Ethical, Legal, and Professional Issues in Counseling, Loose-Leaf Version SAGE

The boundaries of the therapeutic relationship are a crucial part of effective therapy. But understanding them, and the effects of power and responsibility, can be intimidating to trainee or newly-qualified therapists. This book will take step by step through everything they need to know to work ethically and safeguard the wellbeing of both themselves and their clients. It tackles: · Contracting and the importance of negotiating and clarifying boundaries with clients · The implications and limits of maintaining confidentiality · Keeping clear sexual boundaries, and how to work around issues safely and appropriately · What happens when circumstances change, and everyday or serious disruptions occur to therapy · The nature of the therapist’s power, and how to employ it responsibly to a client’s benefit Packed with case studies, ethical dilemmas and points for reflection and discussion, this is an essential read for trainee practitioners and qualified therapists looking to ensure safe and ethical practice.

Therapy with Children Routledge

Ethical and Legal Issues in Counseling Children and Adolescentsprovides counselors and other professionals with clinical cases and accurate, up-to-date information on both ethical standards and case law. Chapters take a comprehensive, developmental approach to legal and ethical decision making when counseling children and adolescents, one that presents each chapter topic from the perspective of an adult and then explores accommodations important to children and adolescents. The book is a vital resource for faculty who recognize the limited scope with which other texts cover the topic and for practitioners looking to better understand the legal and ethical concerns around working with young people.

Ethics in Counseling and Psychotherapy Legal Issues in Counselling & Psychotherapy

New and experienced psychotherapists alike can find themselves overwhelmed by an ethical quandary where there doesn't seem to be an easy solution. This book presents positive ethics as a means to overcome such ethical challenges. The positive approach focuses on not just avoiding negative consequences, but reaching the best possible outcomes for both the psychotherapist and the client. The authors outline a clear decision-making process that is based on three practical strategies: the ethics acculturation model to help therapists incorporate personal ethics into their professional roles, the quality enhancement model for dealing with high-risk patients who are potentially harmful, and ethical choice-making strategies to make the most ethical decision in a situation where two ethical principles conflict. Throughout the decision-making process, psychotherapists are encouraged to follow four basic guidelines: Focus on overarching ethical principles Consider intuitive, emotional, and other nonrational factors Accept that some problems have elusive solutions Solicit input from colleagues and consultation groups Numerous vignettes illustrate how to apply positive ethics to many different ethical challenges that psychotherapists will likely encounter in practice.

Standards and Ethics for Counselling in Action SAGE

This indispensable text is your students' first point of reference when faced with a situation or dilemma of a legal nature regarding record keeping or confidentiality issues. Reflecting changes in policy and law and developments in practice since its last publication in 2008, this new edition has been expanded into 14 new and thoroughly revised chapters. New content includes: - The latest Data Protection Act guidance including data protection implications when working with technology and for online therapy - Greater content on sharing information, including sharing information in supervision, training, research, audit and, crucially, across professions - Expanded content on mental capacity with separate chapters for children and vulnerable adults - A new chapter on pre-trial therapy with adults and children, including Special Measures, Crown Prosecution Service guidance and victim support - A new chapter on practice dilemmas, providing advice and encouraging further discussion and reflection - The role of supervision and of the supervisor Using reflective questions, sample dilemmas and case scenarios throughout, the authors illustrate how to practically address the difficult confidentiality and record keeping issues that therapists regularly face. Current legal guidelines and frameworks are interspersed throughout the book which, along with revised disclosure checklists and links to useful organisations and contacts, ensure trainee and practising therapists are well versed in current best-practice.

Ethical, Legal, and Professional Issues in the Practice of Marriage and Family Therapy Prentice Hall

Note: This is the loose-leaf version of Ethical, Legal, and Professional Issues in Counseling and does not include access to the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with the loose-leaf version, use ISBN 0134290879. This authoritative resource, written by two counseling professors—one an attorney and the other an expert in ethics--explores the most difficult ethical, legal, and professional challenges in counseling in an easy-to-understand manner. Ideal for instructors who do not specialize in the topics presented, and for students who are learning about the counseling profession, Ethical, Legal, and Professional Issues in Counseling includes numerous case studies throughout not only to highlight difficult situations faced by counselors, but also to give readers the benefit of the authors' best thinking on how to resolve the dilemmas. The complex legal, ethical, and professional counseling issues are analyzed and discussed in a manner that allows counselors to resolve challenging situations as they arise in their practice. Included is practical advice on how to manage ethical and legal issues such as using technology and social media, counseling minors and vulnerable adults, counseling clients who may be suicidal or violent, responding to subpoenas; setting boundaries with clients, students, and supervisees serving as gatekeepers for the counseling profession; developing a private practice, responding to complaints, and

