Kasher in the Rye
Serpents Tail

From the foreword:
"One of the High Line's powers is its ability to evoke time, to remind us of the changes we've experienced during our own lives, to bring forth echoes of the past, and to make

us guess what life might be like years from now. I love the photos on these pages, because they have that power, too." --Joshua David, Co-Founder of the Friends of the High Line. Ten Avenues Press, in association with Friends of the High Line, announce the publication of High Line Nudes. In 2006, photographer Kevin McDermott took three of his friends up on the abandoned railroad tracks that would become New York City's High Line park to shoot a series of nudes. As McDermott states in his introduction, "at the time I took these photos, what I sought from its beauty was its sense of isolation, being alone, surrounded by nature in the middle of this

metropolis." A decade later, this location is now one of the most visited tourist destinations in NYC and one of the largest real estate developments in the world. High Line Nudes captures a seemingly impossible, but beautiful moment in the history of the West Side Rail Yards, Chelsea and an ever changing New York City. The cloth hardcover book is beautifully printed in color and rich black and white duotone images.

Warfare in the twenty-first century goes well beyond conventional armies and nation-states. In a world of diffuse conflicts taking place across sprawling

cities, war has become fragmented and uneven to match its settings. Yet the analysis of failed states, civil war, and state building rarely considers the city, rather than the country, as the terrain of battle. In *Cities at War*, Mary Kaldor and Saskia Sassen assemble an international team of scholars to examine cities as sites of contemporary warfare and insecurity. Reflecting Kaldor's expertise on security cultures and Sassen's perspective on cities and their geographies, they develop new insight into how cities and their residents encounter instability and conflict, as well as the ways in which urban forms provide possibilities for

countering violence. Through a series of case studies of cities including Baghdad, Bogotá, Ciudad Juarez, Kabul, and Karachi, the book reveals the unequal distribution of insecurity as well as how urban capabilities might offer resistance and hope. Through analyses of how contemporary forms of identity, inequality, and segregation interact with the built environment, *Cities at War* explains why and how political violence has become increasingly urbanized. It also points toward the capacity of the city to shape a different kind of urban subjectivity that can serve as a foundation for a more peaceful and equitable future. *Catfantastic* Penguin Enter a world of magic

and adventure in this stunning series based on traditional Russian folklore. Collected into a beautiful new paperback edition for the first time! Alexander Utkin's *Gamayun Tales* are fresh and modern adaptations of familiar Russian folktales, teamed with bold and beautiful illustrations that take inspiration from classical mid-century Disney animation. Jam-packed with stories of magical quests and talking animals, golden chests that turn into palaces and encounters with terrifying Water Spirits, there's no end to the adventure in these books! A great introduction to Slavic folklore for kids who have already read everything on Egyptian and Greek mythology.

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But **KASHER IN THE RYE** is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole

them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control- his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Killer Verse: Poems of

Murder and Mayhem is a spine-tingling collection of terrifically creepy poems about the deadly art of murder. The villains and victims who populate these pages range from Cain and Abel and Bluebeard and his wives to Lizzie Borden, Jack the Ripper, and Mafia hit men. The literary forms they inhabit are just as varied, from the colorful melodramas of old Scottish ballads to the hard-boiled poetry of twentieth-century noir, from lighthearted comic riffs to profound poetic musings on murder. Robert Browning, Thomas Hardy, W. H. Auden, Stevie Smith, Mark Doty, Frank Bidart, Toi Derricotte, Lynn Emanuel, and Cornelius Eady are only a few of the many

poets, old and new, whose work is captured in this heart-stopping—and criminally entertaining—collection.

The city has long been an important location for filmmakers. Visually compelling and always modern, it is the

perfect metaphor for man's place in the contemporary world. In

this provocative

collection of essays,

films as diverse as The

Man with the Movie

Camera, Annie Hall,

Street of Crocodiles,

Boyz N the Hood,

Three Colors Red, and

Crash are examined in

terms of the

relationship between

cinema and the

changing urban

experience in Europe

and the United States

since the early

twentieth century.

Peter Jelavich, for

example, links the

suppression of the creative, liberal Weimar Berlin in the 1931 film *Berlin Alexanderplatz* to the rise of the Nazi regime and the end of one of the great eras of modernist experimentation in German visual culture; Jessie Labov considers Kieslowski's treatment of the Warsaw housing blok in *Dekalog* in terms of Solidarity's strategy of resisting totalitarianism in 1980s Poland; Allan Siegel examines the motif of the city in a broad range of American and international cinema to demonstrate how film and society since the 1960s have been driven by the fading of mass political radicalism and the triumph of privatization and capital; Paula

Massood uses the socially illuminating theories of Mikhail Bakhtin to examine the representation of the ghetto and urban underclass in recent African-American films such as *Menace II Society*; and Matthew Gandy examines the focus on disease in Todd Haynes's [*Safe*] as a metaphor for social and spatial breakdown in contemporary Los Angeles.

Manga Messengers

Princeton Review
Presenting more than
two hundred of the
greatest haiku ever
written about the
game. There are
moments in every
baseball game that
make fans catch their
breath: the pause while
a pitcher looks in for
the sign, the moment a
cocksure rookie gets
picked off first, or the
instant a batter lashes
a game-winning homer
into the night sky, just
before the sell-out
crowd explodes onto
its feet. Haiku captures
these moments like no
other poetic form, and
Baseball Haiku
captures the sights,
the sounds, the smells,
and the emotions of
the game like no
previous collection.

Some of the most
important haiku poets
of both America and
Japan are featured in
this anthology;
including Jack Kerouac,
a longtime baseball fan
who pioneered English-
language haiku; Alan
Pizzarelli, one of the
top American haiku
and senryu poets of
the last thirty years;
and Masaoka Shiki, one
of the four great pillars
of Japanese haiku—a
towering figure—who
was instrumental in
popularizing baseball
in Japan during the
1890s. With over two
hundred poems
spanning more than a
century of ball playing,
Baseball Haiku reveals
the intricate ways in
which this enduring
and indelible
sport—which is played
on a field, under an
open sky—has always
been linked to nature

and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a

very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the

forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.
