If a total stranger gave you access to his mind, his dreams and his darkest secrets, all kept in a journal spanning twenty-five years, including an entry for every day, 2,800 pages in all, containing over nine thousand dreams, you might expect a reasonable explanation for this madness. As William Blake famously said, "The fool who persists in his folly will become wise." Therein lies the reason for my journal. Twice I found myself in the hospital, seriously injured due to stupidity of the highest order. The victim of my own folly, I decided to double down, determined to seek wisdom where only fools dare tread. What I achieved was a meeting of the minds, conscious and unconscious, searching for the wisdom of self-understanding, finding that dreams do mirror our waking lives, sometimes even predicting future events. Join me on this quest into the heart of a lucid dream, where an escaped mental patient finds redemption in failed novels and a fool proudly proclaims his freedom from reality - in a non-fiction spasm of self-deprecating humor.

A Thousand Hills to Heaven Farrar, Straus and Giroux

Beloved American hero and astronaut Buzz Aldrin reflects on the wisdom, guiding principles, and irreverent anecdotes he's gathered—both in outer space and on earth—through his event-filled life, in this inspiring guide-to-life for the next generation. Everywhere he goes, crowds gather to meet Buzz Aldrin. He is a world-class hero, a larger-than-life figurehead, best known of a generation of astronauts whose achievements surged in just a few years from first man in space to first men on the moon. Now he pauses to reflect and share what he has learned, from the vantage point not only of outer space but also of time: still a non-stop traveler and impassioned advocate for space exploration, Aldrin will be 86 in 2016. No Dream Is Too High whittles down Buzz Aldrin's event-filled life into a short list of principles he values, each illustrated by fascinating anecdotes and memories, such as: · Second comes right after first. NASA protocol should have meant he was first on the moon, but rules changed just before the mission. How he learned to be proud of being the second man on the moon. · Look for opportunities, not obstacles. Buzz was rejected the first time he applied to be an astronaut. Failure is an opportunity to learn to do better. · Always maintain your spirit of adventure. For his 80th birthday, Buzz went diving in the Galapagos and hitched a ride on a whale shark. He stays fit, energetic, and fascinated with life. No Dream Is Too High is a beautiful memento, a thought-provoking set of ideas, and a new opportunity for Buzz Aldrin to connect with the masses of people who recognize his unique place in human history.

Before punk, before the Beats, before existentialism, and beyond surrealism, there were two visionaries, two rebels, two friends...and two tragic heroes, Antonin Artaud and Robert Desnos. Only one could save the other's life.

NIGHT OF A THOUSAND DREAMS is a personal journey through the difficulties and mysteries of life. It is the endeavor of one Soul to understand the shadows and light that we all live. The stories, dreams, and challenges presented in this manuscript attempt to simplify many abstract and ancient concepts. The beauty of truth is that it is simple...not complex. The chapter Essence of Gold speaks to the nuggets of gold (truths) which are often twisted so tightly by conventional religion that their sacred intent and meaning is lost. Storytelling is an art that weaves the light of truths into the common stories of humanities struggles. These stories serve as an inspiration for me to keep moving forward on my journey. They reveal the spectrum of human emotions. This collection of spiritual stories is my attempt as a storyteller to inspire others to share their unique perspectives and truths.

Inventive, empathetic, and strange in all the best ways, *The Spinner of Dreams* draws from the author's own experiences to create a story that feels timeless and universal. As she did in her debut *The Land of Yesterday*, K. A. Reynolds thoughtfully explores mental health and crafts an adventure that fits right alongside middle grade classics like *The Phantom Tollbooth*. Annalise Meriwether—though kind, smart, and curious—is terribly lonely. Cursed at birth by the devious Fate Spinner, Annalise has always lived a solitary life with her loving parents. She does her best to ignore the cruel townsfolk of her desolate town—but the black mark on her hand won't be ignored. Not when the monster living within it, which seems to have an agenda of its own, grows more unpredictable each day. There's only one way for Annalise to rid herself of her curse: to enter the Labyrinth of Fate and Dreams and defeat the Fate Spinner. So despite her anxiety, Annalise sets out to undo the curse that's defined her—and to show the world, and herself, exactly who she is inside.

