Our national language, and the culture from which it has formed, is the rightful inheritance of all English-speaking people. It deserves to be taught with knowledge and respect. English is now spoken, also, by more than 500 million people around the world. They

need the opportunity to learn to speak and write it confidently, and correctly. Grammar provides a language to talk about language. As a mechanic needs naming words for the parts of an engine, so a student needs naming words for the components of speech and writing. This practical book provides all who learn or teach Grammar with these skills in a clear step-by-step process. It provides teachers with an armoury of learning strategies to use at all levels. Grammar should

be fun to teach and fun to learn.

This book has been designed by combining the goodness of the original Wren & Martin text, High School Grammar & Composition, and specialized content

developed by a panel of competitive examination experts in the area of the English language. The USP is therefore adapting a classical text to the needs of the various admission and recruitment competitive examination aspirants. Its exhaustive coverage ensures that virtually no competitive examination remains untouched. Students preparing for descriptive tests such as UPSC (Compulsory English and General English Papers of Main Exams) and state PCS examinations, Judicial

Services examination, Indian Forest Service examination, Statistical Services and many other examinations in which subjective papers/tests are mandatory will find this book immensely useful. The book is also a boon for those students who are preparing for objective tests such as Banking and Insurance, SSC, UPSC preliminary, Defence Services, Law entrance, Business School entrance examinations, and many other admission and recruitment examinations.

A unique feature of this book is demonstration of the connectedness of the concepts and their applications visually, with the help of arrows and pointers. The aspirant will also find questions from recent examinations on virtually every page of the book. An index of examination-wise questions has been included so that the aspirant can choose the sections according to the targeted examination and focus more. Topic-wise distribution of questions in English examination

papers - both descriptive and objective - will also help aspirants to undertake a very well directed test-prep program using the book. KEY TO ENGLISH GRAMMAR PAST AND PRESENT. Wentworth Press
