A New York Times

bestseller The Haunting of
Sunshine Girl,in active
development for
television by The
Weinstein Company, a hit
paranomal YA series
based on the wildly

popular YouTube channel
about an "adorkable"
teenager living in a
haunted house. Shortly
after her sixteenth
birthday, Sunshine Griffith
and her mother Kat move

from sunny Austin, Texas, to the rain-drenched town of Ridgemont, Washington. Though Sunshine is adopted, she and her mother have always been close, sharing a special bond filled with laughter and inside jokes. But from the moment they arrive, Sunshine feels her world darken with an eeriness she cannot place. And even if Kat doesn't recognize it, Sunshine knows that something about their new house is just ... creepy. In the days that follow, things only

get stranger. Sunshine is followed around the house by an icy breeze, phantom wind slams her bedroom door shut, and eventually, the laughter Sunshine hears on her first night evolves into sobs. She can hardly believe it, but as the spirits haunting her house become more frightening and it becomes clear that Kat is in danger-Sunshine must accept what she is, pass the test before her, and save her mother from a fate worse than death. **My Dreams** HarperCollins Return to 1930s Burning

Cove, California, the glamorous seaside playground for Hollywood stars, mobsters, spies, and a host of others who find more than they bargain for in this mysterious town. Maggie Lodge, assistant to the reclusive advice columnist known only as Dear Aunt Cornelia to her readers, hires down-but-not-quite-out private eye Sam Sage to help track down the person who is blackmailing her employer. Maggie and Sam are a mismatched pair. As far as Sam is

concerned, Maggie is reckless and in over her head. She is not what he had in mind for a client, but he can't afford to be choosy. Maggie, on the other hand, is convinced that Sam is badly in need of guidance and good advice. She does not hesitate to give him both. In spite of the verbal fireworks between them, they are fiercely attracted to each other, but each is convinced it would be a mistake to let passion take over. They are, after all, keeping secrets from each other. Sam is

haunted by his past, which includes a marriage shattered by betrayal and violence. Maggie is troubled by intense and vivid dreams—dreams that she can sometimes control. There are those who want to run experiments on her and use her for their own purposes, while others think she should be committed to an asylum. When the pair discovers someone is impersonating Aunt Cornelia at a conference on psychic dreaming and a woman dies at the conference,

the door is opened to a dangerous web of blackmail and murder. Secrets from the past are revealed, leaving Maggie and Sam in the path of a ruthless killer who will stop at nothing to exact vengeance.

Biological races do not exist—and never have. This view is shared by all scientists who study variation in human populations. Yet racial prejudice and intolerance based on the myth of race remain deeply ingrained

in Western society. In his powerful examination of a persistent, false, and poisonous idea, Robert Sussman explores how race emerged as a social construct from early biblical justifications to the pseudoscientific studies of today. *The Myth of Race* traces the origins of modern racist ideology to the Spanish Inquisition, revealing how sixteenth-century theories of racial degeneration became a crucial justification for Western imperialism and slavery. In the nineteenth century, these theories

fused with Darwinism to produce the highly influential and pernicious eugenics movement. Believing that traits from cranial shape to raw intelligence were immutable, eugenicists developed hierarchies that classified certain races, especially fair-skinned “Aryans,” as superior to others. These ideologues proposed programs of intelligence testing, selective breeding, and human sterilization—policies that fed straight into Nazi genocide. Sussman

examines how opponents of eugenics, guided by the German-American anthropologist Franz Boas’s new, scientifically supported concept of culture, exposed fallacies in racist thinking. Although eugenics is now widely discredited, some groups and individuals today claim a new scientific basis for old racist assumptions. Pondering the continuing influence of racist research and thought, despite all evidence to the contrary, Sussman explains why—when it

comes to race—too many people still mistake bigotry for science.

The Myth of Race Author House

Toward the Meeting of the Waters brings together

voices of leading historians alongside recollections from central participants to provide the first comprehensive history of the civil rights movement as experienced by black and white South Carolinians. The volumes opening section assesses the transition of South Carolina leaders from defiance to moderate enforcement of federally mandated integration and includes commentary by former governor and U.S. senator Ernest F. Hollings and former governor John

C. West. The next sections recall defining moments of white-on-black violence and aggression to set the context for understanding the efforts of reformers such as Levi G. Byrd and Septima Poinsette Clark and for interpreting key episodes of white resistance. The next section forms an oral history of the era as it was experienced by a mixture of locally and nationally recognized participants, including historians such as John Hope Franklin and Tony Badger as well as civil rights activists Joseph

A. De Laine Jr., Beatrice Brown Rivers, Charles McDew, Constance Curry, Matthew J. Perry Jr., Harvey B. Gantt, and Cleveland Sellers Jr. The volume concludes with essays by historians who bring this story to the present day.

[How Am I to Be Heard?](#)

New York Review of Books

"In her hands, Gil Harrington held both the abomination of her daughter's gap-toothed skull, and the mother of her daughter's killer, blessing them both. The phone rang that bright October morning: "Hello, this is the Charlottesville Police Department calling. We've found your daughter's purse on the ground..." For exactly 100 nights, Gil Harrington and her family stumbled,

agonized, and learned to function in the uncharted hell of the Missing.