practicing in a diversity-sensitive manner. The topics are relevant for school counselors, clinical mental health counselors, college counselors, rehabilitation counselors, marriage and family counselors, substance abuse counselors, and counselors who practice in other specialties. As a text it is appropriate for undergraduate, master's level, and doctoral level human services and counseling. Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. They are not available in third-party eTexts or downloads. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

Contracts in Counselling & Psychotherapy SAGE

Finally, a video program to fulfill your CE requirement that is engaging, entertaining and informative. Also ideal for teaching and clinical trainings. The four lively vignettes include incisive commentary by Stephen Feldman, a renowned expert in the fields of both law and psychology. What better way to get your required CE credits! What's the difference between privilege and confidentiality? When are therapists allowed to break confidentiality and when are they required to? When can progress notes or confidential psychotherapy notes be subpoenaed as evidence in a trial? How does a therapist know when to break confidentiality to warn someone of potential danger? What exactly does "reasonable cause to suspect" mean when deciding whether to report child abuse? Is failing to report child abuse an ethical violation, or is it actually a crime? This comprehensive video course will answer all these questions and more. You'll learn how the laws impact your practice, as you watch these lively dramatizations of a judge and her law clerk discuss actual key cases in the creation of mental health laws including Tarasoff and Jaffe V. Redmond. As the judge debates both sides of the argument and makes her decisions, you'll see how court rulings became laws and how they impact clinical, ethical, legal and moral concerns. Keywords: legal, ethical, law, ethics, consulting, supervision, consult, Confidentiality, Privilege, Reporting, Duty, Warn, Counseling, counselling, Social Work, Social Worker, Therapy, Psychotherapy, Psychotherapy.net, Therapist.--Supplied by publisher.

Essential Law for Counsellors and Psychotherapists Brooks/Cole Publishing Company

The ethics book no psychology student or professional should be without Thoroughly updated and expanded to include recent research findings, landmark legal decisions, the Hoffman Investigation Report, and changes in the ethical guidelines of the American Psychological Association and the Canadian Psychological Association, the new 5th edition of Ethics in Psychotherapy and Counseling covers the latest developments in ethical thinking, standards, and practice. You'll learn how to strengthen your ethical awareness, judgement, and decision-making. Distinguished Emeritus Professor Don Meichenbaum described the 5th edition as 'a MUST READ book for both beginning and seasoned clinicians' and Professor David H. Barlow wrote, 'A stunningly good book. . . . If there is only one book you buy on ethics, this is the one.' Covers the many changes and challenges brought about by new technology, EHRs, videoconferencing, and texting, as well as practicing across state and provincial borders Discusses moral distress and moral courage Includes 5 chapters on different aspects of critical thinking about ethical challenges, including a chapter on 'Ethics Placebos, Cons, and Creative Cheating: A User's Guide' Deals with complex issue of culture, race, religion, sexual identity, sexual orientation, and politics Provides steps to strengthen ethics in organizations Offers guidance on responding to ethics, licensing, and malpractice complaints—not to imply that you'll need to after reading this book! Keeps the focus on practical, creative approaches to the responsibilities, challenges, and opportunities encountered by therapists and counselors in their work.

Counselling, Psychotherapy and the Law Amer School Counseling Assn

In addition to providing foundational information about ethical codes and legal statues, this new text advocates for counseling personnel to view ethical issues as challenges for personal and professional growth. Written in an accessible, concise and easy to read style, this book endeavors to broaden the traditional focus of ethical study to include topics that students and practicing clinicians will find consistent with their own personal strivings and professional needs. While covering the traditional core percepts of professional ethics in considerable detail: confidentiality, informed consent, boundaries and the use of power, and competency and professional responsibility, it also advocates for counseling personnel to view ethical issues as challenges for personal and professional growth. And, it includes a number of critical topics that counselors and therapists face or will face in daily practice. These include organizational ethics, virtue ethics, and an expanded view of multicultural ethics with a focus on community values as well as on religious and spiritual issues. This new book includes a special chapter in the appendix that emphasizes ways in which counselors and therapists can grow and achieve excellence in their personal and professional lives. Unique and essential coverage of organizational ethics (OE) is addressed making readers aware of how organizational dynamics can exert such powerful influence on ethical decision making (Ch 4 & 10-14). Unique coverage of the ethical considerations involving spiritual and religious issues as well as the use of alternative interventions in counseling and

