### Teach Yourself VISUALLY OS X Mavericks

John Wiley & Sons

Make the most of your Mac with this witty, authoritative guide to macOS Big Sur. Apple updates its Mac operating system every year, adding new features with every revision. But after twenty years of this updating cycle without a printed user guide to help customers, feature bloat and complexity have begun to weigh down the works. For thirty years, the Mac faithful have turned to David Pogue's Mac books to guide them. With Mac Unlocked, New York Times bestselling author Pogue introduces readers to the most radical Mac software redesign in Apple history, macOS Big Sur. Beginning Mac users and Windows

refugees will gain an understanding of the Mac philosophy; Mac veterans will find a concise guide to what's new in Big Sur, including its stunning visual and sonic redesign, the new Control Center for quick settings changes, and the built-in security auditing features. With a 300 annotated illustrations, sparkling humor, and crystal-clear prose, Mac Unlocked is the new gold-standard guide to the Mac. *Macs For Seniors For Dummies* John Wiley & Sons

Wer OS X Lion oder Snow Leopard installiert hat, kann auf Mountain Lion umsteigen: Einfach aus dem Mac App Store das Installationsprogramm laden und ausführen. Wenige Minuten später ist das derzeit fortschrittlichste Betriebssystem einsatzbereit und wartet darauf, von Ihnen erkundet zu werden.

In diesem Buch haben wir alle Neuerungen gegenüber OS X Lion zusammen-getragen und kompakt zur Verfügung gestellt. So können Sie sich schnell und umfassend informieren und gleich mit allen neuen Funktionen perfekt arbeiten. Aus dem Inhalt: iCloud: alle Daten stets aktuell - nun auc.

**macOS Support Essentials 10.15 - Apple Pro Training Series** John Wiley & Sons

iCloud does a lot of amazing things: It keeps your mail, contacts, calendars, reminders, and notes in sync. It instantly (almost magically) copies that photo you took of your cousin on your iPhone to your Mac, iPad mini, and laptop. It lets you work with your Macs from afar. It helps you find stranded and wayward devices, and lets you know when your

friends are nearby. And it does it all for free. iCloud encompasses so very many different features and fun bits that it's surprising to realize just how much you can do with a free account. Let Macworld's editors help you get the most out of it. This book collects all the material we've written in the last year on Apple's sync service, and we hope it will help you get to know iCloud and learn how best to use it in your life. This book focuses on OS X 10.8 (Mountain Lion), Windows 8, iOS 6, and iTunes 11 - but we still have some helpful hints for those users with older operating systems. We hope that you enjoy our Starter Guide, but, even more important, that you enjoy iCloud and find ways to incorporate it into your daily routine. If you want to learn more about your other

iOS devices, make sure to check out our available Superguides including our iPhone 5 Superguide, iPad Mini Starter Guide, iPad Starter Guide, Fourth Edition (for Retina iPads; Apple's latest iPad, or third generation iPad users running iOS 6), iPhone 5 Starter Guide, iOS 6 Upgrade Guide, and Master iPhone Photography. Looking for Mac and OS X books? We also sell our Total Mountain Lion Superguide, Mac Basics, Mountain Lion, and Mac Gems, Mountain Lion edition.

**macOS Support Essentials 10.12 - Apple Pro Training Series BookCaps Study Guides**

This is the official curriculum of the Apple Mojave 101: OS X Support Essentials 10.14 course and preparation for Apple Certified Support Professional

(ACSP) 10.14 certification—as well as a top-notch primer for anyone who needs to support, troubleshoot, or optimize macOS Mojave. This guide provides comprehensive coverage of Mojave and is part of the Apple Pro Training series—the only Apple-certified books on the market. Designed for support technicians, help desk specialists, and ardent Mac users, this guide takes you deep inside macOS Mojave. Readers will find in-depth, step-by-step instruction on everything from installing and configuring High Sierra to managing networks and system administration. Whether you run a computer lab or an IT department, you'll learn to set up users, configure system preferences, manage security and permissions, use diagnostic and repair tools, troubleshoot peripheral

devices, and more—all on your way to preparing for the industry-standard ACSP certification. This is a step-by-step guide that works through lessons designed to teach practical, real-world tasks, with lesson files let you practice as you learn.

**Covers iOS 13 and iPadOS 13** Simon & Schuster

Your "get-started" guide to the world of macOS Big Sur Wherever you like to Mac—at home in front of your trusty iMac or over a coffee with your portable MacBook Air—macOS provides you with the seamless, efficient, and reliable user experience that makes these devices so famously a pleasure to use. macOS Big Sur For Dummies is here to heighten the experience for new users and upgraders alike by providing the very latest on the ways macOS Big Sur can enhance how

you work and play. Written in a no-jargon style by Bob LeVitus—the Houston Chronicle's much-loved "Dr. Mac" since 1996—this guide starts with the basics, like getting set up, and explains more advanced uses, like making music and movies, exploring the expanding universe of apps and giving tips on how to save time and enhance productivity along the way. With this book, you'll learn to Set up and connect your Mac Get friendly with Siri Enhance your world with apps Work better and faster Use the comprehensive capabilities of macOS Big Sur to do anything and everything you would like to do—and do it even better. For beginners and experts alike, macOS Big Sur For Dummies is the best way to step into the magical world of getting things

done with Mac.

Supporting and Troubleshooting macOS Catalina John Wiley & Sons
