A thousand years ago, generations of an early medieval (or Early Christian) community living at a place known today as Deer Park Farms, near Glenarm in the Antrim Glens, built, occupied and

ultimately abandoned an early Irish rath, ringfort or settlement enclosure. They inhabited this farmstead between the seventh and the tenth centuries AD, building up layers of occupation and leaving behind them physical traces from hundreds of years of peoples' lives, daily work, economy and material culture. Between 1984 and 1987, the Deer Park Farms raised rath was entirely excavated, in advance of local farm improvements with the ready cooperation of its owners. Digging down through the raised rath, to its lowest, waterlogged levels, they uncovered startlingly well-preserved post-and-wattle houses, beds, occupation floors, crafts debris and artefacts and palaeoecological evidence for diet, economy and environment. It is

amongst the most important Irish archaeological excavations of modern times. Partly as a result of what happened at Deer Park Farms, the programme of protection (known as scheduling) was reviewed. A revised programme was set up across Northern Ireland to identify the most significant sites and seek to save them for the future. New legislation through the Historic Monuments and Archaeological Objects Northern Ireland Order 1995 strengthened this protection. Works to a site with this protection is controlled through Scheduled Monument Consent.

This book presents the practice and theory of Tibetan Buddhism. First is a meditation

manual written by the Fourth Pan-chen Lama (1781-1852), based on Tsongkhapa's Three Principal Aspects of the Path, which covers the daily practice of Tibetan monks and yogis. It details how to properly conduct a meditation session that contains the entire scope of the Buddhist path. Next is the Presentation of Tenets, written by Gon-chok-jik-may-wang-bo. It covers Indian Buddhist schools, as viewed in Tibet, and provides a solid introduction to the Buddhist theory animating the practice. Topics include the two truths, consciousness, hindrances to enlightenment, paths to freedom, and fruits of practice.

A humorous and rousing set of literal and figurative sojourns as well as a mission statement about comprehending, protecting, and truly experiencing the

outdoors, fueled by three journeys undertaken by actor, humorist, and New York Times bestselling author Nick Offerman. Nick Offerman has always felt a particular affection for the Land of the Free—not just for the people and their purported ideals but to the actual land itself: the bedrock, the topsoil, and everything in between that generates the health of your local watershed. In his new book, Nick takes a humorous, inspiring, and elucidating trip to America's trails, farms, and frontier to examine the people who inhabit the land, what that has meant to them and us, and to the land itself, both historically and currently. In 2018, Wendell Berry posed a question to Nick, a query that planted the seed of this book, sending Nick on two memorable journeys with pals—a hiking trip to Glacier National Park with his friends Jeff Tweedy and George Saunders, as well as an extended visit to his friend James Rebanks, the author of *The Shepherd's Life* and *English Pastoral*. He followed that up with an excursion that could only have come about in 2020—Nick and his wife, Megan Mullally, bought an Airstream trailer to drive across (several of) the United States. These three quests

inspired some “deep-ish” thinking from Nick, about the history and philosophy of our relationship with nature in our national parks, in our farming, and in our backyards; what we mean when we talk about conservation; and the importance of outdoor recreation, all subjects very close to Nick's heart. With witty, heartwarming stories and a keen insight into the human problems we all confront, this is both a ramble through and celebration of the land we all love.

A novel full of heart, in which love, friendship, and charity teach a young woman to live a bigger life. When Madeline Stone walks away from Chicago and moves five hundred miles north to the coast of Lake Superior, in Michigan's Upper Peninsula, she isn't prepared for how much her life will change. Charged with caring for an aging family friend, Madeline finds herself in the middle of beautiful nowhere with Gladys and Arbutus, two octogenarian sisters—one sharp and stubborn, the other sweeter than sunshine. As Madeline begins to experience the ways of the small, tight-

knit town, she is drawn into the lives and dramas of its residents. It's a place where times are tough and debts run deep, but friendship, community, and compassion run deeper. As the story hurtles along—featuring a lost child, a dashed love, a car accident, a wedding, a fire, and a romantic reunion—Gladys, Arbutus, and the rest of the town teach Madeline more about life, love, and goodwill than she's learned in a lifetime. A heartwarming novel, *South of Superior* explores the deep reward in caring for others, and shows how one who is poor in pocket can be rich in so many other ways, and how little it often takes to make someone happy.

