A frenetic doctor-narrator named Ferdinand endeavors to tell the reader about the allied bombardment of Montmartre in April 1944, "baroom!" and "baboom!" and all. The explosions are enough to make the furniture dance around the room, but Ferdinand attends mainly to his beloved cat, Bebert; his girlfriend, Lili; and Jules, a humpbacked local artist he despises.

Journeys to the Extreme Reaktion Books

Now in its second edition, *The Routledge Dictionary of Cultural References in Modern French* reveals the hidden cultural dimension of contemporary French, as used in the press, going beyond the limited and purely lexical approach of traditional bilingual dictionaries. Even foreign learners of French who possess a good level of French often have difficulty in fully understanding French articles, not because of any linguistic shortcomings on their part but because of their inadequate knowledge of the cultural references. This cultural dictionary of French provides the reader with clear and concise explanations of the crucial cultural dimension behind the most frequently used words and phrases found in the contemporary French press. This vital background information, gathered here in this innovative and entertaining dictionary, will allow readers to go beyond a superficial understanding of the French press and the French language in general to see the hidden yet implied cultural significance that is so transparent to the native speaker. This fully revised second edition includes: a broad range of cultural references from the historical and literary to the popular and classical; an enhanced analysis of punning mechanisms used in the press; over 3,000 cultural references explained with updated examples; a three-level indicator of frequency; new and expanded chapters on the French of Quebec, institutional and academic references, and English borrowings in the areas of IT and medical science; over 600 online questions to test knowledge before and after reading. *The Routledge Dictionary of Cultural References in Modern French* is the ideal reference for all undergraduate and postgraduate students of French seeking to enhance their understanding of the French language. The Ethics of Reading According to Emmanuel Lévinas Berg Pub Limited

The first English-language biography in more than two decades of the French writer, one of the great novelists of the twentieth century. Louis-Ferdinand Céline was one of the most innovative novelists of the twentieth century, and his influence both in his native France and beyond remains huge. This book sheds light on Céline's groundbreaking novels, which drew extensively on his complex life: he rose from humble beginnings to worldwide literary fame, then dramatically fell from grace only to return, belatedly, to the limelight. Céline's subversive writing remains fresh and urgent today, despite his controversial political views and inflammatory pamphlets that threatened to ruin his reputation. The first English-language biography of Céline in more than two decades, this book explores new material and reminds us why the author belongs in the pantheon of modern greats.

Mad Like Artaud Springer

"You people put importance on your lives. Well, my life has never been important to anyone. I haven't got any guilt about anything," bragged the mass-murderer Charles Manson. "These children that come at you with knives, they are your children. You taught them. I didn't teach them. . . . They are running in the streets--and they are coming right at you!" When a real murderer accuses the society he has brutalized, we are shocked, but we are thrilled by the same accusations when they are mouthed by a fictional rebel, outlaw, or monster. In *Bitter Carnival*, Michael Andr Bernstein explores this contradiction and defines a new figure: the Abject Hero. Standing at the junction of contestation and conformity, the Abject Hero occupies the logically impossible space created by the intersection of the satanic and the servile. Bernstein shows that we heroicize the Abject Hero because he represents a convention that has become a staple of our common mythology, as seductive in mass culture as it is in high art. Moving from an examination of classical Latin satire; through radically new analyses of Diderot, Dostoevsky, and Cline; and

culminating in the courtroom testimony of Charles Manson, *Bitter Carnival* offers a revisionist rereading of the entire tradition of the "Saturnalian dialogue" between masters and slaves, monarchs and fools, philosophers and madmen, citizens and malcontents. It contests the supposedly regenerative power of the carnivalesque and challenges the pieties of utopian radicalism fashionable in contemporary academic thinking. The clarity of its argument and literary style compel us to confront a powerful dilemma that engages some of the most central issues in literary studies, ethics, cultural history, and critical theory today.

