film work. An interview with Allen Ginsberg provides an insider view. Together the texts and images offer an innovative and in-depth approach to the oeuvre of one of the greatest and most restless artists of

the 20th century. Robert Frank was born in Zurich, Switzerland in 1924 and went to the United States in 1947. He is best known for his seminal book *The Americans* (1958), which gave rise to a distinct new art form in the photo-book, and his experimental film *Pull My Daisy* (1959) both reproduced by Steidl within The Robert Frank Project.

Dentists McGraw-Hill/Glencoe

The boy who comes back from a war far away in a wooden box is glorified and called a hero. As the funeral plans are made in a small Kent town, his siblings squabble over who he was. Maybe the fanfare isn't needed for this heroic martyr. *Vera Vera Vera* is a blackly comic play about what we are willing to fight for. Her first work for the theatre, *Hayley Squires* is a bracing new voice, clear eyed and loud, looking at violence, neglect and apathy. Depicting a gritty slice of social realism, *Vera Vera Vera* portrays the disjunction between the lives of the surviving family against the memories and patriotic commemoration for the dead. Looking at drug addiction, crime, verbal

and domestic abuse, engrained racism, the characters' downtrodden and trapped lives are exposed with honesty and verve. This brave and uncompromising play questions both the validity of the myth of the martyred soldier and the true worth of survival for those left behind.

Don't Laugh, Joe! Pcf Studios

An authentic compendium of 1970s' New York style and attitude and a confirmed masterpiece. *Idols* began with an awestruck Larrain visiting Kansas City in the explosively liberating early years of the gay rights movement and befriending Taylor Meade and John Noble. Once they had been photographed, the rest of the troupe followed suit. The result is a collection of photographs of a generation of New York's most talented, outrageous, glamorous and mostly gay personalities who posed for Larrain in his now legendary Soho studio. *Vera Vera Vera* McGraw Hill Professional Comprehensive English language arts program. *The House of Souls* powerHouse Books

Daniels have been enthusiastically embraced by Japanese consumers in recent decades. But rather than simply imitate or borrow from the West, the Japanese reinterpret and transform Western products and practices to suit their culture. This entertaining and enlightening book shows how in the process of domesticating foreign goods and customs, the Japanese have created a culture in which once-exotic practices (such as ballroom dancing) have become familiar, and once-familiar practices (such as public bathing) have become exotic. Written by scholars from anthropology, sociology, and the humanities, the book ranges from analyses of Tokyo Disneyland and the Japanese passion for the Argentinean tango to discussions of Japanese haute couture and the search for an authentic nouvelle cuisine japonaise. These topics are approached from a variety of perspectives, with explorations of the interrelations of culture, ideology, and national identity and analyses of the roles that gender, class, generational, and regional differences play in the patterning of

Japanese consumption. The result is a fascinating look at a dynamic society that is at once like and unlike our own. **Manpower Report of the President** Raintree This never-before-told story of the life and work of a (fictitious) musical phenomenon is "a revealing?and at times hilarious?satire of the music business, fame, and the cult of personality" (Clea Simon, Boston Globe). Adrienne Geffel was a genius. Praised as the "Geyser of Grand Street" and the "Queen of Bleak Chic," she was a one-of-a-kind artist, a pianist and composer with a rare neurological condition that enabled her to make music that was nothing less than pure, unmediated emotional expression. She and her sensibility are now fully integrated into the cultural lexicon; her music has been portrayed, represented, and appropriated endlessly in popular culture. But what do we really know about her? Despite her renown, Adrienne Geffel vanished from public life, and her whereabouts remain a mystery to this day. David Hajdu cuts through the noise to tell, for the first time, the full story of Geffel's life and work,

piecing it together through the memories of those who knew her, inspired her, and exploited her—her parents, teachers, best friend, manager, critics, and lovers. Adrienne Geffel made music so strange, so compelling, so utterly unique that it is simply not to be believed. Hajdu has us believing every note of it in this slyly entertaining work of fiction. A brilliantly funny satire, with characters that leap off the page, Adrienne Geffel is a vividly twisted evocation of the New York City avant-garde of the 1970s and '80s, and a strangely moving portrait of a world both utterly familiar and like none we've ever encountered.