psychotherapy are covered, including the common lawsuits brought against counselors and therapists using spiritual and alternative interventions (Ch 3). A unique section in the appendix describes the psychological and philosophical basis of ethical decision-making for readers who want and need a more in-depth discussion.

Ethical Dilemmas in Psychotherapy Springer

Praise for Ethics in Psychotherapy and Counseling, Fourth Edition "A stunningly good book. . . . If there is only one book you buy on ethics, this is the one." —David H. Barlow, PhD, ABPP, Professor of Psychology and Psychiatry, Boston University "The Fourth Edition continues to be the gold standard. . . . a must-read in every counseling/therapy training program. It is that good and valuable." —Derald Wing Sue, PhD, Professor of Psychology and Education, Teachers College, Columbia University "A must-have for therapists at every step of their career from student to wise elder." —Bonnie Strickland, PhD, former president, American Psychological Association "This Fourth Edition of the best book in its field has much timely new material. . . . A brilliant addition is an exploration of how reasonable people can conscientiously follow the same ethical principles yet reach different conclusions . . . an essential sourcebook." —Patrick O'Neill, PhD, former president, Canadian Psychological Association "Essential for all practicing mental health professionals and students." —Nadine Kaslow, PhD, ABPP, President, American Board of Professional Psychology "I particularly enjoyed the chapter on ethical practice in the electronic world, which was informative even to this highly tech-savvy psychologist. The chapter on responses to the interrogations issue is destined to be a classic. . . . Bravo! Mandatory reading." —Laura Brown, PhD, ABPP, 2010 President, APA Division of Trauma Psychology "There's no better resource to have at your fingertips." —Eric Drogin, JD, PhD, ABPP, former chair, APA Committee on Professional Practice and Standards and APA Committee on Legal Issues "Two of psychology's national treasures, Drs. Ken Pope and Melba Vasquez walk the walk of psychotherapy ethics. Simply the best book in its genre." —John Norcross, PhD, ABPP, Professor of Psychology and Distinguished University Fellow, University of Scranton

Self-disclosure in Psychotherapy SAGE

The study of cyberbullying has exploded since its first appearance in a peer-reviewed journal article in 2005. Cyberbullying: From theory to intervention aims to make clear and practical sense of this proliferation of coverage by defining the problem of cyberbullying and examining its unique features. The volume provides a thorough overview of state-of-the-art research into the phenomenon, and discusses the development and evaluation of interventions to prevent and combat it. Whereas most research papers offer limited space to describe actual intervention methods, this book provides tremendous insight into the different theoretical methods and practical strategies available to combat cyberbullying. Part One provides readers with a critical review of the existing research literature and collects insights from international researchers involved in bullying and cyberbullying research, tackling key questions such as: how is cyberbullying defined, what is the overlap with traditional bullying, and what are the negative consequences of cyberbullying? Part Two gives an overview of the development and content of evidence-based ICT interventions aimed at preventing and combating bullying and cyberbullying. In addition, some of the important outcomes of the effect evaluations will be described. The book's final chapter integrates the information from Part One with advice regarding practical applications from Part Two. Cyberbullying: From theory to intervention is essential reading for academics and researchers concerned with both cyberbullying and traditional bullying. It can be used in graduate seminars or advanced undergraduate courses in cyberbullying and will also be of interest to teachers, field experts and organisations involved and disseminating cyberbullying solutions.

