Each lesson contains a commentary and a week's daily study questions (except for the final lesson which contains the final commentary only.) made in God's image. We also learn about the beginnings of sin and redemption, of society and civilization, and of marriage and family. We meet Adam and Eve, Noah, Abraham, Isaac, Jacob and Joseph, seeing both their faith and their failures, and seeing God's hand on their lives. The book of Genesis is the foundation for understanding the rest of the Bible, and understanding God's plan for our lives today. *Bible Study Questions on the Book of Proverbs*

The Bible starts with a bang. In the first few chapters it addresses life's most important questions. What is God like? Why am I here? How did it all begin? Where is it all going? This practical study provides: an overview of Genesis and its themes; everyday applications of the truths of Genesis; insightful explanations of creation, the origin of evil, and God's rescue plan; helpful answers to frequently asked questions; open-

ended questions for group discussion or individual study. Genesis includes some of the Bible's most fascinating stories, colorful characters, and dramatic narratives. But more than that, Genesis also provides God's answers to life's ultimate questions. Book jacket. observations in a careful and systematic manner. This workbook includes all chapters of Genesis (WEB version, a public domain translation), with inductive study questions after each chapter as well as extra blank pages for notes.
