<b>HASSAN MILLER</b>	

Billy Graham, God's Ambassador Simon and Schuster

From his unique vantage point as a senior journalist with TIME magazine, David Aikman witnessed some of the most important world events and interviewed many of the prominent global power figures of his time. Aikman profiles six of these figures who embody specific virtues sorley needed today: Billy Graham (salvation), Nelson Mandela (forgiveness) ,Aleksandr Solzhenitsyn (truth), Mother Treasa (compassion), Pope John Paul II (human dignity), and Elie Wiesel (remembrance).

**Billy Graham in Quotes** InterVarsity Press

On a cold February morning in 1987, amidst freezing rain and driving winds, a group of protesters stood outside of the Unitarian Universalist Church in Amherst, Massachusetts. The target of their protest was the minister inside, who was handing out condoms to his congregation while delivering a sermon about AIDS, dramatizing the need for the church to confront the seemingly ever-expanding crisis. The minister's words and actions were met with a standing ovation from the overflowing audience, but he could not linger to enjoy their applause. Having received threats in advance of the service, he dashed out of the sanctuary immediately upon finishing his sermon. Such was the climate for religious AIDS activism in the 1980s. In *After the Wrath of God*, Anthony Petro vividly narrates the religious history of AIDS in America. Delving into the culture wars over sex, morality, and the future of the American nation, he demonstrates how religious leaders and AIDS activists have shaped debates over sexual morality and public health from the 1980s to the present day. While most attention to religion and AIDS foregrounds the role of the Religious Right, Petro takes a much broader view, encompassing the range of mainline Protestant, evangelical, and Catholic groups--alongside AIDS activist organizations--that shaped public discussions of AIDS prevention and care in the U.S. Petro analyzes how the AIDS crisis prompted American Christians across denominations and political persuasions to speak publicly about sexuality--especially homosexuality--and to foster a moral discourse on sex that spoke not only to personal concerns but to anxieties about the health of the nation. He reveals how the epidemic increased efforts to advance a moral agenda regarding the health benefits of abstinence and monogamy, a legacy glimpsed as much in the traction gained by abstinence education campaigns as in the more recent cultural purchase of gay marriage. The first book to detail the history of religion and the AIDS epidemic in the U.S., *After the Wrath of God* is essential reading for anyone concerned with the intersection of religion and public health.

The Heart of Racial Justice Bible Study Oxford University Press, USA

“A book that both taught me so much and also kept me on the edge of my seat. It is an invaluable text from a supremely talented writer.” —Clint Smith, author of *How the Word is Passed* The definitive history of the pervasiveness of racial inequality in American higher education America’s colleges and universities have a shameful secret: they have never given Black people a fair chance to succeed. From its inception, our higher education system was not built on equality or accessibility, but on educating—and prioritizing—white students. Black students have always been an afterthought. While governments and private donors funnel money into majority white schools, historically Black colleges and universities (HBCUs), and other institutions that have high enrollments of Black students, are struggling to survive, with state legislatures siphoning away federal funds that are legally owed to these schools. In *The State Must Provide*, Adam Harris reckons with the history of a higher education system that has systematically excluded Black people from its benefits. Harris weaves through the legal, social, and political obstacles erected to block equitable education in the United States, studying the Black Americans who fought their way to an education, pivotal Supreme Court cases like *Plessy v. Ferguson* and *Brown v. Board of Education*, and the government’s role in creating and upholding a segregated education system. He explores the role that Civil War–era legislation intended to bring agricultural education to the masses had in creating the HBCUs that have played such a major part in educating Black students when other state and private institutions refused to accept them. *The State Must Provide* is the definitive chronicle of higher education’s failed attempts at equality and the long road still in front of us to remedy centuries of racial discrimination—and poses a daring solution to help solve the underfunding of HBCUs. Told through a vivid cast of characters, *The State Must Provide* examines what happened before and after schools were supposedly integrated in the twentieth century, and why higher education remains broken to this day.

Great Souls Penguin

Commemorative edition Hailed as "the world's preacher," Billy Graham enjoyed a career that spanned six decades and his ministry of faith touched the hearts and souls of millions. In *Just As I Am*, a #1 New York Times Bestseller, Graham reveals his life story in what the Chicago Tribune calls "a disarmingly honest autobiography." With down-to-earth warmth and candor, Graham tells the stories of the events and encounters that helped shape his life. He recounts meetings with presidents, celebrities, and world leaders, including Harry S. Truman, Winston Churchill, Queen Elizabeth, and the Shah of Iran, and shares his own spiritual journey as he movingly reflects on his personal life and relationships. This is an inspirational and unforgettable portrait that will be treasured by readers everywhere.

