**For the IB diploma** United Nations  
This report takes a broad view of the link between work and human development. Work is a critical tool for economic growth and security, poverty reduction and gender equality. It enables full participation in society while affording people a sense of dignity and worth. Humans working together not only increase their material well-being, they also accumulate a wide body of knowledge that serves as the basis for cultures and civilizations. The report finds that work enhances human development when policies are taken to expand productive, remunerative and satisfying work opportunities. Workers' skills and potentials are enhanced, their well-being in terms of rights, safety and benefits are ensured with targeted interventions, and an agenda incorporating decent work, a new Social Contract and a Global Deal is pursued.

*The State of the World's Land and Water Resources for Food and Agriculture* is FAO's first flagship publication on the global status of land and water resources. It is an 'advocacy' report, to be published every three to five years, and targeted at senior level decision makers in agriculture as well as in other sectors. SOLAW is aimed at sensitizing its target audience on the status of land resources at global and regional levels and FAO's viewpoint on appropriate recommendations for policy formulation. SOLAW focuses on these key dimensions of analysis: (i) quantity, quality of land and water resources, (ii) the rate of use and sustainable management of these resources in the context of relevant socio-economic driving factors and concerns, including food security and poverty, and climate change. This is the first time that a global, baseline status report on land and water resources has been made. It is based on several global spatial databases (e.g. land suitability for agriculture, land use and management, land and water degradation and depletion) for which FAO is the world-recognized data source. Topical and emerging issues on land and water are dealt with in an integrated rather than sectoral manner. The implications of the status and trends are used to advocate remedial interventions

which are tailored to major farming systems within different geographic regions.

**A Memoir of a Family and Culture in Crisis** Cambridge University Press

A comprehensive second edition of *Business Management for the IB Diploma*, revised for first teaching in 2014. Designed for class use and independent study, this Coursebook is tailored to the thematic requirements and assessment objectives of the IB syllabus. Quantitative Skills Workbook Mometrix Media Llc

THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times *Hillbilly Elegy* is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true

story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of *Hillbilly Elegy* plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, *Hillbilly Elegy* is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

The SAGE Handbook of Qualitative Business and Management Research Methods provides a state-of-the-art overview of qualitative research methods in the business and management field. The Handbook celebrates the diversity of the field by drawing from a wide range of traditions and by bringing together a number of leading international researchers engaged in studying a variety of topics through multiple qualitative methods. The chapters address the philosophical underpinnings of particular approaches to research, contemporary illustrations, references, and practical guidelines for their use. The two volumes therefore provide a useful resource for Ph.D. students and early career researchers interested in developing and expanding their knowledge and practice of qualitative research. In covering established and emerging methods, it also provides an invaluable source of information for faculty teaching qualitative research methods. The contents of the Handbook are arranged into two volumes covering seven key themes: Volume One: History and Tradition Part One: Influential Traditions: underpinning qualitative research: positivism, interpretivism, pragmatism, constructionism, critical, poststructuralism, hermeneutics, postcolonialism, critical realism, mixed methods, grounded theory, feminist and indigenous approaches. Part Two: Research Designs: ethnography, field research, action research, case studies, process and practice methodologies. Part Three: The Researcher: positionality, reflexivity, ethics, gender and intersectionality, writing from the body, and achieving critical distance.

Part Four: Challenges: research design, access and departure, choosing participants, research across boundaries, writing for different audiences, ethics in international research, digital ethics, and publishing qualitative research. Volume Two: Methods and Challenges Part One: Contemporary methods: interviews, archival analysis, autoethnography, rhetoric, historical, stories and narratives, discourse analysis, group methods, sociomateriality, fiction, metaphors, dramaturgy, diary, shadowing and thematic analysis. Part Two: Visual methods: photographs, drawing, video, web images, semiotics and symbols, collages, documentaries. Part Three: Methodological developments: aesthetics and smell, fuzzy set comparative analysis, sewing quilts, netnography, ethnomusicality, software, ANTI-history, emotion, and pattern matching.

Workbook for the IB Diploma** OUP  
Oxford

Completely updated by a Business and Management workshop leader to accurately match the new 2014 syllabus, this new edition includes a special focus on the new concept-based learning requirement. Every topic is comprehensively covered, plus full assessment support drives high achievement and TOK links ensure learning aligns to the IB philosophy. Rethinking the Case Study in International Business and Management Research HarperCollins

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is ‘simulated’, can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those

teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock’s precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a

time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

*The SAGE Handbook of Qualitative Business and Management Research Methods* SAGE

Almost from the moment, some five centuries ago, that their religion was

founded in the Punjab by Guru Nanak, Sikhs have enjoyed a distinctive identity. This sense of difference, forged during Sikhism's fierce struggles with the Mughal Empire, is still symbolised by the 'Five Ks' ('panj kakar', in Punjabi), those articles of faith to which all baptised Sikhs subscribe: uncut hair bound in a turban; comb; special undergarment; iron bracelet and dagger (or kirpan) - the unique marks of the Sikh military fraternity (the word Sikh means 'disciple' in Punjabi). Yet for all its ongoing attachment to the religious symbols that have helped set it apart from neighbouring faiths in South Asia, Sikhism amounts to far more than just signs or externals. Now the world's fifth largest religion, with a significant diaspora especially in Britain and North America, this remarkable monotheistic tradition commands the allegiance of 25 million people, and is a global phenomenon. In her balanced appraisal, Nikky-Guninder Kaur Singh reviews the history, theology and worship of a community poised between reconciling its hereditary creeds and certainties with the fast-paced pressures of modernity. She outlines and explains the core Sikh beliefs, and explores the writings and teachings of the Ten Sikh Gurus in Sikhism's Holy Scriptures, the Sri Guru Granth Sahib (more usually called just the 'Granth'). Further chapters explore Sikh ethics, art and architecture, and matters of gender and the place of women in the tradition. The book attractively combines the warm empathy of a Sikh with the objective insights and acute perspectives of a prominent scholar of religion.
