DUKE NOVAK

Fight Or Flight Oxford University Press
#1 NEW YORK TIMES BESTSELLER • From the author of *The Martian*, a lone astronaut must save the earth from disaster in this “propulsive” (Entertainment Weekly), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR’S BEST BOOKS: Bill Gates, GatesNotes, New York Public Library, Parade, Newsweek, Polygon, Shelf Awareness, She Reads, Kirkus Reviews, Library Journal • “An epic story of redemption, discovery and cool speculative sci-fi.”—USA Today “If you loved *The Martian*, you’ll go crazy for Weir’s latest.”—The Washington Post Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish. Except that right now, he doesn’t know that. He can’t even remember his own name, let alone the nature of his assignment or how to complete it. All he knows is that he’s been asleep for a very, very long time. And he’s just been awakened to find himself millions of miles from home, with nothing but two corpses for company. His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurtling through space on this tiny ship, it’s up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species. And with the clock ticking down and the nearest human being light-years away, he’s got to do it all alone. Or does he? An irresistible interstellar adventure as only Andy Weir could deliver, *Project Hail Mary* is a tale of discovery, speculation,

and survival to rival *The Martian*—while taking us to places it never dreamed of going.

Literary Criticism Lean Enterprise Institute
“... Pascal will illustrate the method by telling the story of the imaginary (but very real) Atlas Industries as it switches from traditional planning methods to rigorous strategy deployment. He will explain in detail how you and your organization can get the right things done by applying the method consistently”—P. vii, foreword.

My Tech-Wise Life HarperChristian + ORM

It's time to take our power back We can barely imagine our lives without technology. Tech gives us tools to connect with our friends, listen to our music, document our lives, share our opinions, and keep up with what's going on in the world. Yet it also tempts us to procrastinate, avoid honest conversations, compare ourselves with others, and filter our reality. Sometimes, it feels like our devices have a lot more control over us than we have over them. But it doesn't have to be that way. In fact, we deserve so much more than what technology offers us. And when we're wise about how we use our devices, we can get more--more joy, more connection, more out of life. Tech shouldn't get in the way of a life worth living. Let's get tech-wise.

A Greener Faith CRC Press

Why You Can't Afford to Ignore This Amazon Bestseller: Whether you realize it or not-or even wish to admit it-you already have an online reputation to protect. It doesn't matter if you're fresh out of college and hoping your past Facebook indiscretions don't torpedo your career prospects, or a Fortune 500 company trying to make a name for itself in a crowded market, your reputation online is vital to your success. In *Repped: 30 Days to a Better Online Reputation*, world renowned online reputation management

Andy Beal provides every individual, organization and brand the power to manage, monitor, repair and build a trusted online reputation. Get *Repped* and discover untold rewards!" Richie Norton, bestselling author of *The Power of Starting Something Stupid*
Lean Production Simplified, Second Edition Harvard University Press
A practitioner's guide to the basic

principles of creating sound effects using easily accessed free software. Designing Sound teaches students and professional sound designers to understand and create sound effects starting from nothing. Its thesis is that any sound can be generated from first principles, guided by analysis and synthesis. The text takes a practitioner's perspective, exploring the basic principles of making ordinary, everyday sounds using an easily accessed free software. Readers use the Pure Data (Pd) language to construct sound objects, which are more flexible and useful than recordings. Sound is considered as a process, rather than as data—an approach sometimes known as “procedural audio.” Procedural sound is a living sound effect that can run as computer code and be changed in real time according to unpredictable events. Applications include video games, film, animation, and media in which sound is part of an interactive process. The book takes a practical, systematic approach to the subject, teaching by example and providing background information that offers a firm theoretical context for its pragmatic stance. [Many of the examples follow a pattern, beginning with a discussion of the nature and physics of a sound, proceeding through the development of models and the implementation of examples, to the final step of producing a Pure Data program for the desired sound. Different synthesis methods are discussed, analyzed, and refined throughout.] After mastering the techniques presented in Designing Sound, students will be able to build their own sound objects for use in interactive applications and other projects

