Congratulations on purchasing such a great book. A good quality book will help you throughout your life. You may find many books for keyboard learning online, but you will probably never find a complete book like this one that will teach you everything from beginning to end. By just following this book without a teacher, you will get a full sense of how to play the keyboard. The book's chapters have been researched so that you can get started easily as a newbie. The book is structured into 8 chapters, and you will learn step by step by yourself, which will save you time and money. Each important section has the necessary pictures that will help you a lot to learn difficult topics easily. Chapter one discusses all keyboards, such as the keyboard keys, their types, and benefits. Keyboard keys and famous keyboard brands have been discussed in this chapter, as well. Going through this chapter, you'll come to know all the basics regarding the keyboards and its elements. The second chapter focuses on how you can get started. Once you complete chapter one thoroughly, you can accelerate your journey from chapter two. Then learn all about the musical theory in Chapter three. Chapter four introduces ideas on the musical sheet itself and how it actually works. Chapters 5 and 6 are the

most important. These two chapters discuss the two main components of keyboard learning in detail- scales and chords. Chapter five is practical and when it's time to get started practicing. Chapter seven discusses the higher concept so that a newbie can learn full-fledged keyboard lessons. In addition, some guidelines and tips are given so that one can quickly learn to play the keyboard effectively. Finally, this book will guide you like a hands-on tutor to teach you keyboard lessons from A to Z and from beginner to advanced level.

A Piano Lessons Beginners Guide for Children & Adults. This Kindle book is suitable for children and adults who are about to start piano, keyboard or organ lessons. This book is aimed specifically at beginners who want to learn to play a keyboard instrument, this can be piano, electronic keyboard and electric organ. I actually wrote this book for myself to use as a resource when I teach new students how to play the piano. Since every piano

keyboard player has had to learn what's in this book, it made sense to create a book that's easy to follow and can easily be shared. This learn to play piano book should be used before you buy a course book, in fact it should be the first book you go to before you start to play the piano. All keyboard players know this information, all piano teachers will teach you the information in this book before giving you sheet music to play. This is not a learn to play in 24 hours book, its not for advanced players, there's no secrets in this book, the info in this book is freely available if you want to search for it. I like to call the info in this piano book "essential information" for students who know nothing about music theory and playing the piano. Here's what's in this book: 01 Note names on the keyboard In this section you will learn all the white notes on a keyboard 02 The staff Here we show what the staff looks like and what symbols you can expect to see in lesson 1. 03 Notes on the staff Here you will learn what the notes are called on the staff. 04 Middle C Here you will find where middle C is on the staff and the keyboard 05 Note values Discover music notes used in lesson 1 with different beat values 06 Hand position Hand shape and position on the keyboard. 07 5 finger exercise This is your first exercise to get those fingers working. 08 Read the notes you are playing Here you will read the notes in the 5-finger exercise. 09 Finger numbers Learn what each fingers number is. 10 Play your first piece of music Here you will play your first piece of music with your right hand Piano teachers can use this book as a teaching aid for new students. Beginners can use this if they want to have a go themselves. I have used the methods outlined in this book for over thirty years teaching my own new students. My name is Michael Shaw, I hope you find this book useful, Good luck with your music

Now you can master Bach's most beautiful prelude—even if you've never sat down at a piano before! Do you have a piano (or keyboard) and forty-five spare minutes every day? Then spend the next six weeks with acclaimed concert pianist James Rhodes. By the end, you'll be able to perform Bach's Prelude No. 1 in C major—no prior musical experience required! Rhodes reveals How to Play the Piano step by step—how to read the treble and bass clefs as well as sharp and flat notes, and then how to practice—before teaching the Prelude in easy, bite-size segments. His method is free of tedious drills, and filled with inspiration: "If listening to music is soothing for the soul, then playing music is achieving enlightenment." Before you know it, not only will you have learned how to play one of Bach's most beloved masterpieces—you also will have unleashed your creativity, exercising your mind (and fingers) and accomplishing something you never thought possible. Bravo! Includes four instructional videos supported by select e-reader devices.
