One of the great
visionaries and pioneers
of modern architecture,
Le Corbusier was a master
of light, declaring it both a
fundamental basis of
architecture and the key

to personal well-being. In
this portfolio of 160
photographs taken over
40 years, Henry Plummer
captures Le Corbusier's
inspired use of natural
light in three of his
greatest achievements:
the small pilgrimage
chapel at Ronchamp, the
Dominican monastery of
Sainte Marie de La
Tourette, and the parish
church of Saint-Pierre in
Firminy-Vert, all in France.
In these modest religious
works Le Corbusier
deploys light to create
enchanted, emotionally
charged spaces wedded

to the cosmic rhythm of
sunlight and season.
Cosmos of Light reveals
how the artist reimagined
sacred space and charted
new ways that buildings
can both reveal and
inhabit the universe
around them.

The best manual of spiritual theology which has appeared to date--the most ordered and complete--a true summa of spirituality. This is a work of extraordinary informative value and yet possessing a notable doctrinal solidaiity. This encomium of M. M.

Philipon, laudatory as it is, does less than justice to this modern classic, now at last appearing in English in a smooth, readable translation and adaptation by Fr. Aumann. For in reality this is three books in one volume. First of all, this is a textbook, a manual whose lucid and orderly presentation of the basic principles of the spiritual life, of the supernatural organism, and of its progressive development recommends it unreservedly for seminarians and other

serious students of spiritual theology. As Garrigou-Lagrange points out, the author's order has permitted him to treat all the important questions relative to perfection and to show clearly the basic unity of the Christian life. Thorough and solid as it is, however--firmly based on the chief masters of the spiritual life, St. Thomas, St. John of the Cross, and St. Teresa of Avila--this truly theological synthesis is set forth in clear and accessible form, as its

widespread popularity in Spain (four editions in six years) attests. But *The Theology of Christian Perfection* is perhaps even more valuable as a work of spiritual formation. It is an eminently practical manual of sound advice, counsel, and direction with respect to the increasingly fruitful use of the means, negative and positive, for advancing in perfection. As such, it will be immediately valuable for spiritual directors, an indispensable aid for self-formation, and a work of precious merit for all souls

desirous of spiritual advancement.

One tiny story ... changes everything. A ten-second story equals the impact of 1,000 facts. Now we can use micro-stories to communicate our network marketing message in just seconds. Our prospect becomes involved in the story, and instantly sees what we see. And isn't that what we want? Forget the flip chart, the presentation book, the website, the PowerPoint,

“This book is . . . my personal search ‘for the face of the Lord.’”

–Benedict XVI In this bold, momentous work, the Pope—in his first book written as Benedict XVI—seeks to salvage the person of Jesus from recent “popular” depictions and to restore Jesus’ true identity as discovered in the Gospels. Through his brilliance as a

theologian and his personal conviction as a believer, the Pope shares a rich, compelling, flesh-and-blood portrait of Jesus and incites us to encounter, face-to-face, the central figure of the Christian faith. From Jesus of Nazareth: “. . . the great question that will be with us throughout this entire book: But what has Jesus really brought, then, if he has not brought world peace, universal prosperity, and a better world? What has he brought? The answer is very simple: God. He has

brought God! He has brought the God who once gradually unveiled his countenance first to Abraham, then to Moses and the prophets, and then in the wisdom literature—the God who showed his face only in Israel, even though he was also honored among the pagans in various shadowy guises. It is this God, the God of Abraham, of Isaac, and of Jacob, the true God, whom he has brought to the peoples of the earth. He has brought God, and now we know his face, now we can call

upon him. Now we know the path that we human beings have to take in this world. Jesus has brought God and with God the truth about where we are going and where we come from: faith, hope, and love.”

