Pumping Nylon Music Sales Amer This landmark historical text delivers the goods promised in its title. It does not address flamenco dance whatsoever, focusing instead on flamenco song forms with a special chapter devoted to the

role of the guitar. Includes Spanish lyrics for dozens of flamenco songs along with English translations and interpretive notes, a glossary of flamenco terminology, plus a recommended bibliography and discography are also provided. Informal in its demeanor, this carefully researched, insightful book will help you develop a deeper appreciation for the

flamboyant art of flamenco. Flamenco Guitar Solos Total Guitarist For years, classical guitarists have enjoyed playing the lute music of the English composer, John Dowland (1563-1626). Forty of his beautiful compositions are included in this volume. the book is intended for the guitarist with intermediate to advanced fingerstyle technique, and can be played on both nylon and steel

string instruments. In order to help capture the unique character of Dowland's music, renaissance lute tuning (capo on the third fret with the G string tuned to F sharp) is used throughout. the pieces progress more or less in order of increasing difficulty, and special care has been taken to be sure any group of consecutive pieces can be played with satisfying results.

Standard notation only. Includes FREE downloadable companion audio files. Easy Flamenco Solos Mel Bay Publications These Juan Martín compositions are for flamenco, classical and any type of guitar players at intermediate and more advanced stages who already have experience of the instrument and techniques like arpeggios, tremolo and correct left-hand

fingering, but wish to extend their knowledge of thumb techniques like alzapua, the many forms of rasgueo and flamenco rhythms such as rumba, virtuosic guajiras and the mysteriously beautiful rondeña, dissonant and deep. If you master these 8 solos, you will be well on the way to become a concert soloist. Transcribed by Angela Centola. Includes

Mel Bay Publications (Guitar Educational). Standard Tuning Slide Guitar is a compilation of slide guitar techniques accumulated by author and uber-guitarist Greg Koch for over 30 years. With detailed notation and tablature for over 100 playing examples and video demonstration

s, Koch demonstrates how to play convincing blues, rock, country, and gospel-tinged slide guitar while in standard tuning by using techniques and approaches that emulate common altered slide tunings, such as open E or open G. Drawing from a well of influences, from Blind Willie Johnson and Elmore James to Duane Allman and Sonny Landreth, Greg will show

you how to create these slide guitar sounds in standard tuning while also providing ideas to inspire the development of your own style.

The acclaimed first volume of this exciting series gave extensive insights into basic techniques of flamenco guitar playing and the two important rhythmic forms (palos) of Solea and Alegrias. This second volume continues on with an exploration of further essential rhythmic palos. The first of these is the Bulerias. Juan Martin brings his many years of experience as an

internationally renowned flamenco soloist and accompanist for singers and dancers to unravelling its mysteries, explaining and demonstrating very clearly the different elements of its rhythmic structure and the various ways it may be accented and counted. He uses traditional and more modern examples of the different kinds of rhythm and melodic passages (falsetas) to provide an invaluable

understanding of this wonderful palo. The second rhythmic form is devoted to the popular flamenco Rumba, then Tangos, Tientos and that most profound of all the palos, the deeply moving Seguiriyas. Juan's solo playing is complemented by demonstrations of the guitar's role in accompanying the flamenco dance (baile) and song (cante) with the help of outstanding dancers

Raquel de Luna and Miguel Infante and singers Amparo Heredia (La Repompilla) and Carlos Brias. The music for solo guitar is transcribed in standard notation and

tablature (cifra) and the online video contain nearly three hours of explanation and demonstration s. The series is complemented by two other best-selling Juan Martin

volumes published by Mel Bay. These provide progressively graded solo material to extend the repertoire, from beginner to concert level. Includes access to online video.
