In *Walking with Spirits*, I share my process for connecting and working with spirits that enables you to get consistent results, while building collaborative relationships with the spirits you work with. Working with spirits doesn't have to involve the coercion of spirits that you find in conventional approaches to spirit work.

What I share is an alternative approach that enables you to develop a friendly relationship with the spirits you work with and allows you to get results. Instead of trying to force a spirit to do something for you, you'll learn the following: How to create a rapport with spirits that allows you to become allies. Why a co-equal relationship with spirits is better than any other type of relationship you could form. What the problems are with conventional Western spirit work techniques such as what you find in the grimoires. How to use experiential embodiment to connect with spirits. How to use a simplified approach to invocation and evocation that allows you to work with spirits and get results. If you're ready to learn a different approach to working with spirits, where you don't create enemies, and instead

have life long relationships where you and the spirits from working with each other, *Walking with Spirits* will show you a different path for working with spirits that gets you results.

Larry Darrell is a young American in search of the absolute. The progress of this spiritual odyssey involves him with some of Maugham's most brilliant characters - his fiancée Isabel, whose choice between love and wealth have lifelong repercussions, and Elliot Templeton, her uncle, a classic expatriate American snob. The most ambitious of Maugham's novels, this is also one in which Maugham himself plays a considerable part as he wanders in and out of the story, to observe his characters struggling with their fates.

Are there still Gnostics and can their roots be chased back to John the Baptist? Among the casualties of the western intervention in Iraq and the recent activities of ISIS are the Mandeans of Southern Iraq. These peace-loving people are now fleeing to the west . They are the last Gnostics, the only surviving remnant of the ancient sects who taught the direct knowledge of God, created their own gospels and myths and were persecuted as heretical by the church in the second and third centuries. The Mandeans place weekly river baptisms at the centre of their religious life and the primary exemplar of their religion is none other than John the Baptist. What is the real history of this mysterious and long lived sect? Can the Mandaean peoples really be traced back to the first century? And who was John the Baptist? This book follows the history of the Mandeans from their present plight back through their earliest encounters with the West, their place in Islamic counties, their possible influence on the Templars, back to their origins as a first century baptismal sect connected to John the Baptist and beyond.

Many people are interested in using thought power to manifest money, wealth, and prosperity in their lives. Unfortunately, they

do not know that there is more out there to work with than just 'The Law of Attraction' or 'The Secret'. In this book you will discover the difference between thought forms and servitors and how you can create your own very powerful thought forms to manifest the material things that you desire. You will learn: - How to create a wealth building servitor, and how you can participate in a group-created wealth servitor which I refer to as the "MOLamp Experiment." - How thoughts create reality and how they create the objects and situations in all our lives. - What beliefs are, how to discover your own beliefs and how to change them. This definition and the techniques mentioned are quite different, at a fundamental level, from what many are now practicing. - About the Obtainability Factor, and how this seldom mentioned dynamic can make all the difference when it comes to your success in manifestation. - How synchronicity, omens, and meaningful coincidences play a major role in getting you what you want. - How to achieve a detached mental state that will allow you to relax and to attract luck into your life. - Why it is impossible to be happy, appreciative, and positive all the time and why you can't use the mind in this way to manifest the things that you desire. It is my hope that this book will be a valid resource for beginners and seasoned practitioners alike.

This book explores the potential of human consciousness to access information beyond the 5-senses via an electromagnetic field generated by the human heart. It is through our ignorance of this field, however, that mankind's thoughts, behaviors, and emotions are being heavily influenced and manipulated. We live in a simulated reality that exists within multiple layers of simulations. We are all connected to this universe via an electromagnetic field that allows for psychic communication, healing, and the acquisition of knowledge. Due to our ignorance of this connection, we are being manipulated through this field to produce suffering, which serves as a source of energetic nourishment for an unseen parasite. Knowledge of this field and our connection to it can lead us to liberation and a reduction of suffering on this planet.

Magick is used to attract money, love and luck, but it can also be used to inspire artists, to encourage loyalty and passion, to

increase popularity and fame, or to repel attacks. Magick can make people see you in a new light, protect you, end bad luck, open new opportunities, and direct change in whatever way you want. If you have a need, it can be served through magick. With servitor magick you create a spirit yourself, using your mind, heart and soul, to serve your deepest needs. This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. *Magickal Servitors* contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is an open mind and the willingness to work with the techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command. Servitors that grow and change with your needs. Magick for long-term, repeating results. Servitors for Self-Development, that help you enhance or subdue a personality trait. Perception Servitors, to see people and situations clearly. Servitors of influence, to stir thoughts and feelings in others. Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand say, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.