“A fascinating and frightening book” (*Los Angeles Times*)—the bestselling true story about a house possessed by evil spirits, haunted by psychic phenomena almost too terrible to describe. In December 1975, the Lutz family moved into their new home on suburban Long Island. George and Kathleen Lutz knew that, one year earlier, Ronald DeFeo had murdered his parents, brothers, and sisters in the house, but the property—complete with

boathouse and swimming pool—and the price had been too good to pass up. Twenty-eight days later, the entire Lutz family fled in terror. This is the spellbinding, shocking true story that gripped the nation about an American dream that turned into a nightmare beyond imagining—“this book will scare the hell out of you” (Kansas City Star).

In this wild battering ram of a novel, which was originally published to vast controversy in 1965, Norman Mailer creates a character who might be a fictional precursor of the philosopher-killer he would later profile in *The Executioner's Song*. As Stephen Rojack, a decorated war hero and former congressman who murders his wife in a fashionable New York City high-rise, runs amok through the city in which he was once a privileged citizen, Mailer peels away the layers of our social norms to reveal a world of pure appetite and relentless cruelty. One part Nietzsche,

one part de Sade, and one part Charlie Parker, *An American Dream* grabs the reader by the throat and refuses to let go. Praise for *An American Dream* “Perhaps the only serious New York novel since *The Great Gatsby*.”—Joan Didion, *National Review* “A devil’s encyclopedia of our secret visions and desires . . . the expression of a devastatingly alive and original creative mind.”—*Life* “A work of fierce concentration . . . perfectly, and often brilliantly, realistic [with] a pattern of remarkable imaginative coherence and intensity.”—*Harper's* “At once violent, educated, and cool . . . This is our history as Hawthorne might have written it.”—*Commentary* Praise for Norman Mailer “[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation.”—*The New York Times* “A writer of the greatest and most reckless talent.”—*The New Yorker* “Mailer is indispensable, an American treasure.”—*The Washington Post* “A devastatingly alive and original creative mind.”—*Life* “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance.”—*The New York*

*Review of Books* “The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—*Chicago Tribune* “Mailer is a master of his craft. His language carries you through the story like a leaf on a stream.”—*The Cincinnati Post* *The Deer Park* Weidenfeld & Nicolson take a wild and fun look at *Deer Park 11729: The Tony Polizzi Story*. *Deer Park*, a somewhat quiet little town nestled into the heart of Long Island, comes to life in this unbelievable tale of a young Italian, his family, and friends as they made their mark and had lots of fun, trials, tribulations, fights, sex, drugs, and rock and roll. After all, this was the 60s and 70s, a time like no other. Enjoy the music and the memories of a tumultuous era where peace and love reigned supreme the days of Hendrix, Joplin, and Zeppelin. *The Deer Park, Texas Hauntings* Random House Trade Paperbacks Winner of the 2021 John Burroughs Medal for Distinguished Natural History Writing “This deeply nourishing book invites us to reclaim reciprocity with the living world.”

—Robin Wall Kimmerer, author of *Braiding Sweetgrass* Once, farmers and rural people knew how to prune hazel to foster abundance: both of edible nuts and of straight, strong, flexible rods for bridges, walls, and baskets. Townspeople felled their beeches to make charcoal to fuel ironworks. Shipwrights shaped oaks to make hulls. No place could prosper without its inhabitants knowing how to cut their trees so they would sprout again. Pruning the trees didn't destroy them. Rather, it created the healthiest, most sustainable and diverse woodlands that we have ever known. Arborist William Bryant Logan offers us both practical knowledge about how to live with trees to mutual benefit and hope that humans may again learn what the persistence and generosity of trees can teach. He recovers the lost tradition that sustained human life and culture for ten millennia.