It is about love and about how a very special kind, can connects us to one of life's greatest mystery, which we often take for granted, where dreams are not just drawn or painted by some twisting of fate but preordained from a specific truth; that dreams do come around, knocking, wearing different names. The Drunken Boat Little, Brown

The 1870s in France - Rimbaud's moment, and the subject of this book - is a decade virtually ignored in most standard histories in France. Yet it was the moment of two significant spatial events: France's expansion on a global scale, and, in the spring of 1871, the brief existence on the Paris Commune - the construction of the revolutionary urban space. Arguing that space, as a social fact, is always political and strategic, Kristin Ross has written a book that is at once a history and geography of the Commune's anarchist culture - its political language and social relations, its values, strategies, and stances. Central to her analysis of the Commune as a social space and oppositional culture is a close textual reading of Arthur Rimabaud's poetry. His poems - a common thread running through the book - are one set of documents among many in Ross's recreation of the Communard experience. Rimbaud, Paul Lafargue, and the social geographer lise Reclus serve as emblematic figures moving within and on the periphery of the Commune; in their resistance to the logic and economy of the capitalist conception of work, in their challenge to work itself as a term of identity, all three posed a threat to the existing order. Ross looks at these and other emancipatory notions as aspects of Communard life, each with an analogous strategy in Rimbaud's poetry. Applying contemporary theory, to a wealth of little-known archival material, she has written a fresh, persuasive, and original book.

-273 Dada Street Little, Brown Books for Young Readers

Caution: Strong philosophical language. Not for the faint hearted. Will literarily blow your mind. A philosophical and art historical novel. Zurich 1916. Amidst the chaos of WWI a young man from provincial Poland arrives to study art. Good natured and unsophisticated, Anton has an enquiring nature and a strong desire to engage with modern culture. His lodgings are in Spiegelgasse, the same street as the neonatal dada movement's Cabaret Voltaire. The narrative takes place over

about six months during which Anton attends the cabaret performances and meets the artists. He is thus able to observe at first hand the development of dada in Zurich from its beginnings while attempting to understand the underlying forces and impetus. He also encounters Vladimir Lenin and his wife who take a room at the same lodging house. Lenin acquaints Anton with the naked truth about society and reveals his views on art. Anton forms a friendship with Karl, an art student his own age from an old Zurich family. Anton is impressed with Karl's sophisticated manner and erudition, which Anton attempts to absorb through discussion and voracious reading, immersing himself in avant-garde art and philosophy. Although Anton had by this time begun to liberate himself from the dogma of his native Catholicism and was inclined towards a scientific and atheistic view, the impact of Friedrich Nietzsche's philosophy, the Cabaret Voltaire, the war, etc., drove him further into nihilism and he struggled to achieve a positive reconstruction of the world. He both relished and dreaded the ideas he encountered. Anton's avowed aim was to achieve full self-consciousness and a clear understanding of the nature of his being, so intrepid and honest inquiry into reality was essential. This is a coming of age story processed through Anton's mind, with all its struggles, naiveté and imperfection. When Anton achieves his goal of self-consciousness through a profound subjective experience he discovers that it's not what he hoped for.

Over the past seven years I've lived in more places than I can remember. I lived and worked in Shanghai, New York, Berlin, Bangkok, Munich and a few more places, not including the dozens of places I've stayed at for just a few days or weeks. While writing these lines I'm in a small town in Malaysia. I've basically lived out of a backpack for the past seven years. And the longer I'm doing this, the less stuff I need. Right now I carry less than 10 items around with me in a carry on backpack that weighs less than 10kg. I go wherever I want to go. I currently spend less than \$800 a month. Including everything. My most precious possession is a \$300 Acer laptop. I've started a clothing company in China, for the Chinese market, which failed miserably. I've launched more than 10 websites, some of them made some money, some of them didn't. I shut down all of them. I've written seven books (this is my eighth). None of them was a bestseller. I write a blog where I published more than 500 articles so far. I've more than 100,000 monthly readers spread across multiple platforms. I'm by no means successful. Or rich. But I have more than enough, by all means. I have access to everything I need. And I can buy and afford everything I need. I'm not a minimalist. Or a digital nomad. Or an entrepreneur. Or a blogger. Or an author. I'm mostly trying to just be myself. I'm trying to be myself in a world where it gets harder and harder every single day to just be yourself. It's not always been easy. As a matter of fact it's probably been hard more often than it's been easy. But every day of struggle and doubt has been worth it. Being yourself and creating your own life instead of just living a life is always worth the struggle. This right here is my story. This is what I've learned about life, myself and the world around me. I'm everywhere and nowhere. And I own nothing and everything...

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF

THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman
