Introduction to Management

Accounting Pearson Education For Introduction to Management Accounting courses. This introduction to management accounting and its significant role in making sound business decisions teaches students how to be wise users, not necessarily preparers, of accounting information. The authors present accounting information in a broader business context, emphasizing what accounting information is, why it is important, and how it is used to make strategic economic decisions. This text is especially well-suited for students taking non-major/mixed major accounting courses.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.