Back in print again! May They All Be One is the best introduction to the origins and life of the Focolare Movement. With clear, vivid storytelling Chiara Lubich opens us to the adventure of living for God. “Back in 1943, in the

northern Italian city of Trent, there were just a few of us. But it was wartime. Bombs were falling, destroying parts of our city and claiming their victims. We looked around at all the ruins and asked ourselves: ‘Is there anything that does not pass away? Any reality that no bombs can destroy?’ And as though someone had enlightened us from within, we answered: ‘Yes, there is such a reality: it is God. God endures forever.’ So, driven by a supernatural force, we decided to make

God the “Ideal” of our lives.” (Chiara Lubich) The Kerygma Ignatius Press

Un hermoso retrato de la Deidad en el Evangelio de Juan. En Cristo, el Hijo eterno, A. W. Tozer sumerge al lector en un reflexivo y pastoral análisis del Evangelio de Juan, evangelio que ha desconcertado —por siglos— a los eruditos bíblicos. Lejos de la simplicidad de los evangelios sinópticos, la interpretación que el apóstol Juan brinda es mucho más enigmática,

aunque espiritual. El autor examina este evangelio en porciones considerando, desde una perspectiva cualitativa, la relación de Dios con el hombre. Tozer da vida a su poderosa teología en este libro, recordándole al lector la extraordinaria gracia de Dios y pronunciando dichos memorables y motivadores como su conocido lema “¡Todo está mal hasta que Jesús lo arregla!” La narrativa completa del evangelio se extiende a lo largo de este libro, cada página

trae un nuevo principio del plan maestro de redención implementado por Dios, dejando al lector inspirado para hacer —en obediencia— la voluntad de su Creador.

Not only was John Calvin a magisterial theologian and one of the great transformative forces of modern history, he also was a consummate preacher who delivered over two thousand sermons in St. Pierre's Cathedral in Geneva, Switzerland, where he

pastored from 1536 until his death in 1564. What better way to celebrate the 500th anniversary of Calvin's birth and his towering legacy to the church than by gathering sixteen of the preeminent Reformed pastors of our day to preach commemorative sermons in St. Pierre's! *Preaching Like Calvin* faithfully presents the text of these sermons. Reading the sermons shows how Calvin's theology grew from a clear understanding of the Biblean understanding

and a theology that are alive and well in the church today.

Youcat English The Countryman Press This is one of those books that, in its simplicity, is full of substance and depth, and it deserves to be read.--Cardinal Antonio Canizares Llovera, Prefect of the Congregation for Divine Worship Francisco (Kiko) Arguello was an award-winning painter, and an atheist. Struggling with the contrast between his desire for justice and the lack of justice in the world, he adopted

existentialism and its explanation of life: everything is absurd. But if everything is absurd, why paint? For that matter, why even live? Such questions led Arguello to the brink of despair. He called out to God and personally experienced the reality of divine love as revealed in Jesus Christ. Dedicating his life to Christ, Arg'ello began living among the very poor. While in a slum on the outskirts of Madrid, Arguello met the lay missionary Carmen Hernandez, and together

they began proclaiming the good news of salvation to the poorest of the poor. Their method of transmitting faith in Christ and building Christian community has become a model of evangelization. Now known as the Neocatchumenal Way, it has spread to cities throughout the world and received the approval of the Holy See. *Revista española de derecho canónico* TAN Books "All of us are called to keep striving towards something greater than

Have you ever wondered why Jesus often spoke in parables? Are you curious about what lessons we can learn from these parables today? Pastor and bestselling author

John MacArthur breaks down the parables and teaches us how we can apply these deceptively simple stories to modern Christianity. Jesus was a master storyteller, and the parables he often told were no exception.

Beneath these unassuming stories were deeply profound spiritual lessons that were designed to reach all who heard them--from the faithful to the faithless--and they're still relevant today. In *Parables*, MacArthur argues that these short, memorable

stories represented more than just symbolism or a clever teaching style--they were carefully crafted tales that made the mysteries of the Gospel more accessible to everyday believers. Parables will help you see Jesus' teachings in a brand new light, addressing some of the most common questions on the topic, including: When did Jesus start teaching in parables? What makes parables so accessible? How can we interpret these stories? What common threads

link each of the parables together? What do parables teach us about the kingdom of God? MacArthur has spent a lifetime sharing the Word of God in clear and comprehensible terms with believers of all walks of life. Let him be your guide as he sheds light on the essential lessons contained in the most infamous and influential short stories the world has ever known.