Twenty-year old beautiful college co-ed Morgan Harrington, chock-a-block full of potential and promise, had gone to a concert and vanished. This is the story of a devastated mother crawling out of blind grief to become America's most skilled huntress. With love, eloquence, and social media as her only weapons, Gil Harrington pursued her daughter's murderer for five years until he was unmasked as

the marauding serial murderer, the Back to School Killer who had hidden in plain sight as a genial, lumbering Charlottesville, Virginia cabbie. Morgan's mother was so crucial in the pursuit of the Back-to-School Rapist and Killer, Jesse Matthew, that Crime Stoppers recognized Gil and her non-profit foundation, Help Save the Next Girl, in solving what prosecutors called "the Super Bowl of Crime Cases." But Gil Harrington, this mother of a murdered precious

daughter, is something very different from an investigator. Hers is one of the rare, intimate voices needed in our world right now, when fear and hatred are rampant. Her voice marries the pragmatism of an incisive oncology nurse and the originality of an authentic, raw prose-poet to give the world the tool kit we all need to forge hope. Harrington's voice is joined by artist, Jane Lillian Vance, who attended Matthew's trials. Vance's essays witness

Gil's grace, and the stunning alchemy of darkness into freedom." -- Amazing Spooks and Mysteries Macmillan + ORM

 A New York Times Bestseller • A Read with Jenna Today Show Book Club Pick! Named a Best Book of the Year by The New York Times Book Review, The Washington Post, People, Entertainment Weekly, USA Today, TIME, The A.V. Club, BuzzFeed, and PopSugar “I can’t believe how good this book is.... It’s wholly original. It’s also perfect.... Wilson writes with such a light touch.... The brilliance of the novel [is] that it

distracts you with these weirdo characters and mesmerizing and funny sentences and then hits you in a way you didn’t see coming. You’re laughing so hard you don’t even realize that you’ve suddenly caught fire.” —Taffy Brodesser-Akner, author of *Fleishman is in Trouble*, New York Times Book Review From the New York Times bestselling author of *The Family Fang*, a moving and uproarious novel about a woman who finds meaning in her life when

she begins caring for two children with a remarkable ability. Lillian and Madison were unlikely roommates and yet inseparable friends at their elite boarding school. But then Lillian had to leave the school unexpectedly in the wake of a scandal and they've barely spoken since. Until now, when Lillian gets a letter from Madison pleading for her help. Madison's twin stepkids are moving in with her family and she wants Lillian to be their caretaker. However,

there's a catch: the twins spontaneously combust when they get agitated, flames igniting from their skin in a startling but beautiful way. Lillian is convinced Madison is pulling her leg, but it's the truth. Thinking of her dead-end life at home, the life that has consistently disappointed her, Lillian figures she has nothing to lose. Over the course of one humid, demanding summer, Lillian and the twins learn to trust each other—and stay cool—while also staying out of the way of

Madison's buttoned-up politician husband. Surprised by her own ingenuity yet unused to the intense feelings of protectiveness she feels for them, Lillian ultimately begins to accept that she needs these strange children as much as they need her—urgently and fiercely. Couldn't this be the start of the amazing life she'd always hoped for? With white-hot wit and a big, tender heart, Kevin Wilson has written his best book yet—a most unusual story of parental love.

Saving Miss Lillian Univ. Press of Mississippi
In the 1949 classic *Killers of the Dream*, Lillian Smith described three racial "ghosts" haunting the mind of the white South: the black woman with whom the white man often had sexual relations, the rejected child from a mixed-race coupling, and the black mammy whom the white southern child first loves but then must reject. In this groundbreaking work, Robert H. Brinkmeyer, Jr., extends Smith's work by adding a fourth "ghost"

lurking in the psyche of the white South -- the specter of European Fascism. He explores how southern writers of the 1930s and 1940s responded to Fascism, and most tellingly to the suggestion that the racial politics of Nazi Germany had a special, problematic relevance to the South and its segregated social system. As Brinkmeyer shows, nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the

issues raised by Nazism and Fascism. Their responses varied widely, ranging from repression and denial to the repulsion of self-recognition. With penetrating insight, Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture. He shows how white southern writers -- both those writing cultural criticism and those writing imaginative literature --

turned to Fascist Europe for images, analogies, and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie. Brinkmeyer considers the works of a wide range of authors of varying political stripes: the Nashville Agrarians, W. J. Cash, Lillian Smith, William Alexander Percy, Thomas Wolfe, William Faulkner, Katherine Anne Porter, Carson McCullers, Robert Penn Warren, and Lillian Hellman. He argues

persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy, these writers reconfigured their understanding not only of the South but also of themselves as southerners, and of the nature and significance of their art. The magnum opus of a distinguished scholar, *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a

major and heretofore unexplored influence on its development.

"A daringly inventive parable of female creativity and motherhood" (O, The Oprah Magazine) from Myla Goldberg, the award-winning, New York Times bestselling author of *Bee Season*, about a female

photographer grappling with ambition and motherhood—a balancing act familiar to women of every generation. *Feast Your Eyes*, framed as the catalogue notes from a photography show at the Museum of Modern Art, tells the life story of Lillian Preston: “America’s Worst Mother, America’s Bravest Mother, America’s Worst Photographer, or America’s Greatest Photographer, depending on who was talking.” After discovering photography as a teenager through her high school’s photo club,

Lillian rejects her parents’ expectations of college and marriage and moves to New York City in 1955. When a small gallery exhibits partially nude photographs of Lillian and her daughter Samantha, Lillian is arrested, thrust into the national spotlight, and targeted with an obscenity charge. Mother and daughter’s sudden notoriety changes the course of both of their lives, and especially Lillian’s career as she continues a life-long quest for artistic legitimacy and recognition. “A searching

consideration of the way that the identities and perceptions of a female artist shift over time” (*The New Yorker*), *Feast Your Eyes* shares Samantha’s memories, interviews with Lillian’s friends and lovers, and excerpts from Lillian’s journals and letters—a collage of stories and impressions, together amounting to an astounding portrait of a mother and an artist dedicated, above all, to a vision of beauty, truth, and authenticity. Myla Goldberg has gifted us with “a mother-daughter

story, an art-monster
story, and an exciting

structural gambit” (Lit

universal and profound

story of love and loss”
(New York Newsday).