Part Three of The Origins of Totalitarianism KARTHALA Editions Beckett's Political Imagination charts unexplored territory: it investigates how Beckett's bilingual texts re-imagine political history, and documents the conflicts and controversies through which Beckett's political consciousness and affirmations were mediated. The book offers a startling account of Beckett's work, tracing the many political causes that framed his writing, commitments, collaborations and friendships, from the Scottsboro Boys to the Black Panthers, from Irish communism to Spanish republicanism to Algerian nationalism, and from campaigns against Irish and British censorship to anti-Apartheid and international human rights movements. Emilie Morin reveals a very different writer, whose career and work were shaped by a unique exposure to international politics, an unconventional perspective on political action and secretive political engagements. The book will benefit students, researchers and readers who want to think about literary history in different ways and are interested in Beckett's enduring appeal and influence.

Dance Pathologies Jourdan

Taking the culturally resonant motif of the descent to the underworld as his guiding thread, David L. Pike traces the interplay between myth and history in medieval and modernist literature. *Passage through Hell* suggests new approaches to the practice of comparative literature, and a possible escape from the current morass of competing critical schools and ideologies. Pike's readings of Louis Ferdinand Céline and Walter Benjamin reveal the tensions at work in the modern appropriation of structures derived from ancient and medieval descents. His book shows how these structures were redefined in modernism and persist in contemporary critical practice. In order to recover the historical corpus of modernism, he asserts, it is necessary to acknowledge the attraction that medieval forms and motifs held for modernist literature and theory. By pairing the writings of the postwar German dramatist and novelist Peter Weiss with Dante's *Commedia*, and Christine de Pizan with Virginia Woolf, Pike argues for a new level of complexity in the relation between medieval and modern poetics. Pike's supple and persuasive reading of the *Commedia* resituates that text within the contradictions of medieval tradition. He contends that the Dantean allegory of conversion, altered to suit the exigencies of modernism, maintains its hold over current literature and theory. The postwar writers Pike treats—Weiss, Seamus Heaney, and Derek Walcott—exemplify alternate strategies for negotiating the legacy of modernism. The passage through hell emerges as a way of disentangling images of the past from their interpretation in the present.

Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. L'écriture de Rachid Boudjedra Routledge

Completed the day before his death in 1961, *Rigadoon*, the most compassionate of Celine's novels, explores the ravages of war and its aftermath. Often comic and always angry, the first-person autobiographical narrator, with his wife and their cat in tow, takes the reader with him on his flight from Paris to Denmark after finding himself on the losing side of World War II. The train rides that encompass the novel are filled with madness and mercy, as Celine, a physician, aids refugees while ignoring his own medical needs.

Part One of The Origins of Totalitarianism UPNE

This work traces the extraordinary journeys of three World War II radio broadcasters in Germany and Japan whose wartime choices became treason in Britain, Australia, and the United States. John Amery, a member of a well-connected British family, joined Hitler's propagandists in Berlin. He was executed for treason by Britain after the war. Charles Cousens was a soldier in Japanese captivity when he was put to work on Radio Tokyo with a team of Allied POWs. Cousens was later tried as a traitor in Australia. Iva Toguri, better known as Tokyo Rose, was an American student visiting Japan when war broke out. She broadcast her English show on Radio Tokyo out of necessity rather than conviction. The United States jailed Toguri for treason. Through these powerful stories, this work not only sheds new light on the history of wartime radio broadcasting in Germany and Japan, but also examines the laws of treason in Britain, Australia, and the United States and the ways in which trials such as these helped shape modern-day treason trials. All three accounts provoke thoughtful questions as to the nature of justice—and the justice of retribution. This work traces the extraordinary journeys of three World War II radio broadcasters in Germany and Japan whose wartime choices became treason in Britain, Australia, and the United States.

