Methods and Techniques Cambridge

University Press

Chris Kyriacou's classic introduction to teaching skills has been a staple for teachers for over two decades. Covering a wealth of professional and pedagogic skills, it provides authoritative guidance on the nitty-gritty of teaching - making it a trusted resource that readers return to. This new edition has been fully updated to take account of important developments in education policy, teaching skills and classroom practice, evidence-based teaching, and assessment practices, as well as different routes into the profession. The concise format covers a wide range of skills and issues. You will be expertly guided through developments in classroom dialogue, assessment practices, pastoral care, using social

media and e-learning, behaviour management, special educational needs and disabilities, inclusive teaching, and school data systems. The 5th edition also expands its coverage of effective mentoring and the need to continue developing professionally. Practical and compact, *Essential Teaching Skills* is ideal for both students and experienced teachers wishing to explore their own practice, as well as teacher mentors helping others to develop their teaching skills. It underpins real-world guidance with up-to-date research findings, creating an authoritative, usable guide which is relevant to today's busy professional teachers and trainees.

Fundamental Considerations in Language Testing Routledge

This classic study is an introduction to

"oral poetry," a broad subject which Ruth Finnegan interprets as ranging from American folksongs, Eskimo lyrics, and modern popular songs to medieval oral literature, the heroic poems of Homer, and recent epic compositions in Asia or the Pacific. The book employs a broad comparative perspective and considers oral poetry from Africa, Asia, and Oceania as well as Europe and America. The results of Finnegan's vast research illuminate and suggest fresh conclusions to many current controversies: the nature of oral tradition and oral composition; the notion of a special oral style; possible connection between types of poetry and types of society; the differences between oral and written communication; and the role of poets in non-literate societies. Drawing on

insights from anthropology and literary scholarship, Oral Poetry attempts to create a greater appreciation of the literary aspects of this fascinating form of poetry. Finnegan quotes extensively from a wide variety of sources, mainly in translation. The discussion is presented in non-technical language and will be of interest not only to sociologists and social anthropologists, but also to all those interested in comparative literature and in folk poetry from cultures around the world. The re-issue of this text, widely used in folklore, anthropology, and comparative literature courses, comes at an appropriate juncture in interdisciplinary scholarship, which is witnessing the breakdown of traditional disciplinary boundaries and an increase in the comparative study of

oral poetry. For this volume Ruth Finnegan has provided a new foreword relating the text to more recent developments.

Wise Words (RLE Folklore) Oxford University Press

This massive authoritative Swahili dictionary, is the most definitive and comprehensive in existence. It has taken a team of lexicographers and academics fourteen years to prepare, with the support of the Institute of Kiswahili Research in Dar es Salaam. The last comparable edition was in 1939, and was primarily intended to help the user to comprehend English texts. The dictionary records new words and meanings of words which the language has acquired since 1939; and provides lexicographical information needed by

current dictionary users. There are more than 50,000 entries, with an attempt to give every English word an equivalent in Swahili, or otherwise a phrase; and the vocabulary covers both general and specialized language. Guidance is provided on use and connotation, word formation and syntax, and derivatives and compounds of a headword are explicitly shown in each entry. The full information and arrangement given for each entry is: headword, homographs, wordclass, alternative spelling of a headword, cross-reference, gloss, definition, subject label, usage label, regional label, senses separated by numbers, illustrative examples, compounds, derivatives, and adjectival complementation.

A Resource Book of Ideas and Activities

Cambridge University Press
A variety of imaginative techniques for integrating literature work with language learning.

Akamba Stories Walter de Gruyter
The communicative approach is changing the face of foreign language teaching. It provides an introduction to communicative language teaching for practising classroom teachers. The author gives a single coherent account of the basic communicative ideas, emphasizing those aspects most important in the classroom so that teachers can integrate the new ideas into their own familiar methods. He stresses that a knowledge of grammar remains essential for effective communication.

Language Attitudes in Sub-Saharan

Africa Indiana University Press
This text provides a comprehensive view of recent ideas and practice in teaching English as a foreign language to young learners. The starting point is practice, but later chapters also provide an introduction to background theory and educational principles.

Backgrounds, Character, and Continuity
Oxford University Press - Children
Offers a discussion of the basic concerns which underlie the development and use of language tests. Presenting a synthesis of research on testing, this book is useful for students on teacher education courses. It is also helpful for those professionally involved in designing and administering tests, acting as a complement to 'how to' books.
Fordham Univ Press

This text examines the social and political impact of the Swahili language. *A Sociolinguistic Overview* Cengage Learning

This thorough revision of Babbie's standard-setting text presents a succinct, straightforward introduction to the field of research methods as practiced by social scientists.

Contemporary examples, such as terrorism, Alzheimer's disease, anti-gay prejudice and education, and the legalization of marijuana, introduce students to the how-tos and whys of social research methods. Updated with new data, expanded coverage of online research and other topics, and new Learning Objectives for each chapter to focus students' attention on important concepts, this edition continues to be

authoritative yet student-friendly and engaging as it helps students connect the dots between the world of social research and the real world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

How Proverbs Mean Routledge
Addressing general questions of grammar in ESL theory and classroom practice, this book offers ideas for the creative teaching of grammar. It also includes suggestions for teaching most of the beginning-level structures, which are listed separately in a grammar index.

