After fifteen years of marriage – most of it spent alone while her husband was off on one of his many business trips, Scarlett decided enough was enough. At thirty-three she needed something more than an absentee partner, someone willing to spend more than one or two weekends a month at home before running out the door for their next trip. Enter her best friend Amanda. Ready to finally accept her offer of a job, Scarlett is shocked to learn the position isn't for a model, but a dancer and submissive at an exclusive club called Sensual Sins.

**7** Hodder Education  
This well-established series, the most popular in Nigeria, has been fully revised to reflect recent developments in mathematics education at junior secondary level and the views of the many users of the books. It has especially been revised to fully cover the requirements of the new NERDC Universal Basic Education Curriculum. *Cambridge Checkpoint Lower Secondary World English Student's Book 8* Hodder Education  
Citizenship as Foundation of Rights explores the nature and meaning of American citizenship and the rights flowing from citizenship in the context of current debates around politics, including immigration. The book explains the sources of citizenship rights in the Constitution and focuses on three key citizenship rights - the right to vote, the right to employment, and the right to travel in the US. It explains why those rights are fundamental and how national identification systems and ID requirements to vote,

work and travel undermine the fundamental citizen rights. Richard Sobel analyzes how protecting citizens' rights preserves them for future generations of citizens and aspiring citizens here. No other book offers such a clarification of fundamental citizen rights and explains how ID schemes contradict and undermine the constitutional rights of American citizenship.