*Reconstructing the Gospel* Springer

Collects quotations from seven decades of ministry by Billy Graham.

*The Myth of Colorblind Christians* NYU Press

This book is intended to be an aid to moving people from racist to non-racist to anti-racist. I am writing this book for people who want to be change

agents in the area of racial justice. I am writing this book for true patriots, who want the best for America. This book isn't written to teach the reader about slavery, Jim Crow, Black History or the history of the civil rights movement. There are plenty of well written books, written by very dedicated and detailed historians, who can make a reader a walking wealth of historical civil rights information. Some may say, in order to fix the future, we must know and understand the past. To a certain degree, I agree. But living in the historical, can sometimes prevent action towards improving the future. I decided to teach people the difference between a racist, a non-racist and an anti-racist. Here's why; the lack of understanding and defining who is a racist, a non-racist and an anti-racist; has always been a dagger sticking through the heart of America. This lack of admitting, knowing, understanding and defining racism has been one of the biggest obstacles keeping America from realizing its true potential and obligation to provide equality to all its citizens. Also, the lack of admitting, knowing, understanding and defining racism is a major reason why America cannot rid itself of racism. And if America doesn't understand what racism is, and deal with it once and for all, America will eventually commit social suicide. So, who will this book help? We have many important social situations going on in America. People are dealing with healthcare issues. People are becoming aware that the top one percent of Americans own ninety percent of America's wealth. Americans are realizing that the American Dream has all but disappeared. But, believe me when I say, ahead of them all, is racism; and it has dominated America since the first Europeans sailed here and settled in a place and called it Jamestown in 1607. Racism is why they quickly massacred the native people. Racism allowed them to buy, steal and sell Africans into slavery. Racism was the catalyst behind forcing the Chinese to work the railroads and live in underground cities. Racism put Japanese people into internment camps and stole their property. Within the words of America's documents of freedom and sown within the fabric of the America's institutions and flag, is a powerful ideology called racism. It dwells smack dab in the heart of social and civic justice, education, religion, health and financial wealth. Racism continues to chug along throughout American society like a locomotive, purposely set to steamroll anyone who isn't the right color. Racism never gets fixed because Americans have been taught to not truly understand it or speak freely about it. Racism never gets fixed because anyone with a pair of lips and a tongue thinks and speaks as if their feelings are facts. Racism never gets fixed because White people think people of color are the only victims of it. Racism never gets fixed because whites in power have been able to convince poor whites, that people of color are the reason they are in the financial and social predicament they're in. Racism never gets fixed because White America doesn't invest in ridding America of racism. The bottom line is racism never gets fixed because people do not understand that racism was perpetrated on purpose, therefore it must be un-done on purpose. Racism isn't just going to go away because of a moving speech. It will take love, desire, money and White people willing to take a backseat (until they acquire real knowledge) to people of color, in regards to moving people from racist to non-racist to anti-racist.

*Mississippi Praying* Thomas Nelson Inc

Just as Reconstruction after the Civil War worked to repair a desperately broken society, our Christianity requires a spiritual reconstruction that undoes the injustices of the past. Jonathan Wilson-Hartgrove traces his journey from the religion of the slaveholder to the Christianity of Christ, showing that when the gospel is reconstructed, freedom rings for both individuals and society as a whole.

**The Voice of Conscience** InterVarsity Press

For Christians, pursuing racial justice and reconciliation begins with following Scripture and the voice of the Holy Spirit, asking God to give us new eyes and hearts. In this five-session Bible study, readers will learn how the early church engaged with issues of reconciliation, and how we too can commit ourselves to discipleship, prayer, community, and witness in alignment with God's call.

*The Preacher and the Presidents* Zondervan

Placing Billy Graham's life and ministry under the journalist's microscope, Poling examines the personal qualities and unchanging message that characterized the great evangelist.

**A Prophet with Honor** Harper Collins

A Choice Outstanding Academic Title, 2015 The first comprehensive history of modern American evangelicalism to appear in a generation, *American Apocalypse* shows how a group of radical Protestants, anticipating the end of the world, paradoxically transformed it. “The history Sutton assembles is rich, and the connections are startling.” —New Yorker “American Apocalypse relentlessly and impressively shows how evangelicals have interpreted almost every domestic or international crisis in relation to Christ’s return and his judgment upon the wicked...Sutton sees one of the most troubling aspects of evangelical influence in the spread of the apocalyptic outlook among Republican politicians with the rise of the Religious Right...American Apocalypse clearly shows just how popular evangelical apocalypticism has been and, during the Cold War, how the combination of odd belief and political power could produce a sleepless night or two.” —D. G. Hart, Wall Street Journal “American Apocalypse is the best history of American evangelicalism I’ve read in some time...If you want to understand why compromise has become a dirty word in the GOP today and how cultural politics is splitting the nation apart, *American Apocalypse* is an excellent place to start.” —Stephen Prothero, Bookforum

Black Panther Simon and Schuster

In the late 1970s, the New Christian Right emerged as a formidable political force, boldly announcing itself as a unified movement representing the views of a "moral majority." But that movement did not spring fully formed from its predecessors. American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade. Bringing together fresh research and innovative interpretations, this book demonstrates that evangelicals actually participated in broader American developments during

"the long 1960s," that the evangelical constituency was more diverse than often noted, and that the notion of right-wing evangelical politics as a backlash was a later creation serving the interests of both Republican-conservative alliances and their critics. Evangelicalism's involvement with—rather than its reaction against—the main social movements, public policy initiatives, and cultural transformations of the 1960s proved significant in its 1970s political ascendance. Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history.

**White Evangelical Racism** Harvard University Press

\* Winner of the 2017 National Book Critics Circle Award \* National Book Award Finalist \* Time magazine Top 10 Nonfiction Book of the Year \* New York Times Notable Book \* Publishers Weekly Best Books of 2017 This "epic history" (The Boston Globe) from Pulitzer Prize-winning historian Frances FitzGerald is the first to tell the powerful, dramatic story of the Evangelical movement in America—from the Puritan era to the 2016 election. "We have long needed a fair-minded overview of this vitally important religious sensibility, and FitzGerald has now provided it" (The New York Times Book Review). The evangelical movement began in the revivals of the eighteenth and nineteenth centuries, known in America as the Great Awakenings. A populist rebellion against the established churches, it became the dominant religious force in the country. During the nineteenth century white evangelicals split apart, first North versus South, and then, modernist versus fundamentalist. After World War II, Billy Graham attracted enormous crowds and tried to gather all Protestants under his big tent, but the civil rights movement and the social revolution of the sixties drove them apart again. By the 1980s Jerry Falwell and other southern televangelists, such as Pat Robertson, had formed the Christian right. Protesting abortion and gay rights, they led the South into the Republican Party, and for thirty-five years they were the sole voice of evangelicals to be heard nationally. Eventually a younger generation proposed a broader agenda of issues, such as climate change, gender equality, and immigration reform. Evangelicals now constitute twenty-five percent of the American population, but they are no longer monolithic in their politics. They range from Tea Party supporters to social reformers. Still, with the decline of religious faith generally, FitzGerald suggests that evangelical churches must embrace ethnic minorities if they are to survive. "A well-written, thought-provoking, and deeply researched history that is impressive for its scope and level of detail" (The Wall Street Journal). Her "brilliant book could not have been more timely, more well-researched, more well-written, or more necessary" (The American Scholar).

**Ruth and Billy Graham** Baker Books

The American political scene today is poisonously divided, and the vast majority of white evangelicals play a strikingly unified, powerful role in the disunion. These evangelicals raise a starkly consequential question for electoral politics: Why do they claim morality while supporting politicians who act immorally by most Christian measures? In this clear-eyed, hard-hitting chronicle of American religion and politics, Anthea Butler answers that racism is at the core of conservative evangelical activism and power. Butler reveals how evangelical racism, propelled by the benefits of whiteness, has since the nation's founding played a provocative role in severely fracturing the electorate. During the buildup to the Civil War, white evangelicals used scripture to defend slavery and nurture the Confederacy. During Reconstruction, they used it to deny the vote to newly emancipated blacks. In the twentieth century, they sided with segregationists in avidly opposing movements for racial equality and civil rights. Most recently, evangelicals supported the Tea Party, a Muslim ban, and border policies allowing family separation. White evangelicals today, cloaked in a vision of Christian patriarchy and nationhood, form a staunch voting bloc in support of white leadership. Evangelicalism's racial history festers, splits America, and needs a reckoning now.

**Stranger at the Gate** Oxford University Press, USA

These ancient Biblical prophecies answer your questions about race in America.

