Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and

more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

2 Books in 1! Learn Any Language & Learn French Do you need to learn a language? This is the place to do it, no questions asked. This book uses a combination of orthodox immersion methods in order to make you go in one end a complete newbie to a language and come out the other a fluent speaker. It won't be any shortage of work on your part, but this book is going to set you up with all the tools that it

possibly can so that you can be a fantastic speaker of a second language in as short of a time as a few months. Through encouragement, motivation, rational observation, and careful breaking down of key concepts into malleable bite-sized chunks, this book makes learning language easier than it's ever been before. BOOK 2 Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I

say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very

well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a

French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go. *Learn French* McGraw Hill Professional

Have you always wanted to learn how to speak French but simply didn't have the time? Well look no further. You hold in your hands the most advanced and revolutionary method that was ever designed for QUICKLY becoming conversational in a language. In creating this time saving program,

master linguist Yatir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. These 350 words were chosen in such a way that they are structurally interrelated, and when combined, they form sentences. Through various other discoveries about how real conversations work, that are detailed further in this book, Nitzany created the necessary tools for linking

these words together in a specific way so that you may to become fluent NOW. If your desire is to learn complicated grammatical rules, or to speak Shakespearean French, this book is NOT for you. However, if you need to actually hold a conversation whilst on a trip to a French speaking country, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This

method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc. can all come later. The first in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses it's unique

language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With "Conversational French Quick and Easy" all you need are 48 pages. Learn French today, not tomorrow, and get started NOW! Note and DISCLAIMER from the Author: I wish to stress

this program is by NO means, shape, NOR form a phrase book!! The sole purpose of this book is to give you a fundamental platform to enable you to connect certain words to become conversational. Please also read the "Introduction" and the "About Me" section prior to commencing the program. In order to succeed with my method, please start on the very first page of the program (page #16) and fully master one page at a time prior to proceeding to the next, otherwise you will

overwhelm yourself and fail. Please do NOT skip pages, nor start from the middle of the book. It is a myth that certain people are born with the gifted talent to learn a language and this book disproves that myth. With this method anyone can learn a foreign language as long as you follow these EXPLICIT directions: Memorize the vocabulary on each page, follow it by using a notecard to cover the words you have just memorized and test yourself. Then read the sentences below which

are created from the vocabulary bank which you just mastered. Once fully memorized, then give yourself the green light to proceed to the next page. Again, if you proceed to the following page without mastering the previous, you are guaranteed to gain nothing from this book. If you follow the prescribed steps you will realize just how effective and simplistic this method is. *Learn French* Createspace Independent Publishing Platform

Learning a new language is actually easier than you may think! This book is divided into four major parts: basic grammar basic vocabulary for travellers basic conversational French Dialogues with particular attention to the pronunciation French Short and easy Stories First part contains a

concise grammar of French organized in the familiar traditional way, describing the forms of French in turn. This section should be used for quick reference when you want to know something about a form or structure you can identify. Second part contains the vocabulary terms for travelers or tourists. The vocabulary terms are written taking in consideration, the needs of people whose first language is not French. It is organized according to the kinds of words you

might want to say in particular situations in French, and here you can look up such things as how to apologize, how to ask the time, how to describe a person, etc. Third part is based upon basic French dialogues and sentences which are used in daily routine. It also helps to learn how to pronounce specific terms and words of French language. Fourth part consists of short stories. This part is useful when a person is at least good in French grammar and able to understand the

combination of words. These short stories are really helpful to give speed flow in French Language. We have not hesitated to use traditional grammatical terms, especially in the first part. It is worth spending a little time getting to grips with these: understanding the terms will help you understand the structures better, even if they may appear a bit daunting at first. We hope that readers will find our approach interesting and useful: we will be

delighted to receive opinions on the book and details about the ways in which it has been used in teaching and learning French. BUY NOW!

Learn French With Stories "Learn French" is the ideal book for students of French who want to take their comprehension of

the language to the next level. Rather than being a traditional French grammar book, "Learn French" offers readers a series of short, easy stories in both French and English. Readers can bypass the step of memorizing complicated French syntax rules by simply learning them as they read. The English version is always at their fingertips so that they can check their understanding, and each chapter includes a detailed vocabulary section at the end, which

is excellent for learning new words. Learning vocabulary in context also helps with understanding and remembering words. It's an all-around better technique than using traditional flash cards, and it's also more fun! "Learn French" has a handful of features that set it apart from other, similar books. Each story is followed by a short set of grammar, vocabulary, and comprehension questions. Readers who want to test themselves before reading the English version of the story can

skip to this section. The book is highly navigable, and answers to the question sets are found in a separate chapter at the end, so it's impossible to cheat accidentally. Finally, the stories follow a graduated level of difficulty. All of the stories are written for beginning French students and are geared towards learning basic vocabulary and grammar skills. The final story in the book, however, adds an extra challenge by using the past, rather than the present, tense. Readers

who are looking to improve their French in a fun and easy way will love this innovative, easy-to-use book. Don't wait
