Jason Miller is a man of means. He owns his own record label and movie production studio. At the age of thirty-five, he has proven himself to be as much of a success as Tyler Perry. He has money, property and can have whatever woman he wants at his disposal.... except the one woman he gave his all to. After his wife walked out on him to be with one of his former artists, Jason swore he would never love another woman that deeply again. Soon after his divorce he became known in the industry as a player. He was going through life thinking he was just fine until one audition would change his mind and make him think that maybe his life wasn't as great as he thought it was after all. Felicity Brooks is what you would call a quadruple threat. She can act, sing, dance and model. A former child commercial actor, she left the acting world behind when she started high school to have a chance at a normal life. At least that is what she led everyone to believe. In reality she got pregnant at fourteen and had to bow out of the limelight to raise her daughter and go to school. The residual money she had was supposed to last her at least until she graduated from college, but that wasn't the case. Her parents blew through her money forcing Felicity to join the Army after she graduated high school so she could provide for her daughter. She packed up her daughter and relocated to Atlanta to audition for a part in a new pilot about military spouses. She felt that with her background in acting and military, she would be perfect for the role. But at the audition she got more than she bargained for. The connection between Felicity and Jason was almost instant and had them both questioning everything they said about love and relationships. They try to keep their relationship light and casual, but you know what they say... even the best laid plans can crumble once that thing called love is added to the mix.

In the updated second edition of *Whipping Girl*, Julia Serano, a transsexual woman whose supremely intelligent writing reflects her background as a lesbian transgender activist and professional biologist, shares her powerful experiences and observations—both pre- and post-transition—to reveal the ways in which fear, suspicion, and dismissiveness toward femininity shape our societal attitudes toward trans women, as well as gender and sexuality as a whole. Serano's well-honed arguments and reputation as a thought-leader stem from her ability to bridge the gap between the often-disparate biological and social perspectives on gender. In this provocative manifesto, she exposes how deep-rooted the cultural belief is that femininity is frivolous, weak, and passive, and how this “feminine” weakness exists only to attract and appease male desire. In addition to debunking popular misconceptions about transsexuality, Serano makes the case that today's feminists and transgender activists

must work to embrace and empower femininity—in all of its wondrous forms.

Slavery is illegal throughout the world, yet more than twenty-seven million people are still trapped in one of history's oldest social institutions. Kevin Bales's disturbing story of slavery today reaches from brick kilns in Pakistan and brothels in Thailand to the offices of multinational corporations. His investigation of conditions in Mauritania, Brazil, Thailand, Pakistan, and India reveals the tragic emergence of a “new slavery,” one intricately linked to the global economy. The new slaves are not a long-term investment as was true with older forms of slavery, explains Bales. Instead, they are cheap, require little care, and are disposable. Three interrelated factors have helped create the new slavery. The enormous population explosion over the past three decades has flooded the world's labor markets with millions of impoverished, desperate people. The revolution of economic globalization and modernized agriculture has dispossessed poor farmers, making them and their families ready targets for enslavement. And rapid economic change in developing countries has bred corruption and violence, destroying social rules that might once have protected the most vulnerable individuals. Bales's vivid case studies present actual slaves, slaveholders, and public officials in well-drawn historical, geographical, and cultural contexts. He observes the complex economic relationships of modern slavery and is aware that liberation is a bitter victory for a child prostitute or a bonded miner if the result is starvation. Bales offers suggestions for combating the new slavery and provides examples of very positive results from organizations such as Anti-Slavery International, the Pastoral Land Commission in Brazil, and the Human Rights Commission in Pakistan. He also calls for researchers to follow the flow of raw materials and products from slave to marketplace in order to effectively target campaigns of “naming and shaming” corporations linked to slavery. *Disposable People* is the first book to point the way to abolishing slavery in today's global economy. All of the author's royalties from this book go to fund anti-slavery projects around the world.

A New York Times bestselling, riotously funny collection of boozy misadventures from the creator of the YouTube series, “You Deserve a Drink.” Mamrie Hart is a drinking star with a Youtube problem. With over a million subscribers to her cult-hit video series “You Deserve a Drink,” Hart has been entertaining viewers with a combination of tasty libations and raunchy puns since 2011. Hart also co-wrote/co-starred in *Dirty Thirty* and *Camp Takota* with Grace Helbig and Hannah Hart. Finally, Hart has compiled her best drinking stories—and worst hangovers—into one hilarious volume. From the spring break where she and her girlfriends avoided tan lines by staying at an all-male gay nudist resort, to the bachelorette party where she accidentally hired a sixty-year-old meth head to teach the group pole dancing (not to

mention the time she lit herself on fire during a Flaming Lips concert), Hart accompanies each story with an original cocktail recipe, ensuring that *You Deserve a Drink* is as educational as it is entertaining. With cameos from familiar friends from the YouTube scene and a foreword by Grace Helbig, this glimpse into Hart's life brings warmth and humor to the woman fans know and love. And for readers who haven't met Mamrie yet—take a warm-up shot and break out the cocktail shaker: you're going to need a drink. "Hart is a pull-no-punches comedian with a talent for self-deprecation in the guise of self-aggrandizement, a winning formula."—*The New York Times*

One Man's Peculiar Journey Through South America Indiana University Press

In these powerful and stylishly written essays, Maria Manuel Lisboa dissects the work of Paula Rego, the Portuguese-born artist considered one of the greatest artists of modern times. Focusing primarily on Rego's work since the 1980s, Lisboa explores the complex relationships between violence and nurturing, power and impotence, politics and the family that run through Rego's art. Taking a historicist approach to the evolution of the artist's work, Lisboa embeds the works within Rego's personal history as well as Portugal's (and indeed other nations') stories, and reveals the interrelationship between political significance and the raw emotion that lies at the heart of Rego's uncompromising iconographic style. Fundamental to Lisboa's analysis is an understanding that apparent opposites – male and female, sacred and profane, aggression and submissiveness – often co-exist in Rego's work in a way that is both disturbing and destabilising. This collection of essays brings together both unpublished and previously published work to make a significant contribution to scholarship about Paula Rego. It will also be of interest to scholars and students of contemporary painting, Portuguese and British feminist art, and the political and ideological aspects of the visual arts.

So, I want you to know how it is for me. The thought of you finding it arousing to hear my kind of story makes me wet between my legs. You're drawn to a story about a woman liking to have her panties pulled down and her bare bottom spanked by a man who enjoys doing such things to naughty girls like me. Now, I'm no child, even if I sound that way. Being the way I am does require regressing in age around certain kinds of sexual situations. But in fact, I'm a grown woman in her thirties with responsible job. In fact, I pride myself on having a reputation as something of a ball-buster at work, which is rather ironic. For the story I feel compelled to tell you, the one that makes my pussy wet is about what happens when I come home at night to my special Daddy. About how he is with me, and how he wants me to be with him, and how we found each other and learned to make each other so happy...

Violence against Women in Pornography illuminates the ways in which adult pornography hurts many women, both on and off screen. A growing body of social scientific knowledge shows that it is strongly associated with various types of violence against women in intimate relationships. Many women who try to leave abusive and/or patriarchal men also report that pornography

plays a role in the abuse inflicted on them by their ex-partners. On top of these harms, male pornography consumption is strongly correlated with attitudes supporting violence against women. Many researchers, practitioners, and policy makers believe that adult pornography is a major problem and offer substantial evidence supporting this claim. Violence against Women in Pornography, unlike books written mainly for scholarly and general audiences, specifically targets students enrolled in undergraduate criminology, deviance, women's studies, masculinities studies, human sexuality, and media studies courses. Thoughtful discussion questions are placed at the end of each chapter, and appropriate PowerPoint slides and suggestions for classroom exercises will be available to aid student understanding. The main objective of this book is to motivate readers to think critically about adult pornography and to take progressive steps individually and collectively to curb the production and consumption of hurtful sexual media, including that from the "dark side of the Internet."

One of NPR's Best Books of the Year A DEBUT COLLECTION OF FIERCE, FUNNY ESSAYS ABOUT GROWING UP THE DAUGHTER OF INDIAN IMMIGRANTS IN WESTERN CULTURE, ADDRESSING SEXISM, STEREOTYPES, AND THE UNIVERSAL MISERIES OF LIFE In One Day We'll All Be Dead and None of This Will Matter, Scaachi Koul deploys her razor-sharp humor to share all the fears, outrages, and mortifying moments of her life. She learned from an early age what made her miserable, and for Scaachi anything can be cause for despair. Whether it's a shopping trip gone awry; enduring awkward conversations with her bikini waxer; overcoming her fear of flying while vacationing halfway around the world; dealing with Internet trolls, or navigating the fears and anxieties of her parents. Alongside these personal stories are pointed observations about life as a woman of color: where every aspect of her appearance is open for critique, derision, or outright scorn; where strict gender rules bind in both Western and Indian cultures, leaving little room for a woman not solely focused on marriage and children to have a career (and a life) for herself. With a sharp eye and biting wit, incomparable rising star and cultural observer Scaachi Koul offers a hilarious, scathing, and honest look at modern life.

We're obsessed with weight, we dislike our bodies, we worry about the food we eat, we feel guilty, we diet. Too many of us are locked into a war with our own bodies which we'll never win, and which will never make us happy. The Ministry of Thin takes a controversial, unflinching look at how the modern, international obsession with weight loss, youth, beauty, and perfection has spun out of control. Emma Woolf, author of *An Apple a Day*, explores how we might all be able to stop hating and start liking our own bodies again. She rallies against the industries of food, health, exercise, beauty, sex, and surgery that seek to create a world that verges on the Orwellian—with the victims of this onslaught trapped and dominated by the societal pressures to conform. And she dares to ask: if losing weight is the answer, what is the question?

The Perfect Vagina Roosh V

The Catechism of the Catholic Church is the sure norm for teaching the faith (Apostolic Constitution *Fidei Depositum*). Still the language and wording of both the Catechism and the Second Vatican Council is one full of poetic beauty and soft diplomacy. This style of poetry and diplomacy is not the most appropriate for clarity. In many places the language results hard to understand and multiple contradictory interpretations are possible due precisely to the language full of charity but not of clarity. The purpose of the Compendium of the Traditional Catechism of the Catholic Church is to provide absolute clarity about the Faith of All times and less room for open interpretations and ambiguity. The world today in order to keep the Faith of All times needs more than poetic words. It needs clear teachings with full power, strength, and clarity above: no room for misinterpretations, no wiggle room for heretical interpretations at all. That is the purpose of this work: high clarity above all. With total clarity several subjects are covered: the definition of schismatic, the Limbo, Freemasons, heretic, the so called marriage among homosexuals, the doctrine of the Church regarding the liberal freemasonic Democracy, the responsibility that Catholics must have when voting or taking action on the political field, the so called New Atheists movement, the Consecration of Russia according to Our Lady of Fatima, the future of the world according to the City of God of St. Agustin, etc. All of these subjects of today and many others are addressed in this work with extreme and total clarity. Here there is no room for error and no room for misunderstanding. This is the Traditional Catechism that is really needed in the Year of the Faith and in any year!

Klezmer America World Health Organization

Klezmer is a continually evolving musical tradition that grows out of Eastern European Jewish culture, and its changes reflect Jews' interaction with other groups as well as their shifting relations to their own history. But what happens when, in the klezmer spirit, the performances that go into the making of Jewishness come into contact with those that build different forms of cultural identity? Jonathan Freedman argues that terms central to the Jewish experience in America, notions like "the immigrant," the "ethnic," and even the "model minority," have worked and continue to intertwine the Jewish-American with the experiences, histories, and imaginative productions of Latinos, Asians, African Americans, and gays and lesbians, among others. He traces these relationships in a number of arenas: the crossover between jazz and klezmer and its consequences in Philip Roth's *The Human Stain*; the relationship between Jewishness and queer identity in Tony Kushner's *Angels in America*; fictions concerning crypto-Jews in Cuba and the Mexican-American borderland; the connection between Jews and Christian apocalyptic narratives; stories of "new immigrants" by Bharathi Mukherjee, Gish Jen, Lan Samantha Chang, and Gary Shteyngart; and the revisionary

relation of these authors to the classic Jewish American immigrant narratives of Henry Roth, Bernard Malamud, and Saul Bellow. By interrogating the fraught and multidimensional uses of Jews, Judaism, and Jewishness, Freedman deepens our understanding of ethnoracial complexities.