It has always been my position that there is more to life, to reality, and to what is possible for human beings. As a practicing Alchemist I know that people are far more capable than they may suspect and that it is possible for those with the right knowledge and dedication to escape the three-dimensional walls that trap us all on this planet. This course is a step by step formula on how to achieve this. It is not just a 'red pill', because such red pill enlightenment is not enough. Indeed, enlightenment without power can be a curse: knowing the walls are there but having no way to get out can be hell on Earth. This course shows you how to acquire all the power that you will ever need to escape these walls, and it provides those ready for it, much more. Within the pages of this text, you will find: The way towards effortless action and unbending intent. The truth about the Great Archon and the prison without walls. The reason why your attempts at Inner Action (magick, manifestation, astral travel, etc.) up to this point may have been unreliable and weak. How to find personal enlightenment and uncover the structure of your psyche. The power of personal attention and how to master it. How to open THE GATE in order to become a true sorcerer/sorceress. How to absorb all negative energy in the present and how to gain power from this action. How to absorb entire negative situations in order to completely stop negative trends and what some might refer to as a wave of bad luck. How to PROPERLY re-absorb all lost energy from your ENTIRE LIFE HISTORY and gain immense power. This is the technique that some may know as recapitulation, Tantric cleansing, etc. Information on energetic storage (the Cauldron). How to heal all energetic wounds accumulated after a lifetime of

suffering. How to use two energy pumps simultaneously. How to refine accumulated energy in order to start the process of creating the PHILOSOPHER'S STONE. How to use the power of the Philosopher's Stone to begin to change your life situation by using powerful thought-forms. How to begin to REFINED THE PHILOSOPHER'S STONE INTO THE IMMORTAL BODY. The course includes illustrations, exercises, and a general 'workout' routine to help you reach your goal. Indeed, this is a complete course on the MAGNUM OPUS! Here you have found The Great Work of Inner Alchemy, presented in a clear and straightforward manner. There are no riddles, no cryptic symbolism, no initiation rituals, and no hidden secrets to weed out the uninitiated. This is the truth, the Magnum Opus; this is the Great Work that shows you how to create the Philosopher's Stone, and how to use that Stone to go beyond the walls that now trap human beings on this Earth. There is really no more time for games and riddles. We only have time now for the plain truth. Some have asked why present this course as a book? Why not make a video course or some other digital format that is more popular in these times? And the reason for this is quite simply: time. I have been around long enough to see many things come and go, and my senses have become keen enough to see some of the intricacies of this world. Through such experience and perceptions, I have seen things peak and wane, and I have seen many things lost within the medium of time. Videos and digital formats require a complex system to work and be maintained, and such complex systems are usually the first to fall or change when exposed to the brutal torrents and extreme pressures of time. But a print book (as well as an eBook for your convenience), that is something that you can keep in your personal library for a lifetime with only moderate care. And history has shown us that a simple book can outlast even whole civilizations.

Astral Projection is one of those things that most people would love to do. Who would not like to be able to detach from the physical body and travel to distant places, discover amazing worlds and learn the answers to many of the questions that they might have. Indeed the Out of Body Experience allows you to know that there is more to you than the physical body. It can expand your creativity and conscious awareness, and it can even lessen the fear of death. Unfortunately many become highly disappointed when they try technique after technique without any positive results. It is not surprising then that most think that Out of Body Experiences are very difficult to achieve. Certainly, after participating in arduous physical and mental Out of Body techniques that rely on trying to maintain postures that make your body ache, chants that make your throat sore, or highly boring meditative routines that are only successful at making you fall asleep, people can't be blamed for thinking that Astral Travel is impossible. The thing is though that Out of Body Experiences are part of our natural heritage as human being, and as such they are within the realm of possibility for all of us. In this book you will not be asked to wake up in your dreams even though you are never really told how to consistently achieve this difficult task. You won't be asked to set your alarm to wake in the middle of the night, and keep some odd sleeping schedule that is only successful at wrecking a good night's sleep. This book will not demand that you feel the energy vibrations within your body and project these vibrations outside of yourself, without ever mentioning that such energy work can take a long time to master. The techniques in this book are easy, natural, and can be done by anyone. They are easy to implement because they use the natural tendencies of human consciousness, they work with the natural flow of consciousness instead of against it. In this book you will find out how to: -Quickly and easily initiate Out of