Teaching English to Children
University of Chicago Press
TRENDS IN LINGUISTICS is a series of

books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and

outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

Confronting a Century of Global Change in Rural Panama Cambridge University Press

Many contemporary constructivists are particularly attuned to Dewey's penetrating criticism of traditional epistemology, which offers rich alternatives for understanding processes of learning and education, knowledge and truth, and experience and culture. This book, the result of cooperation between the Center for Dewey Studies at Southern Illinois University Carbondale,

and the Dewey Center at the University of Cologne, provides an excellent example of the international character of pragmatist studies against the backdrop of constructivist concerns. As a part of their exploration of the many points of contact between classical pragmatism and contemporary constructivism, its contributors turn their attention to theories of interaction and transaction, communication and culture, learning and education, community and democracy, theory and practice, and inquiry and methods. Part One is a basic survey of Dewey's pragmatism and its implications for contemporary constructivism. Part Two examines the implications of the connections between Deweyan pragmatism and contemporary constructivism. Part Three presents a

lively exchange among the contributors, as they challenge one another and defend their positions and perspectives. As they seek common ground, they articulate concepts such as power, truth, relativism, inquiry, and democracy from pragmatist and interactive constructivist vantage points in ways that are designed to render the preceding essays even more accessible. This concluding discussion demonstrates both the enduring relevance of classical pragmatism and the challenge of its reconstruction from the perspective of the Cologne program of interactive constructivism.

Quantitative and Qualitative Approaches Utafiti wa Kiswahili/Fasihi simulizi ya Kiswahili/Swahili oral literature. Routledge Handbook of

Heritage in Asia

This Handbook is the first major volume to examine the conservation of Asia's culture and nature in relation to the wider social, political and economic forces shaping the region today.

Throughout Asia rapid economic and social change means the region's heritage is at once under threat and undergoing a revival as never before. As societies look forward, competing forces ensure they re-visit the past and the inherited, with the conservation of nature and culture now driven by the broader agendas of identity politics, tradition, revival, rapid development, environmentalism and sustainability. In response to these new and important trends, the twenty three accessible chapters here go beyond sector specific

analyses to examine heritage in interdisciplinary and critically engaged terms, encompassing the natural and the cultural, the tangible and intangible. Emerging environmentalisms, urban planning, identity politics, conflict memorialization, tourism and biodiversity are among the topics covered here. This path-breaking volume will be of particular interest to students and scholars working in the fields of heritage, tourism, archaeology, Asian studies, geography, anthropology, development, sociology, and cultural and postcolonial studies.

Agreement in Natural Language East

African Publishers

As a comprehensive account of all aspects of dialectology this updated edition makes an ideal introduction to the subject.

Esperanza Speaks Cambridge University Press

This study offers a systematic review and analysis of the various genres concerned with traditional Southern Sotho literature, thus establishing the techniques operating in them as well as their value and social significance to the community.

From Research to Practice Springer
John Sinclair is one of the major figures in applied linguistics and his work is essential study for students. This accessible book collects in one volume Sinclair's key papers on written

discourse structure, lexis patterns, phraseology, corpus analysis, lexicography and linguistic theory from the 1990s. All the papers have been edited and updated for this book. The clear and accessible introduction helps students to navigate his key themes and arguments, making the volume an ideal companion for those coming to Sinclair's more recent writings for the first time.

Trust the Text Routledge

Esperanza Speaks examines a century-long process of socioeconomic change in rural Panama through the experiences of one woman, Esperanza Ruiz, and four generations of her family. The intimate narrative shows how ordinary people, through their choices and actions, are affected by and, in turn, can affect how history unfolds. Readers see Esperanza's

family as both victims and protagonists in their own histories. Born into rural poverty with limited options, they still find small openings to try to improve their lives. Sometimes successful, sometimes not, they survive by drawing on their only abundant resource: each other. Based on twenty field visits over the course of fifty years, *Esperanza Speaks* is the result of a dedicated anthropologist's long-term engagement with the individuals of a single community, and a beautiful example of ethnographic storytelling.

Swahili State and Society East African Publishers

"... its pages come alive with wonderful illustrative material coupled with sensitive and insightful commentary."
—Reviews in Anthropology "... the scope,

breadth, and lucidity of this excellent study confirm that Okpewho is undoubtedly the most important authority writing on African oral literature right now... "Â —Research in African Literatures "Truly a tour de force of individual scholarship... "Â —World Literature Today "... excellent... " —African Affairs "... a thorough synthesis of the main issues of oral literature criticism, as well as a grounding in experienced fieldwork, a wide-ranging theoretical base, and a clarity of argument rare among academics."Â —Multicultural Review "This is a breathtakingly ambitious project... "Â —Harold Scheub "... a definitive accounting of the evidence of living oral traditions in Africa today. Professor Okpewho's authority as an expert in this

important new field is unrivaled."
 —Gregory Nagy "Isidore Okpewho's
 African Oral Literature is a marvelous
 piece of scholarship and wide-ranging
 research. It presents the most
 comprehensive survey of the field of oral
 literature in Africa." —Emmanuel
 Obiechina "... a tour de force of
 scholarship in which Okpewho casts his
 net across the African continent,
 searching for its verbal forms through
 voluminous recent writings and presents
 African oral literature in a new voice,
 proclaiming the literariness of African
 folklore." —Dan Ben-Amos "This is an
 outstanding book by a scholar whose
 work has already influenced how African
 literature should be conceived....
 Professor Okpewho is a scholar with a
 special talent to nurture scholarship in

others. After this work, African literature
 will never be the same." —Mazisi
 Kunene Isidore Okpewho, for many years
 Professor of English at the University of
 Ibadan, is one of the handful of African
 scholars who has facilitated the growth
 of African oral literature to its status
 today as a literary enterprise concerned
 with the artistic foundations of human
 culture. This comprehensive critical work
 firmly establishes oral literature as a
 landmark of high artistic achievement
 and situates it within the broader
 framework of contemporary African
 culture.
