The Street Riding Years Haynes Manuals N. America, Incorporated

Ted Simon is the author of the classic travel book JUPITER'S TRAVELS. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited

by what life throws at you along the way.

On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close

collaboration with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.

For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US

and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

Jupiter's Travels -Ted Simon's

astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never

forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of *Riding Home* and *The Gypsy in Me*.

Dreaming Of Jupiter Motorbooks

"A proper travelogue - a joyful, moving and stereotype-busting ride." - National Geographic Traveller, Book of the Year In 2011, at the height of tension between

the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London: ... I wish that you will visit Iran so you will see for yourself about my country. **WE ARE NOT TERRORISTS!!!** Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!!! Your Persian friend, Habib Intrigued, Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic government. *Revolutionary Ride* is the story of a people and a country.

Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is the true story of real contemporary Iran.
