After she defies the rigid, oppressive Confucian tradition of order and conformity, Sonju descends from an aristocratic upbringing to working at a

men's club. In spite of social condemnations and personal tragedies, her determination to be her own person never wavers. Sonju's life takes a turn when her mother marries her off to a man from a wealthy farming clan rather than allowing her to marry the man she loves. Set against the historical background of the humiliating Japanese occupation and the horrors of the Korean War, Sonju portrays one woman's journey to personal liberation.

A New York Times Editors Choice Selection A global sensation, Kim Jiyoung, Born 1982 “has become...a touchstone for a conversation around feminism and gender” (Sarah Shin,

Guardian). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, Kim Jiyoung, Born 1982 follows one woman’s psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of Seoul, millennial “everywoman” Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls’ outfits to male coworkers who installed hidden cameras in women’s restrooms. But can

her psychiatrist cure her, or even discover what truly ails her? "A social treatise as well as a work of art" (Alexandra Alter, New York Times), Kim Jiyoung, Born 1982 heralds the arrival of international powerhouse Cho Nam-Joo. *Korean Reader for Chinese Characters*

Authoritarian regimes craft and disseminate reasons, stories, and explanations for why they are entitled to rule. To shield those legitimating messages from criticism, authoritarian regimes also censor information that they find threatening. While committed

opponents of the regime may be violently repressed, this book is about how the authoritarian state keeps the majority of its people quiescent by manipulating the ways in which they talk and think about political processes, the authorities, and political alternatives. Using North Korea, Burma (Myanmar) and China as case studies, this book explains how the authoritarian public sphere shapes political discourse in each context. It also examines three domains of potential subversion of legitimating messages: the shadow markets of North Korea, networks of independent journalists in Burma, and the online sphere in China. In addition to making a theoretical contribution to the study of authoritarianism, the book draws upon unique empirical data from fieldwork

conducted in the region, including interviews with North Korean defectors in South Korea, Burmese exiles in Thailand, and Burmese in Myanmar who stayed in the country during the military government. When analyzed alongside state-produced media, speeches, and legislation, the material provides a rich understanding of how autocratic legitimation influences everyday discussions about politics in the authoritarian public sphere. Explaining how autocracies manipulate the ways in which their citizens talk and think about politics, this book will be of interest to students and scholars of Asian politics, comparative politics and authoritarian regimes.

Legitimation and Autocratic Power in North Korea, Burma, and China

Penguin Books

North Korea is known as the most repressive country on Earth, with a dictatorial leader, a starving population, and harsh punishment for rebellion. Not the best place for a family vacation. Yet that's exactly where Mia Andrews finds herself, on a tour with her aid-worker father and fractious older brother, Simon. Mia was adopted from South Korea as a baby, and the trip raises

tough questions about where she really belongs. Then her dad is arrested for spying, just as forbidden photographs of North Korean slave-labor camps fall into Mia's hands. The only way to save Dad: get the pictures out of the country. Thus Mia and Simon set off on a harrowing journey to the border, without food, money, or shelter, in a land where anyone who sees them might turn them in, and getting caught could mean prison -- or worse. An exciting adventure that offers a rare glimpse into a compelling, complicated nation, *In the Shadow of the Sun* is an unforgettable novel of courage and survival.

Modern Korean breaks new ground in the field of Korean studies by providing students with a skillfully constructed text for intermediate-level Korean-language study. The text emphasizes the development of reading proficiency, but its exercises, which employ a communicative approach emphasizing student-student and student-teacher interactions in real-life scenarios, reinforce skills learned through conversation practice. Its twenty-four lessons are divided into two groups of twelve lessons each. A single lesson consists of a main text, written in expository or descriptive prose that

often incorporates a conversational style; a dialogue; a discussion of new word usage and structural patterns; substitution and grammar drills; exercises; and a vocabulary list. Lessons in the second half of the book introduce Chinese characters. Along with improving their language skills, students will gain from this volume the means to better understand Korean society and culture. Among the text topics covered are Korean history, geography, holidays, literature, customs, and people. Used either for classroom instruction or for self-study, Modern Korean guides the student through a critical transition in the learning process, from the ability to carry on a conversation to the acquisition of intermediate skills needed to read the written language.

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania “Powerful and provocative . . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-

won job at a Seoul “room salon,” an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri’s roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country’s biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to

have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing

that ultimately saves them.
