Since the publication of the best-selling first edition, the growing price and environmental cost of energy have increased the significance of tribology. Handbook of Lubrication and Tribology, Volume II: Theory and Design, Second Edition demonstrates how the principles of tribology can address cost savings, energy conservation, and environmental protection. This second edition provides a thorough treatment of established knowledge and practices, along with detailed references for further study. Written by the foremost experts in the field, the book is divided into four sections. The first reviews the basic principles of tribology, wear mechanisms, and modes of lubrication. The second section covers the full range of lubricants/coolants, including mineral oil, synthetic fluids, and water-based fluids. In the third section, the contributors describe many wear- and friction-reducing materials and treatments, which are currently the fastest growing areas of tribology, with announcements of new coatings, better performance, and new vendors being made every month. The final section presents components, equipment, and designs commonly found in tribological systems. It also examines specific industrial areas and their processes. Sponsored by the Society of Tribologists and Lubrication Engineers, this handbook incorporates up-to-date, peer-reviewed information for tackling tribological problems and improving lubricants and tribological systems. The book shows how the proper use of generally accepted tribological practices can save money, conserve energy, and protect the environment.

November 2019 www.guepedia.com Sinopsis: Dalam Islam, agama (diin) bukan hanya soal kepercayaan individual semata, melainkan keseluruhan konsep yang utuh dari segala aspek hidup manusia. Dalam Al-Quran terkadang agama juga disebut sebagai millah, kata yang diambil dari Bahasa Aram (Nenek Moyang Bahasa Suryani) yang berarti “tenda” (Millata Ibraahiima – Millah Ibrahim / Tenda Ibrahim / Agama Ibrahim) dan kemudian diserap kedalam Bahasa Ibrani berubah makna menjadi “kalimat” atau “kata-kata”, kemudian dalam Terminologi Bahasa Arab menjadi setara dengan kata “diin” yang berarti juga “agama”. Artinya agama mestilah menaungi manusia dan melindunginya, serta sesuai dengan hadits: “Agama adalah Nasihat” (Shahih, diriwayatkan oleh Imam Muslim dalam kitab Shahihnya, hadits no. 55 dan no. 95). Berangkat dari sana, maka keseluruhan aspek hidup manusia harus dapat dijawab oleh agama, dari mulai permasalahan Aqidah (keyakinan), akhlak (perilaku), dan syariah (tuntunan hukum). Seiring berkembangnya waktu, bertambah kompleks pula permasalahan yang ditemui umat Islam dalam menjalankan agamanya di tengah masyarakat modern. Untuk itulah tulisan-tulisan dalam buku ini mencoba untuk mengulas permasalahan-permasalahan tersebut, utamanya yang terkait dengan Aqidah dan syariah dalam Islam. www.guepedia.com Email : guepedia@gmail.com WA di 081287602508 Happy shopping & reading Enjoy your day, guys

He (Jesus) said: "Verily! I am a slave of Allah. He has given me the Scripture and made me a Prophet; and He has made me blessed wheresoever I be, and has enjoined me prayer, and Zakat, as long as I live, and dutiful to my mother, and made me not arrogant, unblest. And Salam (peace) be upon me the day I was born, and the day I die, and the day I shall be raised alive!" (Ch. 19:27 – 33).

This work marks the meeting point of 4 different traditions of the Qur'anic commentary: philosophical, Sufi, Shi'ite and theological. It also presents the author's metaphysical commentary and records the earlier commentaries on the Light Verse. It is significant from the point of view of both the history of Qur'anic commentary and Islamic Philosophy. The most outstanding characteristic of the book is that he explains the meaning of light by establishing its metaphysics, encompassing ontology, cosmology, epistemology, psychology and spiritual wayfaring.

Indonesian Islam is often portrayed as being intrinsically moderate by virtue of the role that mystical Sufism played in shaping its traditions.

According to Western observers--from Dutch colonial administrators and orientalist scholars to modern anthropologists such as the late Clifford Geertz--Indonesia's peaceful interpretation of Islam has been perpetually under threat from outside by more violent, intolerant Islamic traditions that were originally imposed by conquering Arab armies. The Makings of Indonesian Islam challenges this widely accepted narrative, offering a more balanced assessment of the intellectual and cultural history of the most populous Muslim nation on Earth. Michael Laffan traces how the popular image of Indonesian Islam was shaped by encounters between colonial Dutch scholars and reformist Islamic thinkers. He shows how Dutch religious preoccupations sometimes echoed Muslim concerns about the relationship between faith and the state, and how Dutch-Islamic discourse throughout the long centuries of European colonialism helped give rise to Indonesia's distinctive national and religious culture. The Makings of Indonesian Islam presents Islamic and colonial history as an integrated whole, revealing the ways our understanding of Indonesian Islam, both past and present, came to be.

God and the Folly of Faith Pustaka Al-Kautsar

Kitab Al I'tisam seems to have been written by Al Shatibi "May Allah (swt) have mercy on him" for his disciples and the scholars and students of knowledge, rather than for the laymen and commoners among the people. He underwent great difficulties to achieve this glorious task. The book is indeed a scientific encyclopedia, which includes a lot of benefits and unique issues, which make its holder and carrier dispense with anything else, in residence as well as on journey. He prefaced the book with a wonderful and concentrated introduction, in which he talked about the alienation of Islam, and the emergence and spread of the religious innovations, which motivated him to write his book, in the hope it would benefit the Muslims in the world and the hereafter. He divided the book into ten section, each including many chapters as required by content and in-depth explanation of the issues: 1. Definition and meaning of religious innovation 2. Condemnation of religious innovation, and the evil consequences of its men; 3. Condemnation of religious innovations in general, and all changes made in the religion, in which he discussed the malicious allegations of the religious innovators and those of scholars who regard good or bad the religious innovations. 4. The approaches of religious innovators in attestation; 5. The real and additional religious innovations, and the difference between them; 6. The rulings of the religious innovations, which are not of the same rank; 7. The innovation, whether it pertains to the acts of worship in particular, or includes also the normal habits; 8. The difference between the benefits which were not specifically addressed with Islamic text, and the appreciation; 9. The reason for which the sects of religious innovators broke away from the established community of the Muslims; 10. The straight path from which the religious innovators deviated
