The Compass is a life transformation novel that will guide you on a journey of self-discovery. At the core of The Compass are specific lessons about belief systems and understanding who you really are in order to live out your destiny. Jonathan, the main character, escapes his suburban life after a tragedy that alters his plans for the future. Paralyzed by grief, he decides to journey across the globe in an effort to realign his inner compass. He sets off with just a backpack, leaving behind his career, friends, family, and home. His travels begin in the desert of Nevada, continue on to the pristine mountains of the Adirondacks, and then to a medieval village in Romania. At each destination, Jonathan encounters a pivotal person who offers a major life lesson, and he begins to realize that each individual was placed on his path for a reason. The Compass is a metaphor for the journey of our lives. In the tradition of the *The Alchemist*, The Compass provides readers with specific life lessons about authenticity, self-empowerment, and belief in their dreams. As humans we are all connected—by love, pain, and sometimes even by tragedies or events we cannot control. Each one of us travels a unique path, yet we are linked by experiences and emotions. In this connectedness, there is life.

Cuando los que escuchan hablan Oxford University Press
Synopsis: "Damned Beings. The Origin" is a coral novel which presents a gallery of supernatural characters in an urban, cruel and chaotic world. A tormented vampire, necromancers, demons and shapeshifters living together with prostitutes and all kinds of marginal beings. The monster within the monster. The villain inside the hero and the hero inside the villain in a story where nothing is what it seems, which delves into the perspective of the monster, in its fears and insecurities, in its defects and virtues. Greed, cruelty and violence; despair, loneliness and pain; and humor and sex as a means of escape. Welcome to a world of dark fantasy, where humor, mystery, tenderness, eroticism, magic, psychological terror and suspense mix together. Opinions:

"Original, different, intriguing... It is all tat and much more. Through its pages vampires, necromancers, demons parade, but they are not the typical charaters we would expect. They are deep characters, capable of the greatest tenderness and the biggest crimes, contradictory, sensitive, human" Gemma Gerrero, writer. "If you like the vampire, dark beings and magic genre, Damned Beings is your novel and, if not, you will be able to find a book full of very human feelings which will excite you," Ara. "It easily and intelligently drives the action long with the mystery in a novel starring vampires, necromancers, demons, among others, where nothing is at it seems and in which the hero and the villain can switch roles at any time. Splashed with love, fantasy, sex and humor, it is an agile and very nice novel." Pilar Camo. "Damned Beings is written with tremendous craftsmanship, the craftsmanship of professional writing which proposes a complex and different writing in an eroded world where nothing is as it seems." Red Literario Falsaria. "A whole exercise of overflowing imagination with an ending which leaves an open, implicit promise that the second part will be very exciting." Escritorio del buho Blog. "A book which charms through its good pace, which utilizes a simple language to build a plot based on a good labor of documentation. Crude, fun, sex, hate... a lot of ingredients which fascinate together. I found myself devouring the pages, like abducted by a plot and some characters from whom I needed to know more" Libros que voy leyendo Blog. "It presents a series of dark characters with sparks of humanity. With a contemporary language that does not become vulgar, with constant winks at movies, music and even TV shows currently present, historical characters, with a great sense of humor, Eba keeps the reader avid for more reading" La princesa ya se ve Blog. A book loaded with subliminal messages where very real situations are present, like: bullying, abuse, love, hate and revenge, so it makes you follow two possible readings: the easy and nice one or the one that, between the lines, shows you the society we live in. Rigorously documented and full of literary, musical and humorous brushes, it makes its reading addictive. Along with Dracula, it's one of the best I have read," Nuria. Every damned page of this story knows how to catch the interest of the reader," Juan Manuel. The second part of the saga, *Damned Beings. The Conversion*, is already available, both in paper and in digital version. The author is working, currently, on the third book of the saga.

Perfume Aguja Literaria

The Little Prince puts on his tie is a fable based on real events that tells the story of Pablo Príncipe, a young nonconformist and visionary, who, after returning from an epic trip through Madagascar, becomes the new person responsible for people and

values of the SAT consultant, a company marked by conflict, dissatisfaction and suffering. Through his innovative conceptions of self-knowledge and personal growth, he will lead the process of change and transformation of this company, developing the potential, talent and creativity of its employees. In parallel, it will inspire the managers to change its mindset, rediscovering what really matters: that the objective of companies is to create wealth, earning money as a result. «The whole world moves away when appears a man who knows where he is going» ANTOINE DE SAINT-EXUPÉRY

