This expanded and completely revised fifth edition is a unique ebook, spanning a thousand years of music from Gregorian chant via Bach and Beethoven to current leading lights such as Thomas Adès and Kaija Saariaho. There are concise biographical profiles of more than 200 composers and informative summaries of the major compositions in all genres, from chamber works to operatic epics. Topics such as the influence of jazz, notation, conducting, the madrigal, and why Stradivarius made such great violins are covered fully in feature boxes. The Rough Guide to Classical Music in a new ebook (PDF) fromat has been praised for its mix of well-known composers with more obscure, but interesting, figures (like Antoine Brumel and Barbara Strozzi), and for the way it takes contemporary music seriously.

Folk Strings is a collection of folk melodies from around the world arranged for strings. Unlike classical music, which normally has an "authentic" version, folk music often exists in many versions, with differences in the melody or lyrics. Sometimes several countries lay claim to a melody because a group of people moved to a new country and took their music with them. Most folk songs were sung and played for many years before they were written down, and their original composer is usually unknown. This collection includes melodies in a variety of moods and with rhythmic patterns which are representative of their country of origin. The arrangements in Folk Strings can be effective with players at a variety of levels. In order to provide maximum flexibility, the collection is available in a number of instrumentations.

[Introduction & Allegro for strings](#) OUP Oxford

Lists classical and operatic recordings that are specifically available in the new (and desirable) compact disc format. Individual titles are graded for their appropriateness to specific types and sizes of libraries. The main portion covers some 160 composers whose works are important in constituting a nuclear library collection of "serious" music. There are over 1,200 titles included and individually numbered (and fully cross-referenced) and graded. For numerous works, two or more performances are cited in order to provide the librarian with greater choices; monophonic works are specifically indicated. Many of the works are annotated. Annotation copyrighted by Book News, Inc., Portland, OR

**Introduktion und Allegro, VI 1 2 Va Vc op. 47** Nabu Press

More Folk Strings is a collection of melodies from around the world, in a variety of moods and with rhythmic patterns and harmonies that are representative of their country of origin. Because of the flexible scoring used in More Folk Strings, players at a variety of levels can make music together and less experienced players can play the solo (melody) parts, which use little or no shifting and are in accessible keys. Some pieces in the collection are easier than others. The collection is available in a number of instrumentations for string quartet or string orchestra, for violin ensemble, viola ensemble, cello ensemble, for two, three, or four violin, viola or cello players in any combination of these instruments, and for solo violin, solo viola, and solo cello. The piano accompaniment may be used with any of the combinations. In More Folk Strings for String Quartet or String Orchestra, the melody is passed around so that all members of the ensemble can have the opportunity to play the tune. Score and parts are marked with "melody" and "harmony" to help players bring out the melody at the appropriate moment. Teachers' notes provide lyrics and background information on each folk song in addition to rehearsal and performance suggestions.

McFarland

Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers, as well as twenty-three essays on forms, eras, and genres of classical music. Original.

*Introduction and Allegro* Routledge

Among the most original and provocative musicological writers of his generation, James Hepokoski has elaborated new paradigms of inquiry for both music history and music theory. Advocating fundamental shifts of methodological reorientation within the quest for potential musical meanings, his work spans both disciplines and offers substantial challenges for each. At its core is the conviction that a close study of musical genres, procedures, and structures those qualities of a composition that are specifically musical is essential to any responsible hermeneutic enterprise. Selected from writings from 1984 to 2008, this collection of essays provides a generous introduction to the author's most innovative and influential work on a wide variety of topics: musicological methodology, issues of staging and performance, Italian opera, program music, and exemplary studies of individual pieces.

*for harp solo, flute, clarinet and strings* Scarecrow Press

Michael Steinberg's 1996 volume The Symphony: A Reader's Guide received glowing reviews across America. It was hailed as "wonderfully clear...recommended warmly to music lovers on all levels" (Washington Post), "informed and thoughtful" (Chicago Tribune), and "composed by a master stylist" (San Francisco Chronicle). Seiji Ozawa wrote that "his beautiful and effortless prose speaks from the heart." Michael Tilson Thomas called The Symphony "an essential book for any concertgoer." Now comes the companion volume--The Concerto: A Listener's Guide. In this marvelous book, Steinberg discusses over 120 works, ranging from Johann Sebastian Bach in the 1720s to John Adams in 1994. Readers will find here the heart of the standard repertory, among them Bach's Brandenburg Concertos, eighteen of Mozart's piano concertos, all the concertos of Beethoven and Brahms, and major works by Mendelssohn, Schumann, Liszt, Bruch, Dvora'k, Tchaikovsky, Grieg, Elgar, Sibelius, Strauss, and Rachmaninoff. The book also provides luminous introductions to the achievement of twentieth-century masters such as Arnold Schoenberg, Be'la Barto'k, Igor Stravinsky, Alban Berg, Paul Hindemith, Sergei Prokofiev, Aaron Copland, and Elliott Carter. Steinberg examines the work of these musical giants with unflinching enthusiasm and bright style. He is a master of capturing the expressive, dramatic, and emotional values of the music and of conveying the historical and personal context in which these wondrous works were composed. His writing blends impeccable scholarship, deeply felt love of music, and entertaining whimsy. Here then is a superb journey through one of music's richest and most diverse forms, with Michael Steinberg along as host, guide, and the best of companions.

