In this inspirational book, beloved broadcast journalist Jane Pauley helps people in the middle of their lives successfully navigate a “reinvention” phase and build a positive, powerful future. IN 2014, EVERY BABY BOOMER WILL HAVE REACHED THE MILESTONE AGE OF FIFTY. FOR MOST, IT'S NOT AN END BUT THE BEGINNING OF SOMETHING NEW. This is the awakening of a generation to the opportunities that lie ahead. Research has shown that people in their fifties are more vital now

than they were only ten years ago.

They're saying, “I'm game, I'm up for it, I want to do more.” Jane Pauley, one of America's most beloved and trusted broadcast journalists, gives voice to the opportunities of her generation—and the next one too—offering humor and insight about the journey forward. Your Life Calling is a fresh look at ideas that have been simmering since boomers first entered midlife with a different perspective on the future than any generation before: that there was more to come—and perhaps the best of all. Jane is not an advice giver but a storyteller. Here she tells her own and introduces readers to the fascinating people she has featured on her award-winning Today show segment, Life Reimagined Today. You'll meet Betsy

McCarthy, who traded in her executive briefcase for knitting needles; Gid Pool, who launched a career as a stand-up comic; Richard Rittmaster, who joined the National Guard Chaplain Corps; Trudy Lundgren, who took her home on the road in an RV; Paulie Gee, who opened a successful pizzeria in Brooklyn; and many more. Their stories are delightful, compelling, and inspiring for anyone asking "What am I going to do with my supersized life?"

Still Foolin' 'Em TarcherPerigee (Applause Books). In a series of funny, tender, and touching dialogues, former Saturday Night Live writer Zweibel recalls his buddy-and-almost-lover friendship with SNL actress Gilda Radner,

who died of ovarian cancer. Zweibel claims he "merely scribbled the dialogues playing in my head," and, indeed, these recreated conversations have a neurotic, sarcastic, and vulnerable air of authenticity. Act One is the autobiography of Moss Hart, an American playwright and theatre director. Born into impoverished circumstances—his father was often unemployed—Hart left school at age twelve for a series of odd jobs that

included being an entertainment director at a Catskills summer resort. Hart's big break came in 1930 with the Broadway hit *Once in a Lifetime*, written with George Kaufman. The two would collaborate again on *You Can't Take It With You* (1936) and *The Man Who Came To Dinner* (1939). *You Can't Take It With You* won the Pulitzer Prize for drama in 1937, and the 1938 film version, directed by Frank Capra, won Oscars for both Best Picture and Best Director. *Act One* was adapted for a 1963 film starring George Hamilton, and for a 2014 stage production starring Tony Shalhoub and Andrea Martin. Hilarious and heartfelt observations on aging from one of America's favorite comedians as he turns 65, and a look back at a remarkable career in this New York Times bestseller. Billy Crystal is turning 65, and he's not happy about it.

With his trademark wit and heart, he outlines the absurdities and challenges that come with growing old, from insomnia to memory loss to leaving dinners with half your meal on your shirt. In humorous chapters like "Buying the Plot" and "Nodding Off," Crystal not only catalogues his physical gripes, but offers a road map to his 77 million fellow baby boomers who are arriving at this milestone age with him. He also looks back at the most powerful and memorable moments of his long and storied life, from entertaining his relatives as a kid in Long Beach, Long Island, his years doing stand-up in the Village, up through his legendary stint at Saturday Night Live, When Harry Met Sally, and his long run as host of the Academy Awards. Readers get a front-

row seat to his one-day career with the New York Yankees (he was the first player to ever "test positive for Maalox"), his love affair with Sophia Loren, and his enduring friendships with several of his idols, including Mickey Mantle and Muhammad Ali. He lends a light touch to more serious topics like religion ("the aging friends I know have turned to the Holy Trinity: Advil, bourbon, and Prozac"), grandparenting, and, of course, dentistry. As wise and poignant as they are funny, Crystal's reflections are an unforgettable look at an extraordinary life well lived.

I remember there was one tree, however, that the three of you couldn't stop staring at. . . . After the family spares him from the builders, Steve the tree quickly works his way into their lives. He holds their underwear when the dryer breaks down, he's there when Adam and Lindsay get their first crushes, and he's the centerpiece at their outdoor family parties. Millions of viewers know and love Bob Saget from his role as the sweetly neurotic father on the smash hit Full House, and as the charming wisecracking host of America's Funniest Home Videos. And then there are the legions of fans who can't get enough of his scatological, out-of-his-mind stand-up routines, comedy specials, and outrageously profane performances in such shows as HBO's Entourage and the hit documentary The Aristocrats. In his bold and wildly entertaining publishing debut, he continues to embrace his dark side and gives readers the book they have long been waiting for—hilarious and often dirty. Bob believes there's a

time and a place for filth. From his never-before-heard stories of what really went on behind the scenes of two of the most successful family shows of all times, with co-stars like John Stamos and Mary-Kate and Ashley Olsen, to his tales of legendary friends and colleagues like Rodney Dangerfield, Richard Pryor, Don Rickles, and other show business legends, Saget opens up about some of his personal experiences with life and death, his career, and his reputation for sick humor—all with his highly original blend of silliness, vulgarity, humor and heart, and all framed by a man who loves being funny above all else.