Andy & Me and the Hospital Baker Books
Elegant and concise, this childhood memoir of Andy Grove, one of the pioneers of Silicon Valley, begins in Budapest, Hungary where the author was born into a secular Jewish family in 1936. As a small child, Andris Grof was told, “Jesus Christ was killed by the Jews, and because of that, all of the Jews will be thrown into the Danube.” Grof’s school years were marked by such anti-semitism and interrupted first by the Nazi occupation and then by the post-war Communist regime. He was a good student who excelled at chemistry which he was studying at the University of Budapest when the Hungarian uprising of 1956 persuaded him to “swim across” the border and emigrate to the West. Grove provides an interesting sketch of a boy’s coming of age in a deeply dangerous 20th century Budapest under the control of Nazis and then Communists and concludes the memoir with an account of his escape

and eventual resumption of his studies at the City College of New York. “Haunting and inspirational. It should be required reading in schools.” — Tom Brokaw “A poignant memoir... a moving reminder of the meaning of America and the grit and courage of a remarkable young man who became one of America’s phenomenal success stories.” — Henry Kissinger “This honest and riveting account gives a fascinating insight into the man who wrote *Only the Paranoid Survive*.” — George Soros “Andy Grove is a tremendous role model, and his book sheds light on his amazing journey. I would choose him as my doubles partner any day!” — Monica Seles “Combines a unique and often harrowing personal experience with the virtues of fiction at its most engrossing — vivid scenes, sharply delineated characters, and an utterly compelling narrative... a wonderful reading experience.” — Richard North Patterson “A poignant tale leading to human courage and hope.” — Elie Wiesel “Grove, the founder and chairman of Intel Corporation, does not whine about his hardships. Instead he recalls ordinary events and matter-of-factly juxtaposes these against the turmoil of midcentury Hungary, creating a subtle though compelling commentary on the power to endure.” — Diane Scharper, *The New York Times* “Swimming Across tells the childhood stories [Grove] has guarded since first entering the public eye four decades ago... [It] is driven not by executives battling for money and power, but the experiences — some mundane, some extraordinary — of a nonobservant Jewish boy growing up in Hungary through a fascist regime, a Nazi invasion and a Soviet occupation.” — Chris Gaither, *The New York Times* “The intelligence, dedication and ingenuity that earned him fame and fortune (he was *Time*’s Man of the Year in 1997) are evident early on... Grove’s story stands smartly amid inspirational literature by self-made Americans” — Publishers Weekly “A tight, simply told, extremely intimate memoir... a polished, solid portrait of a particular time and place.” — Kirkus “[A] moving and inspiring memoir... Grove’s account of life in Hungary in the 1950s is a vivid picture of a tumultuous period in world history.” — Booklist

Crisis Four Multnomah
Second Edition of a Shingo Prize Winner
Based on the author's personal experience with Toyota's master teachers and with companies in the midst of great change, *Andy and Me: Crisis and Transformation on the Lean Journey*, now in its second edition, is a business novel set in a failing

New Jersey auto plant focusing on the tribulations of Tom Pappas,
Andy & Me Ballantine Books
Wall Street Journal Bestseller Have you ever wondered why we spend so much time and energy thinking about the big challenges in our lives when all the evidence proves it's actually the little things that change everything? That's right... Absolutely everything. *Little Things* embodies Andy's own approach to life and work, detailing for the first time some of the exclusive material that he uses to teach and coach some of the most successful corporations, teams, and individuals around the world. In his unique humorous style, Andy shows how people succeed by actually going against the modern adage, “don't sweat the small stuff”. By contrast, Andy proves that it is in concentrating on the smaller things that we add value and margin. Discover a new perspective and a game plan for meeting various challenges, such as: Managing life in a society that seems to be constantly offended by something or someone
Creating change that is permanent and not short term
Dramatically increasing results by harnessing the fraction of margin between second place and first
Understanding our spiritual connection with God and how that affects planning and outcome
Identifying the very moment when asking the question why? multiplies the success of an endeavor
Recognizing the smallest details that ensure the greatest success

The Copywriting Sourcebook Zondervan
“Later than usual one summer morning in 1984 . . .” On California’s fog-hung North Coast, the enchanted redwood groves of Vineland County harbor a wild assortment of sixties survivors and refugees from the “Nixonian Reaction,” still struggling with the consequences of their past lives. Aging hippie freak Zoyd Wheeler is revving up for his annual act of televised insanity when news reaches that his old nemesis, sinister federal agent Brock Vond, has come storming into Vineland at the head of a heavily armed Justice Department strike force. Zoyd instantly disappears underground, but not before dispatching his teenage daughter Prairie on a dark odyssey into her secret, unspeakable past. . . . Freely combining disparate elements from American popular culture—spy thrillers, ninja potboilers, TV soap operas, sci-fi fantasies—Vineland emerges as what Salman Rushdie has called in *The New York Times Book Review* “that rarest of birds: a major political novel about what America has been doing to itself, to its children, all these many years.”
Project Hail Mary Catapult

