Stories

Penguin
The Strange
Case of Dr.
Jekyll and Mr.
Hyde is about
a London
lawyer named
Gabriel John
Utterson who
investigates
strange
occurrences
between his
old friend, Dr.
Henry Jekyll,
and the evil
Edward Hyde.
There are two
personalities
within Dr.
Jekyll, one
apparently
good and the
other evil;
completely
opposite
levels of
morality. The
novel's impact
is such that it
has become a

part of the
language, with
the very
phrase "Jekyll
and Hyde"
coming to
mean a
person who is
vastly
different in
moral
character
from one
situation to
the next. 'The
Strange Case
of Dr. Jekyll
and Mr. Hyde'
is a thrilling
Gothic horror
novel. John
Utterson, a
prosecutor, is
on his weekly
walk with his
relative, who
proceeds to
tell him of an
encounter
with a man he
had seen
some months

ago while
coming home
late at night
from
Cavendish
Place. The tale
describes a
sinister figure
named
Edward Hyde
who tramples
a young girl,
disappears
into a door on
the street, and
re-emerges to
pay off her
relatives with
10 pounds in
gold and a
cheque signed
by respectable
gentleman Dr.
Henry Jekyll (a
client and
friend of
Utterson's) for
90 pounds.
Jekyll had
recently and
suddenly
changed his

will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of

revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone. *Cecilia Valdés or El Angel Hill* Puddle Dancer Press

BookRix
An empowering journey through the mechanisms of the mind from one of the world's leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress, threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating emotional intelligence, developing assertiveness, avoiding excessive self-criticism and self-demand, and mastering the proven art of optimism.

against the rebel body and the conflict between body and mind are essential conditions for the development of labor power and self-ownership, two central principles of modern social organization." It is both a passionate work of memory recovered and a hammer of humanity's agenda." Peter Linebaugh, author of *The London Hanged* and *Letters from a Father*

Universidad Santo Tomás
As one of the many installments in Jules Verne's *Voyage Extraordinaire* series, *Journey to the Center of the Earth* promises high stakes and thrilling adventure. When Professor Otto Lidenbrock bought an ancient runic manuscript, which chronicles the lives of Norwegian Kings, he did not expect to learn of anything but the history of Icelandic leaders.

However, upon further inspection, Lidenbrock and his nephew, Axel, find that the manuscript includes a coded message written by a 16th century alchemist. After rigorous translating and decoding, Axel and Lidenbrock discover the content of the note, in which the author reveals that it is possible to travel to the center of the Earth through volcanic passages. When Lidenbrock

heard the news, he immediately started preparations to start the journey, though Axel was skeptical. When Lidenbrock's will proves to be more powerful than his nephew's doubt, the two decide to make the journey, recruiting an Icelandic tour guide named Hans on the way. As the three men make their way to inactive volcanic tubes, they embark on a high-stake

adventure, facing dangers of cave-ins, subpolar tornados, an underground ocean and prehistoric creatures. The three men stay strong in their adventure, knowing the risky journey promises superior knowledge and acclaim, granted that they make it out alive. With the combination of science fiction and the adventure genre, Jules Verne created a novel that captures the attention of

his audience. Originally published in 1864, *Journey to the Center of the Earth* still provides modern readers with entertainment and insight with its detailed and imaginative prose. *Journey to the Center of the Earth* can be read independently or as a companion to the other titles of Jules Verne's critically acclaimed series, *Voyage Extraordinaire*. This edition of *Journey to the Center of the Earth* by Jules

Verne now features an eye-catching cover design and is printed in a stylish and readable font, crafting an assessible and pleasant reading experience for modern audiences.

 Horacio Oliveira is an Argentinian writer who lives in Paris with his mistress, La Maga, surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A

child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane asylum.
 Hopscotch is the dazzling, freewheeling account of Oliveira's astonishing adventures.

Originally published in New York City in 1882, Cirilo</p> |
|---|---|--|

Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by

the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and suitor of hers kills

Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself

| | | |
|---|--|---|
| <p>belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish</p> | <p>colonialism in Cuba. <i>Cromos</i> HarperCollins Leadership The timeless and practical advice in <i>The Magic of Thinking Big</i> clearly demonstrates how you can: Sell more Manage better Lead fearlessly Earn more Enjoy a happier, more fulfilling life With applicable and easy-to-implement insights, you'll discover: Why believing you can succeed is essential How to quit making excuses The means to</p> | <p>overcoming fear and finding confidence How to develop and use creative thinking and dreaming Why making (and getting) the most of your attitudes is critical How to think right towards others The best ways to make "action" a habit How to find victory in defeat Goals for growth, and How to think like a leader "Believe Big," says Schwartz. "The size of your success is determined</p> |
|---|--|---|

by the size of your belief. Think little goals and expect little achievements. Think big goals and win big success. Remember this, too! Big ideas and big plans are often easier -- certainly no more difficult - than small ideas and small plans." No One Writes to the Colonel Hodder Education The product of five years' investigative reporting, the subject of intense national controversy, and the

source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández

explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government

and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at

the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, “Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major

challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels.”