Massacre pour une bagatelle Routledge

In the aftermath of World War II, historical accounts and public commentaries enshrined the French Resistance as an apolitical, unified movement committed to upholding human rights, equality, and republican values during the dark period of German occupation. Valerie Deacon complicates that conventional view by uncovering extreme-right participants in the Resistance, specifically those who engaged in conspiratorial, anti-republican, and quasi-fascist activities in the 1930s, but later devoted themselves to freeing the country from Nazi control. The political campaigns of the 1930s—against communism, republicanism, freemasonry, and the government—taught France's ultra-right-wing groups to organize underground movements. When France fell to the Germans in 1940, many activists unabashedly cited previous participation in groups of the extreme right as their motive for joining the Resistance. Deacon's analysis of extreme-right participation in the Resistance supports the view that the domestic situation in Nazi-controlled France was more complex than had previously been suggested. Extending beyond past narratives, Deacon details how rightist resisters navigated between different options in the changing political context. In the process, she refutes the established view of the Resistance as apolitical, united, and Gaullist. The Extreme Right in the French Resistance highlights the complexities of the French Resistance, what it meant to be a resister, and how the experiences of the extreme right proved incompatible with the postwar resistance narrative.

Conversations with Professor Y L'accueil critique de Bagatelles pour un massacredossier

Censuré depuis 1945 par son auteur et jamais republié depuis, Bagatelles pour un massacre sort le 28 décembre 1937 chez Denoël, en même temps que *L'Espoir* de Malraux. Ce n'est certes pas le premier pamphlet antisémite, mais c'est le plus violent, le plus grossier et -circonstance aggravante- le plus talentueux jamais paru en France. Récompensé par d'excellentes ventes, il est aussitôt traduit en Allemagne. L'espace d'un pamphlet truffé d'épisodes narratifs, Céline abandonnait le roman pour s'égarer en politique et sceller son destin. L'ambivalence de Bagatelles - essai polémique ou oeuvre littéraire ? - est au cœur de la réception critique du livre. André Gide, dans la NRF, préfère croire à une énorme rodomontade (sans quoi Céline serait « complètement maboul »); tandis que Lucien Rebatet, dans *Je suis partout*, le félicite d'avoir « allumé le bûcher ». À gauche mais aussi à droite, on souligne souvent l'obscénité et la malhonnêteté du raisonnement, inspiré voire basement recopié des prospectus de propagande, certains reprochant même à Céline de discréditer l'antisémitisme. Mais tous ou presque soulignent la truculence rabelaisienne de Bagatelles, dont l'extrême nocivité est rarement dénoncée, si ce n'est par la presse juive. Ce dossier critique, souvent déroutant pour le lecteur moderne, regroupe soixante articles parus de janvier à décembre 1938, sous la plume de Marcel Arland, André Billy, Robert Brasillach, Léon Daudet, André Gide, Emmanuel Mounier, Lucien Rebatet, Jean Renoir, Victor Serge... On y voit avec effarement, explique André Derval en avant-propos, « la réalité virer au cauchemar, et des voix que l'on entendait sensées et mesurées verser dans les pires partis pris et dans l'outrance - épousant en cela le mouvement plus général de l'intelligentsia française au sujet des réfugiés juifs dans les

années 1930».

Reading a text is an ethical activity for Emmanuel Levinas. His moral philosophy considers written texts to be natural places to discover relations of responsibility in Western philosophical systems which are marked by extreme violence and totalizing hatred. This book uses male feminism as its perspective in presenting the applications of Levinas's vision to texts whose readings have presented moral dilemmas for women readers.

[Three Women in Dark Times](#) New Directions Publishing

In this brilliant book, one of the world's most provocative feminist theorists and political philosophers introduces a new word--horrorism--to capture the experience of violence. Unlike terror, horrorism is a form of violation grounded in the offense of disfiguration and massacre. Numerous outbursts of violence fall within Adriana Cavarero's category of horrorism, especially when the phenomenology of violence is considered from the

perspective of the victim rather than that of the warrior. Through her searing analysis, Cavarero proves that violence against the helpless claims a specific vocabulary, one that has been known for millennia, and not just to the Western tradition.