Mazurka for Two Dead Men HarperCollins

The basis for the new Peacock television series: The classic, in-depth account of the ancient Romans' obsession with the bloody and brutal gladiatorial games. "If you can imagine a superior American sports writer suddenly being transported back in time to cover the ancient Roman games, you will have some idea of the flavor and zest of [Those About to Die]," said the Los Angeles Times about Daniel P. Mannix's century-by-century—and nearly moment-by-moment—narrative of the Roman Empire's national institution. Putting the games in the context of Rome's rise and dramatic fall, Mannix captures all the history, planning, and savage pageantry that went into creating the first spectator sports. The games began in 238 BC as nearly county fair-like entertainment, with trick riding, acrobats, trained animals, chariot racing, and athletic events. The contests then evolved into slave fights thanks to wealthy patricians Marcus and Decimus Brutus, who wanted to give their father an unforgettable funeral by reviving an old tradition. What the brothers wrought, Rome devoured, demanding even greater violence to satisfy the bloodlust of the crowd. Architectural wonders in themselves, massive arenas like Circus Maximus and the Colosseum were built, able to host sea battle reenactments on actual water. Successful gladiators found fame, fortune—and freedom. But as Rome began to fall in the fifth century, so did the games, devolving into nothing more than pointless massacres. In the end, millions of humans and animals were sacrificed in barbaric displays. What were once ceremonies given in honor of gods met an inglorious fate, yet they still captivate the imagination of people today.

Personas altamente sensibles Open Road Media

A los 14 años, con la lectura de Análisis profano de Freud, se produce un quiebre en la vida de María Esther Gilio: "Después de haber pasado mi primera infancia diciendo 'quiero ser médica de locos', después de ver un film de Claudette Colbert en que ésta, con todo su encanto francés, convertía a locos furiosos en santos de estampita, quise ser psicoanalista". Este es el testimonio de alguien que sospecha que hablar de uno mismo en el pasado es como hablar de otra persona, y que el presente surge permanentemente como un espejo que no siempre queremos enfrentar de manera directa ("Llegamos a hoy. Y yo no quiero escribir sobre mí misma"). Como si la conversación con quienes compartimos preciados intereses mostrara nuestra identidad más genuina, la autora -abogada, escritora, biógrafa y periodista- nos habla de experiencias de vida a través de una serie de entrevistas. Aparecen aquí algunos de los más importantes y prestigiosos psicoanalistas contemporáneos: Jean Laplanche, Jacques Alain Miller, Emilio Rodrigué, Elisabeth Roudinesco, Benzión Winograd, Silvia Bleichmar, Janine Altounian, Lito Benvenuti, Mordechai Benyakar, César Botella, Françoise Davoine, Jean-Max Gaudilliere, Daniel Gil, Max Hernández, Philippe Jeammet, François Marty, Paul Roazen y Teresa Yuan. De manera paulatina, el lector encontrará en estas páginas una impresión de coherencia ética y profesional en el tratamiento de temas que le dan sentido a aquel primer deseo, y que revelan que "nuestras decisiones siempre están estrechamente unidas a lo que imaginamos".

Those About to Die Libros del Zorzal

The revolutionary "Red Book" that helped a generation work smarter, better, and faster—now expanded and updated with new stories, new ideas, and new methods to radically improve the way you and your company deliver results If you've ever been startled by how fast the world is changing, the Scrum framework is one of the reasons why. Productivity gains in workflow of as much as 1,200 percent have been recorded, and there's no more lucid—or compelling—explainer of Scrum and its bright promise than Jeff Sutherland. The thorny problem that Sutherland began tackling back then boils down to this: People are spectacularly bad at doing things with agility and efficiency. Best-laid plans go up in smoke. Teams often work at cross-purposes to one another. And when the pressure rises, unhappiness soars. Woven with insights from martial arts, judicial decision making, advanced aerial combat, robotics, and Sutherland's experience as a West Point-educated fighter pilot, a biometrics expert, a medical

researcher, an early innovator of ATM technology, and a C-level executive at eleven different technology companies, this book will take you to Scrum's front lines, where Sutherland's system has brought the FBI into the twenty-first century, helped support John Deere's supply chain amid a global pandemic and supply chain shortage, reduced poverty in the Third World, and even planned weddings and accomplished weekend chores. The way we work has changed dramatically since Sutherland first introduced Scrum a decade ago. This urgent update shares new insights and provides new tools to take advantage of the radical productivity that Scrum delivers. Sutherland will show you how to optimize working with artificial intelligence and share the latest cognitive science research on culture, psychological safety, diversity, and happiness, and how these factors drive performance, innovation, and overall organizational health. This new edition contains a decade of lessons learned. Whether it's ten years ago, now, or ten years into the future, the Scrum framework is guaranteed to help you deliver results. But the most important reason to read this book is that it may just help you achieve what others consider unachievable.

