Swami Nityatmananda lived in the company of Sri M. for a long time, maintained a diary and elaborated it in sixteen parts of Sri Ma Darshan. The book is also available in English under the title 'M., the Apostle & the Evangelist.' All the sixteen parts are available in Bengali too. It is a continuation of the Kathamrita. This work is the result of twenty years of hard and incessant work and tapasya, on the banks of the Ganga in Rishikesh, in the Himalayas. In this series of 16 volumes the reader is brought in close touch with the life and teachings of Sri Ramakrishna family: Thakur, Swamiji, Holy Mother, M., Swami Shivananda, Swami Abhedananda and others. And there is the elucidation according to Sri Ramakrishna's line of thought, of the Upanishads, the Gita, the Bible, Guru Granth Sahib, the Holy Quran and other scriptures. The third specialty of this work is the commentary on the Gospel of Sri Ramakrishna by the author himself. Says Swami Shradhananda, "One wonders at the unusual capacity of Swami Nityatmananda in recording these day to day conversations of this Vyasadeva of our time - M. - and later developing his notes into his masterly work. One cannot fail to discover the special training he received from Sri M. himself in this direction while he was serving as a teacher in M.'s school and living with him for years." When he read it, Swami Jagadananda remarked, "The author has presented M.'s words lifelike. After reading his Kathamrita, a study of this book will throw new light on the Kathamrita. There is no doubt about it." The great American and senior sadhu, Swami Atulananda, wrote, "This book may serve a double purpose. To those who are acquainted with M.'s Kathamrita, it may be welcome as a companion volume, and to those not yet acquainted with the Kathamrita, it may arouse a desire to make that acquaintance. For this book, which is a record of M.'s talks with his admirers about his reminiscences, not only reveals new facts about the life of Sri Ramakrishna, but throws new light on that wonderful life." Swami Virajananda, the late President of Sri Ramakrishna Math and Mission, heard the manuscript read to him by his Secretary when he visited Dehradun for the last time, and he was delighted to hear it. He told to the author, "What a wonderful thing you have written! Why didn't you show it to me earlier? Never mind, now go and finish the writing. Human life is so uncertain. If you complete the writing itself, publication can be taken up by others... Ah! The move is

as dramatic as the subject is sublime...'

Bangla is spoken as the majority language in Bangladesh and the state of West Bengal in India, and as a minority language in several other Indian states. With almost 200 million native speakers, it ranks among the top ten languages in the world in number of speakers. Based on both primary and secondary materials, the CASL Bangla grammar provides comprehensive coverage of the phonology, orthography, morphology, and syntax of Bangla. Plentiful examples of naturally-occurring sentences provide native orthography, Romanization, and morpheme-by-morpheme glossing along with free translations. Unlike many Romanizations of Bangla, our system eschews Sanskritic influence and

instead reflects actual Bangla phonology. We also offer comparative information of use to linguists, highlighting features of Bangla shared with the South Asian sprachbund, such as light verb constructions, as well as those that differentiate Bangla from its Indo-Aryan relatives; for example,

its unique NP structure. Written in an accessible style from a theory-neutral perspective, this work will be of use to linguistic researchers, language scholars, and students of Bangla. A formal grammar focusing on the morphology is an available companion work.