Based on the author's years of experience working with Toyota's master teachers and with companies in the midst of great change, this book follows the story established in the Shingo Prize-winning book, *Andy & Me: Crisis & Transformation on the Lean Journey*. In a cool and readable style, *Andy & Me* and the *Hospital: Further Adventures on the Lean Journey* follows Tom Pappas's relationship with Andy Saito, a reclusive retired Toyota guru. Tom and Andy are pulled into a major New York City hospital in crisis. Can they translate and apply Toyota's powerful methods and thinking to save the hospital from disaster? Using a compelling novel format, the book demonstrates how to apply Lean thinking in a healthcare setting. It illustrates the situations, characters, and plant politics you will most likely face as you progress through your Lean healthcare journey. As the story unfolds, you will discover the way of thinking and behavioral changes required to implement proven Toyota Production System (TPS) methods, tools, and thinking in healthcare. You will learn: What a Lean transformation in a hospital should look like The overall approach you need to take The leadership and behavioral changes required How to improve processes and better develop and engage people How to build and sustain a Lean management system How to translate and apply Deming's "profound system of knowledge" This book provides clear and simple guidance on what it takes to successfully implement Toyota methods in healthcare settings. It shares helpful insights on how the different elements need to fit together to deliver measurable process improvement results. Just like its bestselling predecessors, this book includes study questions after each chapter to support learning and to facilitate discussion in workshops or classroom settings.

Preventable Simon and Schuster
Second Edition of a Shingo Prize Winner
Based on the author's personal experience with Toyota's master teachers and with companies in the midst of great change, *Andy & Me: Crisis & Transformation on the Lean Journey*, now in its second edition, is a business novel set in a failing New Jersey auto plant focusing on the tribulations of Tom Pappas, the plant manager. The situations, characters, and plant politics will ring true with many readers. In a cool, readable style, this highly popular work follows Tom's relationship with Andy Saito, a reclusive retired Toyota guru whom Tom persuades to help save his plant through the teaching of the legendary Toyota Production System (TPS). On this journey,

the reader learns that TPS is more than just a collection of tools; it entails a new way of thinking and behaving. Though Tom finds success — both in his plant and in his personal life — he learns from Andy that successful improvement is endless and eternal. This edition includes study questions after each chapter to support your learning and help you tell some of your own stories. Pascal Dennis discusses the 2nd edition of his Shingo Prize-winning book *Andy & Me*.

Faithful and Fractured MIT Press

The author describes his longtime battle with ills of manic depression, his desperate search for the ultimate high, the art-forgery scandal that confined him to jail and to house arrest, and his decision to opt for the controversial treatment of electroconvulsive therapy to preserve his sanity. Reprint. 30,000 first printing.

Irresistible Grand Central Publishing
Eighteen-year-old Allin Arcady only wants one thing: to reach the Roof of the World and see the Sun for the first time in his life. The problem is, he's lost in the depths of the ruined planet-city called Earth, fleeing the horrors of his past. When his past catches up to him, Allin is thrust into a science fantasy adventure in which he meets a race of genetically-modified cats, tangles with vengeful werewolves, and parlays with cyborgs. Along the way, Allin is forced to decide: will he spend his whole life running or take a stand against the forces that want to finish off the Earth once and for all?

Permanent Crisis Marshall Cavendish International Asia Pte Ltd

Leads scholars and anyone who cares about the humanities into more effectively analyzing the fate of the humanities and digging into the very idea of the humanities as a way to find meaning and coherence in the world. The humanities, considered by many as irrelevant for modern careers and hopelessly devoid of funding, seem to be in a perpetual state of crisis, at the mercy of modernizing and technological forces that are driving universities towards academic pursuits that pull in grant money and direct students to lucrative careers. But as Paul Reitter and Chad Wellmon show, this crisis isn't new—in fact, it's as old as the humanities themselves. Today's humanities scholars experience and react to basic pressures in ways that are strikingly similar to their nineteenth-century German counterparts. The humanities came into their own as scholars framed their work as a unique resource for resolving crises of meaning and value that threatened other cultural or social goods. The self-understanding of the

modern humanities didn't merely take shape in response to a perceived crisis; it also made crisis a core part of its project. Through this critical, historical perspective, *Permanent Crisis* can take scholars and anyone who cares about the humanities beyond the usual scolding, exhorting, and hand-wringing into clearer, more effective thinking about the fate of the humanities. Building on ideas from Max Weber and Friedrich Nietzsche to Helen Small and Danielle Allen, Reitter and Wellmon dig into the very idea of the humanities as a way to find meaning and coherence in the world. ,

Bury the Lead Random House

Recuperating in Switzerland after a job that cost the life of one of his closest friends, ex-special forces soldier Nick Stone has only one thing on his mind: the girl who left his bed this morning without saying goodbye. And when she fails to reappear, Nick knows the honeymoon is over before it has even begun. Her trail leads him to Africa, and the deep end of a very dirty Congo war – where it isn't long before the past comes knocking at his door, and Stone finds himself catapulted once more into the dark and brutal world he'd tried to leave behind. As one bloody twist leads to another, his apparently simple quest becomes a journey to the heart of a chilling conspiracy, to which he and his beautiful quarry unwittingly hold the key...

