The consultants who will benefit the most from a certification are the ones with typically less than 2

year's project experience. This is not to say that consultants with higher experience will not benefit, but at that level, having a certification matters much less. So if you have little or no SAP-HANA experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on your ladder to success is this book. Why should you buy this book?

- The ONLY book in the market for Application

Associate (Edition 2013) HANA - Written but consultants with over 10 years of work experience in HANA/BW and who have themselves cleared this exam - Over 200 authentic questions following the same pattern as the actual exam

How should I know? I know, because although I have been working as an SAP Project Manager and consultant for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of SAP Activate. This certificate builds on basic consultant skills and experience that is then refined by practical

experience during several projects. This exam validates whether SAP focused project managers have advanced business skills and the ability to apply methodologies and tools. Aside from advanced communication and presentation skills, this certificate also verifies that the project manager has skills to manage internal and external stakeholders, basic knowledge of change management processes, and communicating these processes to others. This

exam validates that project manager can successfully manage the end-to-end transition of the project from Sales to Realization, can develop roadmaps for project execution, and understand testing and quality management. In particular for SAP related projects, the exam verifies that the Project Manager can apply the SAP Activate Methodology. The exam is Computer based and you have three hours to to answer 80 Questions. The Questions are (mostly)

multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any

reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP Project Management World open for you to explore. Helping you with

the first step on your ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other quality material in the market for this Certification exam. - The author has himself cleared the exam. - All questions are multiple choice format, similar to the questions you will get in the actual exam. - Over 100 authentic questions, testing the exact same concepts that will be tested in Your exam!