Body travel -Consciously participate in Astral Travel and Lucid Dreaming -Create and solidify an Astral/Double body -Develop Energetic Containment so that you can travel anywhere you want safely You will also learn about: -The different worlds that you can access in the Out of Body state -The type of beings that you can encounter -Ways to deal with and overcome the limitations of the ego/self

The chief scientist at the Institute of Noetic Sciences (IONS) turns a critical eye toward such practices as telepathy, clairvoyance, precognition and psychokinesis. Are such powers really possible? Science says yes. According to noted scientist and bestselling author of *The Conscious Universe*, Dean Radin, magic is a natural aspect of reality, and each of us can tap into this power with diligent practice. But wait, aren't things like ESP and telepathy just wishful thinking and flights of the imagination? Not according to the author, who worked on the US government's top secret psychic espionage program known as Stargate. Radin has spent the last forty years conducting controlled experiments that demonstrate that thoughts are things, that we can sense others' emotions and intentions from a distance, that intuition is more powerful than we thought, and that we can tap into the power of intention (think *The Secret*, only on a more realistic and scientific level). These dormant powers can help us to lead more interesting and fulfilling lives. Beginning with a brief history of magic over the centuries (what was called magic two thousand years ago is turning out to be scientific fact today), a review of the scientific evidence for magic, a series of simple but effective magical techniques (the key is mental focus, something elite athletes know a lot about), Radin then offers a vision of a scientifically-informed magic and explains why magic will play a key role in frontiers of science.

As William Clissold arrives at his fifty-ninth birthday, he considers that his lot in life must surely be nearing its end. With this in mind, he turns his thoughts to look back on his life, to remembrances of things past, and sees fit to put pen to paper. The result is a revealing tale of the philosophies, religions and social systems he encountered through his life, and a fascinating insight into the mind of this extraordinary, but very typical man. And reluctant to remain in the past, Clissold shares his own plans of bringing order to the heady chaos of the world around him. In *William Clissold*, H.G. Wells has created a man molded by the sensibilities of his age.

In this book, Eric Havelock presents a challenging account of the development of the idea of justice in early Greece, and particularly of the way justice changed as Greek oral tradition gradually gave way to the written word in a literate society. He begins by examining the educational functions of poets in preliterate Greece, showing how they conserved and transmitted the traditions of society, a thesis adumbrated in his earlier book *Preface to Plato*. Homer, he demonstrates, has much to say about justice, but since that idea is nowhere in the epics directly stated or expressed, it must be deduced from the speech and actions of the characters. Havelock's careful reading of the *Iliad* and the *Odyssey* is original and revealing; it sheds light both on Homeric notions of justice and on the Archaic Greek society depicted in the poems. As Havelock continues his inquiry from Hesiod to Aeschylus, his findings become more complex. The oral Greek world shades into a literate one. Words lose some kinds of meanings, gain others, and steadily become more suited to the conceptualization that Plato strove for and achieved. This evolution of language itself, Havelock shows, was one of the principal accomplishments of the Greek world. Lucidly written and forcefully argued, this book is a major contribution to our knowledge of ancient Greece--its politics, philosophy, and

literature, from Homer to Plato.

Discover Your Subconscious Power! Historian and New Thought scholar Mitch Horowitz shines a new light on Joseph Murphy's landmark, *The Power of Your Subconscious Mind*, showing how to maximize Murphy's methods, reverse setbacks, and remove mental blocks. He demonstrates how current insights from mind-body medicine and quantum theory show you how to strengthen Murphy's techniques. In this powerful Master Class: • Mitch reveals posthumous letters from Murphy's readers and responds to their questions and problems; • advises what do to in the face of setbacks or failure; • writes bluntly about lifting self-imposed mental blocks that sap your abilities; • explores how Murphy's methods address the complexities of life today—and faces the facts of where they fail to and how to improve upon them; • weds current insights from placebo studies, neuroplasticity, and quantum theory to Murphy's work; • provides a comprehensive timeline of Murphy's life and little-known biographical details, including Murphy's tutelage under Neville Goddard's teacher Abdullah. *Paris Match*: "Mitch Horowitz, a specialist in American esotericism, traces the history of positive thinking and its influence ... takes us far from naive doctrines." *HuffPost*: "Has the rare gift of making the esoteric accessible to discerning masses." *Boing Boing*: "Horowitz comes across as the real deal: he is an authentic 'adept mind' and he knows his stuff."