**The Legacy of Billy Graham: Critical Reflections on America's Greatest Evangelist** Wm. B. Eerdmans Publishing

The Penguin Classics Marvel Collection presents the origin stories, seminal tales, and characters of the Marvel Universe to explore Marvel's transformative and timeless influence on an entire genre of fantasy. A Penguin Classics Marvel Collection Edition Collects Fantastic Four #52-53 (1966); Jungle Action #6-21 (1973-1976). It is impossible to imagine American popular culture without Marvel Comics. For decades, Marvel has published groundbreaking visual narratives that sustain attention on multiple levels: as metaphors for the experience of difference and otherness; as

meditations on the fluid nature of identity; and as high-water marks in the artistic tradition of American cartooning, to name a few. The Black Panther is not just a super hero; as King T'Challa, he is also the monarch of the hidden African nation of Wakanda. Combining the strength and stealth of his namesake with a creative scientific intelligence, the Black Panther is an icon of Afro-futurist fantasy. This new anthology includes the Black Panther's 1966 origin tale and the entirety of the critically acclaimed "Panther's Rage" storyline from his 1970s solo series. A foreword by Nnedi Okorafor, a scholarly introduction and apparatus by Qiana J. Whitted, and a general series introduction by Ben Saunders offer further insight into the enduring significance of Black Panther and classic Marvel comics. The Penguin Classics black spine paperback features full-color art throughout.

**The Evangelicals** Harvard University Press

Two authors with broad experience in inner city life and ministry share eight practical and biblically-based principles that they believe will contribute to the healing of racial strife in America.

**Christians Against Christianity** University of Wisconsin Pres

Before he was a civil rights leader, the Rev. Martin Luther King, Jr., was a man of the church. His father was a pastor, and much of young Martin's time was spent in Baptist churches. He went on to seminary and received a Ph.D. in theology. In 1953, he took over leadership of Dexter Avenue Baptist Church in Atlanta. The church was his home. But, as he began working for civil rights, King became a fierce critic of the churches, both black and white. He railed against white Christian leaders who urged him to be patient in the struggle - or even opposed civil rights altogether. And, while the black church was the platform from which King launched the struggle for civil rights, he was deeply ambivalent toward the church as an institution, and saw it as in constant need of reform. In this book, Lewis Baldwin explores King's complex relationship with the Christian church, from his days growing up at Ebenezer Baptist, to his work as a pastor, to his battles with American churches over civil rights, to his vision for the global church. King, Baldwin argues, had a robust and multifaceted view of the nature and purpose of the church that serves as a model for the church in the 21st century.

**God and Mammon** Zondervan

A comprehensive, sympathetic but frank biography of the most influential American evangelist in the twentieth century, written on the basis of unprecedented access to the Billy Graham archives.

**The Leadership Secrets of Billy Graham** Good News Publishers

No one has preached the gospel to more people than evangelist Billy Graham. But behind this exceptional man is an equally exceptional woman who made his global ministry possible. Through her love, support, prayers, and personal ministry, Ruth helped shape the ten core values that have been foundational to the Grahams' ministry: · partnership · authenticity · humility · intimacy · focus · integrity · faith · global responsibility · empowerment · grace In light of these core values, personal friend of the Grahams and director for Campus Crusade for Christ International in Switzerland Hanspeter Nüesch describes both the life and ministry of Billy and Ruth. This deeply personal book illuminates the legacy the Grahams leave to couples doing ministry today and into the future, sharing stories and anecdotes from their life and times. Includes a foreword from Gigi Graham and more than one hundred photographs that capture the life of one of the most influential figures of the last century.

**My Answer** Westminster John Knox Press

A timely and galvanizing work that examines how right-wing evangelical Christians have veered from an admirable faith to a pernicious, destructive ideology. Today's right-wing Evangelical Christianity stands as the very antithesis of the message of Jesus Christ. In his new book, Christians Against Christianity, best-selling author and religious scholar Obery M. Hendricks Jr. challenges right-wing evangelicals on the terrain of their own religious claims, exposing the falsehoods, contradictions, and misuses of the Bible that are embedded in their rabid homophobia, their poorly veiled racism and demonizing of immigrants and Muslims, and their ungodly alliance with big business against the interests of American workers. He scathingly indicts the religious leaders who helped facilitate the rise of the notoriously unchristian Donald Trump, likening them to the "court jesters" and hypocritical priestly sycophants of bygone eras who unquestioningly supported their sovereigns' every act, no matter how hateful or destructive to those they were supposed to serve. In the wake of the deadly insurrectionist attack on the US Capitol, Christians Against Christianity is a clarion call to stand up to the hypocrisy of the evangelical Right, as well as a guide for Christians to return their faith to the life-affirming message that Jesus brought and died for. What Hendricks offers is a provocative diagnosis, an urgent warning that right-wing evangelicals' aspirations for Christian nationalist supremacy are a looming threat, not only to Christian decency but to democracy itself. What they offer to America is anything but good news.