[A Basic Classical and Operatic Recordings Collection on Compact Discs for Libraries](#) Hal Leonard Corporation

There is an undeniable fascination in reading the words that composers write. Whenever a composer puts finger to typewriter rather than pencil to manuscript paper, we inevitably hope that he might proffer us some insights into the workings of the creative musical mind ? that source of much mystery since the act of composition left the realm of low artisanship for that of High Art some two or three centuries ago. Composers who deal with words as naturally as they write notes are, however, a breed of exceeding rarity. Ronald Stevenson belongs amongst them and the proof of it is to be found amply in this book.

**Selections from Essays in Musical Analysis** Routledge

Great for recitals, concerts, receptions, parties, and encores. Contents: \* Caravan \* Creole Love Call \* Day Dream \* Don't Get Around Much Anymore \* Do Nothin' Till You Hear From Me \* I Let a Song Go Out of My Heart \* I Got It Bad (And That Ain't Good) \* I'm Just a Lucky So and So \* In a Sentimental Mood \* It Don't Mean a Thing (If It Ain't Got That Swing) \* Mood Indigo \* Satin Doll \* Solitude \* Sophisticated Lady \* Prelude to a Kiss \* Take the "A" Train.

**The Concerto** Oxford University Press

Concert audiences have an enduring affection for the music of Ralph Vaughan Williams a composer of dance, symphony, opera, song, hymnody, and film music and serious scholarship on his music is currently enjoying a revival. 2008 marks the 50th anniversary of Vaughan Williams passing (and 2007 his 135th birthday); his works particularly his orchestral music will likely find themselves programmed widely for this season, and groups like the RVW Society which regularly hold symposiums may have events planned in honor of the composer. OUP-UK will be publishing a volume of Vaughan Williams Letters, edited by Hugh Cobbe, likely to be published in 2008. We should consider promoting the two volumes together. This collection brings together a host of lively writings some for the first time, and many for the first time since their initial publication by one of the most articulate, beloved and engaging English composers. Making available essays, articles, broadcasts, and speech transcripts from 1901-1958, Vaughan Williams on Music exemplifies the multi-faceted nature of his contributions: active supporter of amateur music and English music, a leader in the folksong revival, educator, performer, and polemicist. Vaughan Williams was one of the cultural giants of his day, a figure of iconic stature whose influence stretched far beyond musical circles; his friendships with Bertrand Russell and G. M. Trevelyan, and his tireless work on behalf of a variety of organizations and causes, from Jewish refugees to the Third Programme, gave him a unique place in British national life. He also had a powerful influence in the United States, at a time when the special relationship was approaching its zenith. Through all these perspectives, the words are unmistakably those of a practicing composer a young composer at the turn of the last century, trying to find his own musical voice amid widely diverse stylistic influences of the dominant and successful figures of Brahms, Strauss, and Tchaikovsky, and a mature composer in the mid-century, having found that glorious voice which continues to resound across the globe. The volume will be an important contribution to the literature not only on British music, but also on nineteenth- and twentieth-century British cultural and intellectual life as a whole, placing Vaughan Williams's political and aesthetic thought in a broader cultural perspective. It will be a welcome read as well for the general audience which loves the music of Vaughan Williams, that will be

listening to and remembering the composer as this anniversary of his death approaches.

This volume contains a detailed biography of Elgar, and is part of the 'Master Musicians' series written by W. H. Reed. In writing this biography, Reed was aided by Elgar's daughter who helped him piece together the various incidents in Edward Elgar's life in chronological order from her personal knowledge and from old diaries. This biography offers the reader a unique insight into the life of this master musician, and it will be of considerable value to those with an interest in Elgar's personal life. The chapters of this book include: 'Childhood and Youth', 'In Search of a Career', 'The Teaching of Experience', 'Marriage and Artistic Progress', 'Growing Mastery', 'Gradual Recognition and Fame', 'Full Maturity', 'Creative Activity', 'Fame at Home and Abroad', 'The Elgar Festival and Knighthood', and more. We are republishing this antiquarian text now in a modern, affordable edition complete with a new prefatory biography of the author.

**The Definitive Guide to Classical Music** Alfred Music

First published in 2001, this work provides detailed information taken from the 'Programmes-as-Broadcast' daily log of output held at the BBC Written Archives Centre in Caversham. Arranged in chronological order, entries are given for broadcasts of first performances of musical works in the United Kingdom, and include details of: the date of the broadcast, the composer, the title of the work, performers and conductor. In addition to its usefulness as a reference tool, the Chronicle enables us to gauge the trends in twentieth-century British musical life, and the role of the BBC in their promotion.

[Ronald Stevenson on Music](#) Routledge

More than 100 selections from the noted musicologist's Essays in Musical Analysis cover most of the standard works in the symphonic repertory, from Bach to Vaughan Williams. Incisive essays examine overtures and symphonies by Beethoven and Brahms, eleven symphonies by Haydn, six by Mozart, three each by Schubert, Schumann, and Sibelius, and many other works.