Volume I: Confidentiality, Privilege, Reporting, and Duty to Warn Routledge

For courses on ethical, professional and legal issues in counseling and psychology departments. This ethics text focuses on counseling and counseling psychology in a format that serves beginning students, provides a useful format and structure for professors teaching ethics courses, and inspires critical thought about ethical issues. Through case scenarios, reprints of many codes of ethics, and narrative information, this book not only functions as an introduction to professional counseling and counseling ethics, but it also serves as a compendium of contemporary ethical codes and issues. SAGE

Jenkins' book makes the law relevant, understandable and manageable to counsellors and psychotherapists. It makes clear, reassuring and essential reading for therapists in training as well as those in practice. [All] counsellors and psychotherapists need to be up to speed with the law and with how it relates to their work. This book is more than timely with the impending introduction of regulation, and the fact that increasingly the work of counsellors and psychotherapists is being subjected to legal scrutiny' - Healthcare Counselling and Psychotherapy Journal Counselling, Psychotherapy and the Law is the long-awaited Second Edition of Peter Jenkins' comprehensive introduction to legal issues in relation to counselling and psychotherapy in the UK. This text has been fully updated to include coverage of the key developments in the law that have had major impact on therapists' practice with regard to data protection and the management of confidentiality. The book breaks new ground by exploring in detail the relationship of ethics to the law and providing a framework for relating the BACP Ethical Framework to legal decision-making. Key features of this new edition include: " extensive use of case studies. These bring legal examples to life and give a human dimension to powerful ethical dilemmas such as seeking agreement to end medical treatment, or client's gaining access to their own confidential records " key points, which provide quick summaries of complex material and reference guides for professional practice " the multiple points of crossover and intersection of law and therapy. These are identified and explored, ranging from the use of narrative theory, to the provision of pre-trial therapy for abused children, to the role of the therapist as expert witness. This new edition provides clarity and reassurance for practitioners at all levels about the exact nature of their responsibilities, and how these can best be managed, in order to enable them to comply with the law and focus on their therapeutic work with clients. Counselling, Psychotherapy and the Law, Second Edition provides an essential source of reference in a single volume, making a fascinating and complex topic understandable and bringing it to life. Peter Jenkins, formerly a member of the BACP Professional Conduct Committee and currently a member of the Ethics Committee of the UKCP, has been described by Counselling at Work as 'probably the foremost authority on legal issues in counselling'. He is Co-Director of the Counselling and Psychotherapy Directorate at the University of Salford. More reviews: `Despite requiring real concentration, this is an essential read for counsellors and psychotherapists irrespective of background and theoretical orientation. Trainers, supervisors and agency coordinators especially would benefit from the up to date material contained here' - Therapy Today `Peter Jenkins has consulted widely over the

content of this book, both within the psychological therapies field and with legal eagles. [His] use of clear flow diagrams and comparison boxes enable the reader to identify the similarities and differences between professional and moral/ethical debates. It is a thoroughly researched and accessible text' - Association for University and College Counselling Journal `a comprehensive overview of a rapidly evolving field. This book represents a helpful addition to practitioners' bookshelves as a reference work, but also a beneficial read to stimulate thoughtful responses to practical dilemmas. It provides a good support to both therapeutic and supervision practices across the spectrum of experience and theoretical models' - The Psychotherapist

Positive Approaches to Decision Making Pearson College Division

In Paise of the First Edition... `Essential reading for therapists, counsellors, supervisors, trainers and health care workers... It is a book which will help us all to guard the high professional and ethical standards to which responsible workers aspire, and which all our clients are entitled to expect' - British Journal of Guidance & Counselling `Highly recommended. Essential on every counselling course reading list as well as on counsellors' own bookshelves' - Counselling, The Journal of the British Association for Counselling This highly acclaimed guide to the major responsibilities which trainees and counsellors in practice must be aware of be [Walking the Line](#) Routledge

Ethical and Legal Issues for Mental Health Professionals Springer Publishing Company

Developing and maintaining a secure framework for professional practice is a core part of any counselling and psychotherapy training, as all therapists need to understand the key values, ethics and laws that underpin the profession today. But what does being a member of a 'profession' actually mean, and what does being a 'professional' actually involve? Structured around the BACP Core Curriculum, and with the help of exercises,

case studies and tips for further reading, this book covers everything from the requirements of the BACP Ethical Framework to broader perspectives on good professional practice. It includes: Practising as a therapist in different roles and organizational contexts. Working with key issues, including difference, vulnerable clients and risk. Understanding the law and relevant legal frameworks for practice. Working ethically, including contrasting models and approaches to ethics.

Ethical, Legal, and Professional Issues in Counseling SAGE

Provides an introduction to what contracts are, why they are needed, how they are made, and what the legal and ethical ramifications are. This book presents contracting from the viewpoint of the three major therapeutic approaches - cognitive psychodynamic and person-centred.