Calibrando la brújula interior Ediciones Urano

The answer to all questions about ageing and nutrition. When science journalist Bas Kast collapsed with chest pains when he was only 40, he was faced with an existential question: had he ruined his health with junk food? He decided to radically change his eating habits in order to heal himself. But what is really good for you? This was the beginning of a journey of discovery into the latest research into ageing and nutrition — and it lasted several years. What do people with a particularly long life span eat? How can you lose weight efficiently? Are afflictions typical of old age avoidable? Can you 'eat yourself young' with certain foods? Much of what we think is healthy can even be harmful. Bas Kast has filtered out from thousands of sometimes contradictory studies scientifically founded findings about what really makes for healthy eating.

The Scandal of the Century Princeton University Press

Shows readers how to clarify their personal values, resolve internal conflicts, master emotions, and overcome debilitating habits.

MAYANS AND INNER KNOWING French & European Publications

All five novels in the bestselling, blockbuster Percy Jackson series, collected in one stunning digital edition. I was just a normal kid, going to school, playing basketball, skateboarding. The usual. Until I accidentally vaporized my maths teacher. 'Look, I didn't want to be a Half-Blood. I never asked to be the son of a Greek God.' Percy Jackson: The Complete Series includes all five novels in the action-packed, electrifying series from Rick Riordan: The Lightning Thief, The Sea of Monsters, The Titan's Curse, The Battle of the Labyrinth, and The Last Olympian. Now I spend my time battling monsters and generally trying to stay alive. Angry Gods. Cannibal Giants. Ancient Labyrinths. Untold Evils. It's not easy being a demigod. Rick Riordan has now sold an incredible 55 million copies of his books worldwide The Percy Jackson series has sold over 1.25 million copies in the UK alone

La brújula interior es un libro original, sorprendente y por encima de todo distinto: un nuevo paradigma para entendernos a nosotros mismos y a los demás. A través de una serie de cartas divertidas, apasionantes y lúcidas, se abre a los ojos del lector una nueva perspectiva para entender la vida, para desarrollar la creatividad, para comprender mejor lo que significa una existencia autónoma y feliz. Los términos "misión," "meta," "objetivos," "posicionamiento" forman parte del trabajo habitual de un ejecutivo o directivo. Pero curiosamente estas palabras rara vez son utilizadas para la definición de una misión en la propia vida, de un posicionamiento personal o de unos objetivos que lleven a la propia realización. La brújula interior nos invita a reflexionar sobre estos temas, y nos brinda las herramientas para hacerlo, y lo que es más importante, nos ofrece un método para que recobremos algo que nunca debimos haber perdido: ser los directores de nuestra propia vida.

The Diet Compass Scribe Publications

Gabriel Garcia Marquez is a gifted writer, and nowhere does he write with the fervor that he does in "One Hundred Years of Solitude," a pleasurable ride unmatched in modern literature.

Good Luck St. Martin's Griffin

The European Parliament in the Contested Union provides a systematic assessment of the real influence of the European Parliament (EP) in policy-making. Ten years after the coming into force of the Treaty of Lisbon, which significantly empowered Europe's only directly elected institution, the contributions collected in this volume analyse whether, and under what conditions, the EP has been able to use its new powers and shape

decisions. Going beyond formal or normative descriptions of the EP's powers, this book provides an up-to-date and timely empirical assessment of the role of the EP in the European Union, focusing on key cases such as the reforms of the EU's economic governance and asylum policy, the Brexit negotiations and the budget. The book challenges and qualifies the conventional view that the EP has become more influential after Lisbon. It shows that the influence of the EP is conditional on the salience of the negotiated policy for the Member States. When EU legislation touches upon 'core state powers', as well as when national financial resources are at stake, the role of the EP – notwithstanding its formal powers – is more constrained and its influence more limited. This book provides fresh light on the impact of the EP and its role in a more contested and politicised European Union. Bringing together an international team of top scholars in the field and analysing a wealth of new evidence, *The European Parliament in the Contested Union* challenges conventional explanations on the role of the EP, tracking down empirically its impact on key policies and processes. It will be of great interest to scholars of the European Union, European politics and policy-making. The chapters were originally published as a special issue of the *Journal of European Integration*.