Use Your Difference to Make a Difference John Wiley & Sons

world-making political agenda that far exceeds interest group politics applied to forests and toxic incinerators. Rather, religious environmentalism offers an all-inclusive vision of what human beings are and how we should treat each other and the rest of life. Gottlieb analyzes the growing synthesis of the movement's religious, social, and political aspects, as well as the challenges it faces in consumerism, fundamentalism, and globalization.

Better Decisions, Fewer Regrets St. Martin's Press

* NATIONAL BESTSELLER * "Painfully good. The book could have been called, 'Outrageous.' The story Andy Slavitt tells is not just about Trump's monumental failures but also about the deeper ones that started long before, with our health system, our politics, and more." --Atul Gawande, author of *Being Mortal* The definitive, behind-the-scenes look at the U.S. Coronavirus crisis from one of the most recognizable and influential voices in healthcare From former Biden Senior Advisor Andy Slavitt, *Preventable* is the definitive inside account of the United

States' failed response to the Coronavirus pandemic. Slavitt chronicles what he saw and how much could have been prevented -- an unflinching investigation of the cultural, political, and economic drivers that led to unnecessary loss of life. With unparalleled access to the key players throughout the government on both sides of the aisle, the principal public figures, as well as the people working on the frontline involved in fighting the virus, Slavitt brings you into the room as fateful decisions are made and focuses on the people at the center of the political system, health care system, patients, and caregivers. The story that emerges is one of a country in which -- despite the heroics of many -- bad leadership, political and cultural fractures, and an unwillingness to sustain sacrifice light a fuse that is difficult to extinguish. Written in the tradition of *The Big Short*, *Preventable* continues Andy Slavitt's important work of addressing the uncomfortable realities that brought America to this place. And, he puts forth the solutions that will prevent us from being here again, ensuring a better, stronger country for everyone.

 A New York Times bestseller with over 1.3 million copies sold! Only a few months ago, he was a successful executive. Now he's a desperate man. Join David Ponder on an incredible journey to discover the Seven Decisions for success that can turn any life around, no matter how hopeless a situation seems. Forty-six-year-old David Ponder feels like a total failure. Once a high-flying executive in a Fortune 500 company, he now works a part-time, minimum wage job and struggles to support his family. Suddenly an even greater crisis hits: his daughter becomes ill, and he can't even afford to get her the medical help she needs. When David's car skids on an icy road, he wonders if he even cares to survive the crash. But an extraordinary experience awaits David Ponder. He suddenly finds himself traveling back in time, meeting leaders and heroes at crucial moments in their lives—from Abraham Lincoln to Anne Frank. As David speaks with each of these historical figures, they share their personal philosophies with him. By the time his journey is over, he has received seven secrets for success—and a second chance. Among these crucial decisions for success are: The buck stops here, and I am responsible for my past and my future I will seek wisdom and be a servant to others I will greet this day with a forgiving

spirit, and I will forgive myself Today I will choose to be happy and be the possessor of a grateful spirit The message is simple: Life is about choices. While we have little control over the events that occur in our lives, success is determined by the choices we make daily. The *Traveler's Gift* will challenge you, inspire you, and give you seven decisions that you can employ to determine your own personal success. Acclaim for *The Traveler's Gift*: Good Morning America's "Read This!" book selection for May 2003 Hit the New York Times bestseller list and remained there for 17 weeks Reached #5 on the New York Times Business Bestseller list Wall Street Journal, USA Today, and Publisher's Weekly bestseller Translated into nearly 20 languages, including Braille
Andy & Me and the Hospital CRC Press
 In this elegantly reported book, journalist Andy Steiner introduces us to dozens of people who have lived through excruciating times. We meet a marathon runner who suffers a massive heart attack, an entrepreneur whose new venture ate up his savings, a brother who lost his sister to suicide, and more. These are difficult things to endure, and difficult things to discuss. But the subjects all opened themselves up to Steiner, offering helpful advice about how they lived through tough times. This is a book for anyone who has gone through something hard and wants to see a way out, It's a book for all of us. -- Book jacket.