The Knight in Rusty Armor is a 1987 novella by Robert Fisher. It tells the tale of a knight obsessed with being a knight, so much so that he spends all his time in his armor and completely alienates his family. One day, he discovers that he cannot take his armor off, not even able to lift his visor for meals. He learns that the wizard Merlin may be able to help him, so he sets out to find him. *La Brújula Interior* Createspace Independent Publishing Platform "With its gentle affirmations, inspirational quotes, fill-in-the-blank lists and tasks — write yourself a thank-you letter, describe

yourself at 80, for example — *The Artist's Way* proposes an egalitarian view of creativity: Everyone's got it."—The New York Times "Morning Pages have become a household name, a shorthand for unlocking your creative potential"—Vogue Over four million copies sold! Since its first publication, *The Artist's Way* phenomena has inspired the genius of Elizabeth Gilbert and millions of readers to embark on a creative journey and find a deeper connection to process and purpose. Julia Cameron's novel approach guides readers in uncovering problem areas and pressure points that may be restricting their creative flow and offers techniques to free up any areas where they might be stuck, opening up opportunities for self-growth and self-discovery. The program begins with Cameron's most vital tools for creative recovery – *The Morning Pages*, a daily writing ritual of three pages of stream-of-consciousness, and *The Artist Date*, a dedicated block of time to nurture your inner artist. From there, she shares hundreds of exercises, activities, and prompts to help readers thoroughly explore each chapter. She also offers guidance on starting a "Creative Cluster" of fellow artists who will support you in your creative endeavors. A revolutionary program for personal renewal, *The Artist's Way* will help get you back on track, rediscover your passions, and take the steps you need to change your life.

Devil in the Mountain Simon and Schuster

From the authors of international best-selling marriage book *The Love Dare* comes *The Love Dare for Parents*, a 40-day journey of "dares" challenging one or both parents to understand, practice, and communicate Christ-like love to their children. Easy to read and work into a busy schedule, *The Love Dare for Parents* is designed to "turn the hearts of parents to their children and turn the hearts of children to their parents" (Malachi 4:6) so that moms and dads can more fully enjoy and delight in their children while maximizing the positive impact they have on their lives long term. Each day brings a promising key verse from Scripture, a biblical principle about love that applies to parenting, a specific challenge the parent does for the sake of their child, and space to journal thoughts and reflect on what happened that day. *The Love Dare for Parents* even includes access to a FREE online parenting assessment, helpfully keyed to select material in the book. Parents, take the dare!

Your Inner Critic Is a Big Jerk Plataforma

A New York Times Best Book of the Year Nobel Prize Laureate Mazurka for Two Dead Men, the culmination of Camilo José Cela's literary art, opens in 1936 at the beginning of the Spanish Civil

War: Lionheart Gamuzo is savagely murdered. In 1939, as the war ends, his brother avenges his death. For both deaths, the blind accordion player Gaudencio plays the same mazurka. Set in backward rural Galicia, Cela's excellent novel portrays a reign of fools, and works like contrapuntal music, its themes calling and responding, alternately brutal, melancholy, funny, lyrical, and coarse.

Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Seven Lies EDAF

John Paul Lederach's work in the field of conciliation and mediation is internationally recognized. He has provided consultation, training and direct mediation in a range of situations from the Miskito/Sandinista conflict in Nicaragua to Somalia, Northern Ireland, Tajikistan, and the Philippines. His influential 1997 book *Building Peace* has become a classic in the discipline. In this book, Lederach poses the question, "How do we transcend the cycles of violence that bewitch our human community while still living in them?" Peacebuilding, in his view, is both a learned skill and an art. Finding this art, he says, requires a worldview shift. Conflict professionals must envision their work as a creative act—an exercise of what Lederach terms the "moral imagination." This imagination must, however, emerge from and speak to the hard realities of human affairs. The peacebuilder must have one foot in what is and one foot beyond what exists. The book is organized around four guiding stories that point to the moral imagination but are incomplete. Lederach seeks to understand what happened in these individual cases and how they are relevant to large-scale change. His purpose is not to propose a grand new theory. Instead he wishes to stay close to the "messiness" of real processes and change, and to recognize the serendipitous nature of the discoveries and insights that emerge along the way. overwhelmed the equally important creative process. Like most professional peacemakers, Lederach sees his work as a religious vocation. Lederach meditates on his own calling and on the spirituality that moves ordinary people to reject violence and seek reconciliation. Drawing on his twenty-five years of experience in the field he explores the evolution of his understanding of peacebuilding and points the way toward the future of the art."
